MUNGER SERVICE for Klamath Falls

THE MUNGER SERVICE LAUNDRIES, INC., WILL BRING TO KLAMATH FALLS A HIGH GRADE, HIGH CLASS LAUNDRY SERVICE EQUAL TO THAT OBTAINABLE IN THE LARGEST CITIES. OUR PLANS CALL FOR THE ERECTION OF A MOD-ERN, FIREPROOF DAY-LIGHT BUILDING EQUIPPED WITH THE VERY LATEST UP-TO-THE-MINUTE LAUNDRY MACHINERY.

When you pay for having clothes laundered you pay for a Service and you are entitled to the best. THE NAME MUNGER STANDS FOR THE BEST IN LAUN-DRY SERVICE. MUNGER have been leaders in this industry for the past SIXTY YEARS. George Munger Sr. pioneered the laundry business in the middlewest when he built a laundry in Chicago sixty years ago, which resulted in the establish-ment of The Munger Laundry Co. of Chicago which operates a chain of laundries in the middlewestern states today.

George M. Munger Jr., President of the MUNGER SERVICE LAUNDRIES, INC. of OREGON, like his father, has made the laundry business his life work and in establishing the Munger Service in the Northwest makes it possible for the people of this section of the country to have the best in LAUNDRY SERVICE.

Soundness of Laundry Business

The Laundry business is recognized in every section of the country as one of the most needed and soundest of Service industries. Like the railroads, telegraph, tele- phone, automobile, and banking business,ss, etc., the Laundry business is a needed Service and the demand for a high class laundry service is growing every day.

The Chain idea of operating and conducting big business has proven successful and very profitable in practically every line of business. To appreciate the success of the chain idea one only has to look at the records of the Five and Ten Cent Stores, the Five Cent to One Dollar Stores, chain restaurants, chain hotels, chain cigar stores, chain drug stores, coffee and tea houses, auto supplies, banks, and theatres, etc. In the laundry industry there are numerous chains of laundries that have proven very successful and highly profitable. The Southern Service Company of California is an outstanding example of what is possible in the laundry field, having started bus-iness ten years ago, today is operating, successfully and profitably a large chain of laundries with a capitalization of Five Million Dollars.

In establishing a link of the chain in Klamath Falls, we have every confidence in the future development of this city and country and are further confident that the people will appreciate the Service that we will be able to render with an up-to-date modern plant and an accurate knowledge of the laundry industry.

We want the people of Klamath Falls to have the opportunity to participate in the earnings of this profitable business. We offer a limited amount of the Munger Ser-vice Laundries, Inc. securities. Let us tell you how it is possible for you to earn five dollars for every dollar invested in from three to five years. This is worthy of your immediate investigation. Send the coupon for full information.

ELECTRIC COOKING —less watching

The roast, for instance—first a quick searing to seal in the savory juices, and then a slow cooking heat as in a fireless cooker. That's in the oven.

But over here, something is simmering gently in a saucepan. Another pan is bub- bing vigorously at the lid. Tomorrow morning's prunes are stewing leisurely between whiles.

Dinner is being prepared—and it must be watched, too. For each different dish requires a different method, a different heat. One fire will not do for all.

That's one reason why electric ranges, with their instantly regulated and easily controlled cooking temperatures, from a sizzling, searing heat in one place to a just-keep-it-alive glow in another, are so favored by good cooks. Electricity makes good cookery better, and easier.

And that, plus the surprising economy* of electrical cooking, is a reason why nearly one thousand eight hundred kitchens in the territory served by this company are now fuel-less and ash-less. Nearly one thousand eight hundred electric ranges have made them so.

Ask your nearest dealer to show you several models. Convenient payments, if you like.

*The actual average cost of current for electric cooking and lighting, together, in homes in this neighbor- hood, is \$5.62 a month.
