

FRANK MURPHY AND FIRPO GORMAN RARING TO MIX IT IN RING TONIGHT

Murphy Appears Favorite But Gorman Declares Seeing Is Believing—Murphy Expects Hard Battle And Has Been Training For It

Boxing, swimming, pitching hay and road work has put Frankie Murphy in fine trim for his 10 round wind-up event with Jim Gorman tonight at Wlul-Kse. The New Orleans "speed ball" says he is fit and that he is going in to finish Gorman as soon as he can get to him and the fans who have seen Murphy work are of the opinion that he will polish Jim off in short order.

Gorman has been working here at the Scandinavian hall and is ready for the gook. Gorman is a glutton for punishment and can assimilate plenty of heavy socks. He is a massive fellow, and thoroughly game. Jim is of the opinion that he can take all that Frankie can send. Gorman said last night to a News reporter:

"Murphy can hit from many angles and I am figuring on him being in the best of condition. I am not making any prediction but I am in better condition than when I met Olson here. I have a longer reach than Frankie and I figure that he can be hit. At any rate it takes two to make a fight and I will be in there to do my best."

The Coffman gym semi-final event ought to be a pleaser to the fans. Jack is out to redeem the setback he received at the hands of Joe in their previous meeting. The young buckaroo has worked hard for this go.

Coffman is none the worse for his experience Wednesday, when he was seized with cramps while swimming in Agency lake. Joe is not far from fighting trim at any time but he has not overlooked anything in his training for Crim. Coffman is an improved boy since his ar-

rival in Klamath Falls and has many admirers here.

The card promises to furnish plenty of stuff for the fans to get "hot up" over. Hynes Myers and Wilbur Harrington in the special event are a couple of young scrappers who carry a k.o., and the unlooked for may happen. This is their second meeting. Myers won the previous fusa.

Jimmy Sullivan and Joe Walters are in the curtain raiser. Sullivan is a light heavyweight and has done his training at Wlul-Kse. He is well known in logging camps in this vicinity. Reports from the training camp say Sullivan is in good shape and will give Joe a good argument. Walters did his training here.

The fight card will be put on at popular prices ranging from general admission \$1.00 to \$1.65 ringside seats.

There will be free dancing at the pavilion after the boxing program.

The Indian auto races start today. Two Fontenic cars arrived from Portland Wednesday, one Deussenberg having previously arrived. The races will be held on a half mile dirt track.

Capt. French has located his airplane hangar adjoining the Indian convention site.

LOCAL ELKS TO GO TO PORTLAND

C. S. Currin, exalted ruler of the Klamath lodge of Elks is sending out an important questionnaire to lodge members here to ascertain how many Klamath Elks will make the trip to Portland to the National convention, the second week in July.

According to Currin it is important that advance arrangements be made in Portland since hotel accommodations there during the convention are practically out of the question. Every one of the rooms in the largest hotels are already signed up, according to reports and space in the public auto camps are also completely used up.

It is possible that the local delegation may arrange pullman and diner accommodations on the Southern Pacific. The pullman cars to be parked well within the center of the city, enabling the local Bills to grab off whatever little sleep they find absolutely necessary on the pullman cars.

KLAMATH NEWS TOURING PARTY IS ORGANIZED

Feeling that numerous residents of Klamath Falls and vicinity, have never visited many of the interesting and beautiful spots which abound in this section, the Klamath News has completed arrangements to conduct a series of expeditions to be known as The News Sociability Tours. A different trip has been planned for each Sunday, the caravan to be led by the News pilot car.

The first tour will be made Sunday, June 28, with the famous Lava Caves as the objective. It will be a drive of about 100 miles and will include many points of historical interest.

A stop will be made at Bloody Point, the scene of many massacres, and an opportunity will be given to inspect the Indian hieroglyphics, which are reputed to be over 8,000 years old.

The return will be made via the ice caves and volcano chimneys. Everyone interested is invited to take advantage of these tours. Tourists will be especially welcome.

Cars will assemble at the News office and the start will be made from that point promptly at 9 a. m. It will be necessary to bring lunches and a canteen of water.

The pilot car for this tour will be a Chrysler from the Howie Motor company.

Further details, possibly some very interesting ones, will be given in Saturday's Klamath News.

\$1,000 PURSE FOR AUTO RACES HERE

Fast cars arrived here yesterday for Wlul-Kse races to start today. Some of the fastest cars such as Fred Covendar of Silverton, with a Roof Special No. 3, Thore Fencide in a Templar Special, which is one of the fastest half mile dirt track cars in the state, Pelican Special No. 9, Winama Special No. 8, Fonteneau Special and Dodge Special are already at Wlul-Kse.

Such drivers as Earnest Smith, Ira Cook, George Lott, Art Haskins and Clyde Deal, will assure the crowd plenty of thrills. The track was turned last night by the Templar in 35 seconds. The Wlul-Kse track is in good condition. The main stretch being damp at all times, due to moisture from the lake. A special purse of \$1,000 has been raised for Sunday's races.

PITTSBURGH NOW ONLY HALF GAME FROM GIANTS IN NATIONAL RACE

Coveleskie, Released By Tris Speaker Because He Was Too Old To Pitch Big League Ball, Shuts Out Yanks; Tigers Advance

PITTSBURGH, June 25.—(United News)—The Jack-rabbit ball was in hobbits Thursday. There were five games of ball in the two major leagues and the total of runs scored was only 27. The White Sox leading the lot of them with seven runs scored over the Indians in Chicago. On a recent day the athletes in one inning scored as many runs as eight of the teams in Thursday's games amassed together, 13.

Rain kept the national league athletes indoors and out of uniform in three cities, leaving only one game in the league. The Pirates took that one from the Cardinals.

In St. Louis, 4 to 3 and found themselves only half a game behind the Giants, who were to have played the Dodgers in New York but couldn't.

In the American league the Athletics jogged right along, winning from the Red Sox again 3 to 2. The Senators shut out the Yanks in Washington 1 to 0. Stanley Coveleskie, whom Tris Speaker of the Indians deemed too old to be of further use this year, pitched for Washington, giving only four hits.

The Tigers beat the Browns, 3 to 2 and advanced to fourth place, displacing George Sisler's team.

RAINBOW TROUT BARBECUE SUNDAY AT SPORTSMEN'S ASS'N BIG PICNIC

The greatest barbecue of rainbow trout in the history of Klamath county is scheduled for next Sunday afternoon at 2 o'clock at the Crooked creek trout hatchery, a short distance above Klamath Agency, when several hundred members of the Klamath Sportsmen's association are expected to gather in the beautiful natural park there to do their stuff in the way of consuming big trout just jerked out of ice water and cooked to a turn by four of the best chefs who ever swabbed a griddle.

The Sportsmen are particularly fortunate in as much as they have four members who hold union cards as master mechanics in the art of stoking a cook stove and making the said stove turn out superlative culinary results. The cooks have all agreed to be there and Judge Short guarantees all the trout that the great occasion requires. The trout are to be caught out of the waters of Wood river near by, and local people familiar with Wood river say those waters are the coldest, clearest, and most ideal for big hard trout in the whole country.

Men, women and kids are all invited to the Sportsmen's picnic Sunday, a membership card in the association admitting the bearer to take part in the big dinner. Those without cards are wanted just as bad, as their meal will cost them a dollar which will also stand for a new paid-up membership. The Sportsmen's association want 500 members in Klamath county and they intend to get them.
