

## FEDERAL MAN TO EXAMINE CATTLE

On or about August 1st, a U. S. Veterinary Inspector will be assigned to Klamath county to test dairy and beef cattle for tuberculosis. This work will be done only upon owners' request. Where a test is desired all cattle on the ranch are included, as government inspectors are not permitted to test a few animals only out of a herd.

New regulations by the State Livestock Sanitary board require that all cattle exhibited at any fairs in Oregon must be tested by an accredited veterinarian within six months of fair date.

All requests for testing should be made at once to the county agent's office, so that final arrangements can be made and a definite date set for starting the work. There is no charge for this work but owners must have their cattle up on the date notified, to prevent loss of time and unnecessary delay on the part of the inspector.

## Priscilla Dean Has Queer Marriage Idea

HOLLYWOOD, Calif., July 8.—Priscilla Dean, the movie star denied Wednesday that she and her husband, Wheeler Oakman were contemplating a divorce. "It is just a friendly separation," she explained.

"You see I make more money than Mr. Oakman," Miss Dean said, "and he wanted to go to New York to make good. He's there now and I guess he's doing pretty well without me."

"There will be no divorce at least there is none in prospect now. Mr. Oakman and I are happier apart and just agreed to live that way. We exchange an occasional letter and are on friendly terms."

## South American City Destitute After Fire

BOGOTA, Colombia, July 8.—(United News)—The condition of many of the refugees from the fire-razed city of Manizales, is described as desperate by Red Cross workers there.

The Colombian Red Cross has wired the American Red Cross, accepting its offer of assistance, and desires it to be known that all the outside help obtainable can be used.

About fifty persons died in the fire, which swept the city last week, and the thousands of survivors were compelled to flee to the country, leaving most of their possessions behind them.

A circulation covering the city of Klamath Falls and the county of Klamath—that's the Klamath News.

## Be sure of your furnace!

Your comfort—even your health—depends on the kind of heat you obtain from your furnace. That kind of heat depends on the construction of your furnace and the skill with which it is installed in your home. Health requires an abundant circulation of warm moist heat! Not just heated air. Comfort requires adequate heat at minimum expense and effort.

## STARBOARDER LEAVES FRIEND \$5,000

**SAN FRANCISCO, July 8.**—(United News)—For ten years Andrew Solander was Mrs. Varina Solomon's "star boarder." As Mrs. Solomon herself said, she liked to have the man around because he seemed "so sort of helpless."

The woman was called into superior court Tuesday and was told that Solander at his death recently, had left her his estate, worth approximately \$5,000.

"Why I didn't think he had a cent in the world," the little widow exclaimed. "I can pay off the mortgage now."
