Dear Housewife:

Of course you viewed the Rodeo yesterday. If you didn't, you will see it today or tomorrow.

Wouldn't it be heavenly to go home and find your dinner cooked? To have a well-cooked meal to sit down to?

Servants are scarce! But a Westinghouse Full Automatic Range takes the place of a cook in your home, and will be installed for a small sum.

Yours truly,

Bill Butler

Representative.

Save Carbon-Attacks

—a form of Motor-Indigestion

Your motor is not unlike the human organism. It must be kept nourished and clean. And oils, like foods, are not to be judged by their price.

Aristo Motor Oil, for example, is the finest lubricant capable of production. It compares to advantage with eastern oils selling at almost twice its price. Yet this is easy to understand.

Aristo is not under the handicap of heavy freight costs from the east. It benefits, too, by volume production. And it comes from refineries which are unrivaled in equipment the world over.

Aristo is a quality product. It combats the formation of carbon. And, as has been said, it is a lubricant without a peer.

You will save with Aristo at the beginning. But your greatest saving will be in the end. Your motor will testify as to its economy.

Sold at Union Oil service stations, and at independent dealers of the first class everywhere.
