

THE TIME FOR SUBSCRIBER CONTESTANTS EVERY WAY

and Contestants, at more than you would pay for the paper anyway. Five-year subscriptions help the most. In fact, a very few subscriptions separate the ones furthest down in the list from the leaders. One or two such subscriptions may prove to be the deciding votes, as to who win the big prizes.

The next two days, subscriptions will count for almost double the number of votes that they will the final week of the contest.

This is the last chance candidates have to secure big votes. For this reason the winning votes for the big prizes, as well as the smaller prizes can be and may be gotten during this period.

SECOND PAYMENTS
New second payments on sub-

scriptions given early in the contest will count, for the extension, on the basis of the regular period vote schedule.

SECOND PAYMENTS COUNT BIG
Go to those who have already subscribed in the early stages and get them to extend their subscription another year and benefit by the "extension vote privilege."

"Tis the coward who quits to Misfortune,
"Tis the knave who changes each day,
"Tis the fool who starts like a whirlwind,
Then throws all his chances away.

The time to succeed is when others, Discouraged, show traces of fire,
The battle is fought on the home stretch
And won't wait the flag and the wire!

over transcontinental highways via Arizona's desert wastes. Enroute the Arabs were feted by nobles of a hundred western cities.

100,000 By Tomorrow
By Monday morning it is estimated 100,000 wearers of the fez and silks will have reached the 1925 mecca of shrinedom. Another 100,000 were scheduled to arrive before Tuesday morning when the imperial council of the ancient and mystic order will be officially called into session.

The delegations descended on the movie capital with the usual pomp and splendor, their bands and patrols proclaiming their arrival.

The city was festooned with shrine banners and bunting, local business men having expended ap-

proximately \$500,000 to "dress up" all main thoroughfares.

Gigantic Pageant
Stupendous features and stunts to outdo in lavishness any previous shrine carnival have been planned by the California hosts to the visitors. A \$1,000,000 motion picture electrical pageant will be one of the high lights of the week's festival of fun. Harold Lloyd, film comedian, will be grand marshal, assisted by Norma Talmadge the screen star.

Irene Rich, film actress, as "queen" of the conclave will lead the cinema procession, followed by a long line of floats from the movie studios, brilliantly illuminated by huge portable generating plants.

A street dance on a main downtown thoroughfare inaugurated the carnival of fun tonight. Shrine bands provided the music, and thousands of couples tripped the pavement to the strains of snappy jazz tunes.
