The Answer to the Question Does Advertising in The Klamath News Bring Results?

Klamath News Publishing Co., Klamath Falls, Oregon. Gentlemen: While our shoe sale is at its height, we wish to take this opportunity to express our keen satisfaction with the results of our advertising campaign carried exclusively in the Klamath News. As a result of the advertisement placed in last Saturday's paper we were unable to seat or to take care of the crowd that came to our store to buy shoes. While we appreciate the fact that we are giving to the public genuine bargains, we feel, nevertheless, that our advertising carried in your paper has materially aided in making this sale the most successful sale we have had for some time. Yours very truly, HOUSTON & JESTER, (G. W. Houston)

The above Letter from a prominent Klamath Falls Merchant leaves no room for doubt as to the pulling power of The Klamath News.

'Buckshot Bill', Adirondack Guide, Has New Experience Indian Lake, N. Y.: William 'Buckshot' Sanders, well known to thousands of Adirondack visitors, is a remarkably interesting interview in the press. For a number of years he was a Western cowboy, and had taken part in rodeos, riding, lassoing, wrestling, etc. During the twenty years, he has been a guide in the Adirondack Mountains and claims some of the most prominent people of the Eastern States as his friends. He says, without boasting, that everyone who claims to know 'Buckshot Bill' Sanders, the Indian guide makes this claim with pride to have been associated with him. Telling of his unusual experience he said: "I want to publicly acknowledge the wonderful good tonic I have received from Kath. I am a man over sixty years old and up until recently have been failing rapidly. I had lost all interest in life and its pleasures, until I commenced to take the Kath Combined Treatment, after which I started to pick up and enjoy life's pleasures, and take a new interest in my surroundings. "Kath certainly made a new man of me to the extent that I now feel and enjoy the pleasures of a man thirty years of age. All my friends have remarked how much younger I look and how active I am for a man of my age. "Anything that may be said for Kath, the gland tonic, will surely meet with my approval. I feel very grateful for what it has done for me. "I wish the makers of this wonderful discovery every success in calling to the attention of others, the virtues of Kath, the gland tonic."
