50,000 HOTEL TO BE BUILT HERE

Levens Asks K. F. Cooperate In Enforcement

Phi Chief Calls Meeting of All Local Authorities, Asking Co-operation; Meeting May Be Held; Conditions Here Deplorable, Levens Says.

ing of prohibition law violations as well as vice in Klamath Falls appears to be not far in the off- with W. S. Levens, chief of Oregon state prohi- scene here with a small corps of assistants to tely bringing about a concerted attack on these ough securing co-operation and understanding be- rious local departments of law, as well as favor- t among Klamath Falls people as a whole, to- ing the conditions here, described by Levens as

meeting of officials of the county court, justice 's office and city police department will be called the very near future. During this meeting a be- nding and fuller co-operation will be strongly ens.

rm belief after dis- nation with officers mess men that the itizens of Klamath and for law enforce- too many of them giving the matter "ation," Levens de- ment last night. they do they will support with the eg officers and the ay will be, benefitted ally but in the mat- more healthy happy e hearts that make

optimistic in my certain that results the good of all when gles of the great in- and around Klamath think over the sit- uation, as they will, nship and the boys happy homes are the of any community.

ere To "Raid" and vice situation is far from what it could start tonight places. Perhaps 18 convictions. They \$250 apiece perhaps, day they might be gain. I can do noth- the sentiment of the amath Falls in favor nt. I can do nothing wholehearted coopera- authorities. Those are am going to try and raids will be of no have the people with ot here to pull a lot not here to pull any do want to lay the something bigger and math Falls.

Cooperation Falls today stands Le- of all Oregon a shin- business progress and But it lacks, and lacks of being the right sort ally.

MODOC SHERIFF ON TRAIL OF TWO RUNAWAY GIRLS

Following Clue That May Solve Mystery In 24 Hours; Asks Klamath's Aid In Search

Continuing the widespread search for the missing Bradshaw girls, June, 14, and Esther, 12, who ran away from their home a week ago today, Sheriff John Sharp of Modoc county, spent yesterday in Klamath Falls after combing the entire country in and about Langell's valley and the Tule lake country. Sheriff Sharp left here to run down a clue, the substance of which was not made public. Should the clue be successful, the girls may be found within 24 hours.

Searches in Vain A careful search by Sharp of the district in which the girls lived, revealed nothing. Neighbors near the Bradshaw place seemed able to shed no light on the mysterious disappearance of the small girls.

While here, Sheriff Sharp conferred with Sheriff Burt Hawkins and asked the assistance of the Klamath officer in tracing the flight of the girls. The girls left their parents, Mr. and Mrs. A. W. Bradshaw, when they were refused permission to celebrate Independence day in Klamath Falls, and after being made to tend sheep in the Tule lake country that day.

Last Faint Echoes Of City Suit Heard

The last faint echo of the famous \$100,000 Bilderbach damage suit against the city of Klamath Falls was heard in the city council session last night when the claim of Reams and Reams, attorneys for the city in the case, was scheduled for settlement.

Bilderbach, who lost his wife and child in the Houston hotel fire several years ago, sued the city for \$100,000, alleging that the destroyed hotel was a fire-trap, and should not have been permitted to operate as a public inn.

The city won the case. The city council last night approved the bill for \$900 attorneys' fees, and directed that a warrant be drawn to cover this amount.

Wonder If Ambrose Will Recognize Us?

Fire Chief Keith Ambrose will soon be speeding to fires in his own machine, a red Ford, equipped with a moaning siren. At least, it appeared certain at the council meeting last night that a chief's car will be added to the fire department equipment.

All the councilmen agreed that Keith has too much "running around" to do on foot, and that with sixteen miles of fire alarm wire to look after, and Shipping-ton and Mills addition to take care of, it was only fitting and proper that Chief Ambrose be given a car.

There was some question, however, as to whether a brand new Ford or a second hand Ford would be more appropriate. Councilman Balsiger was joshed somewhat during this part of the discussion, but stood up under it with fine good nature.

The matter was laid over till next Monday.

Mother Drowns Attempting To Save Daughter

CASCADE LOCKS, Ore., July 13.—(United News)—A mother gave her life in a heroic, but vain attempt to save her child from drowning her Monday afternoon when Mrs. Anna McLain, 36, and Lorna McLain, 13, were swept into the rapids of the Cascade Gorge and disappeared in the smother of foam and tossing water.

A third life almost was sacrificed when Barbara Hendrick, 13, of Cascade Locks, made a brave dash for the struggling pair and escaped death only by slipping out of her bathing suit, which was in the grasp of the drowning girl, realizing that the current was too strong for her to accomplish a rescue.

Lorna had been bathing in the slack water near the boat canal above the rapids, her mother watching her from the bank.

The child, who could not swim was drawn into the current and called for help. Mrs. McLain plunged in to the river, but was swept beyond her depth and neither and child were swept toward the rapids.

Barbara Hendrick sprang into the river and swam to the struggling pair, believing she could tow them to shallow water, but the current was too strong.

2 HOUR PARKING DOWNTOWN MAY GO INTO EFFECT

"Parking limit two hours from 5 a. m. to 6 p. m."

Klamath Falls residents and tourists may awake some morning to find some such warning posted upon curb signs in the downtown section of the city. The city council at its regular session last night advanced to second reading an ordinance providing for restricted parking upon the principal segment of Main street, Klamath avenue and Pine street and all intersecting streets from Fifth street to Eighth.

According to the proposal of Councilman Stuckey, the two-hour parking limit would be enforced upon all of Main street from Second to Eleventh, and all cross streets, Fifth to Eighth, inclusive, extending between Pine and Klamath avenue.

At 6 p. m., the Stuckey amendment proposed that unlimited parking should be permitted, effective until 1 a. m. From 1 a. m. to 5 a. m., in order to permit the street department properly to sprinkle the streets, no downtown parking would be permitted. Additional amendments and further action on the proposed ordinance will be taken up at next Monday's meeting of the council.

The proposed zoning ordinance came up for passing consideration at the regular session of the city council last night. City Attorney Carnahan cited the fact that the supreme court had recently "knocked out" the Portland zoning ordinance and predicted a similar fate for the zoning regulation in Salem. Councilman Balsiger declared that he would like to see some restriction upon the type of buildings allowed in certain sections, but the council did not take up the matter at length.

New Filling Station At 3rd and Main Authorized

The council also approved the specifications for a filling station to be constructed at Main and Spring streets. Action on this permit was held up at the July 6 meeting of the council because complete plans were not submitted for the consideration of the city body.

SMITH PRINTING CO. ERECTS NEW MODERN PLANT

Fine New Building To Go Up At Klamath And 5th; Cost Believed To Total \$25,000 To \$30,000

Erection of a fine, modern building and plant for the Smith Printing company, was announced yesterday by W. O. Smith, owner. The new building will be of brick construction, and the dimensions about 75x70 feet.

The building will be located on the northwest corner of Fifth and Klamath avenue.

While the cost of the building was not announced by Smith, it is understood about \$25,000 to \$30,000 will be spent. Drawings of the new building show it to be the most attractive printing establishment in the city.

Bids for construction will be let July 24 and construction is expected to start immediately.

It is rumored that the new western magazine will begin publication here and will occupy the Smith building jointly with the owner. Mr. Smith neither confirmed nor denied this rumor.

WIRE FLASHES

SALEM, Ore., July 13.—William L. Finley, nationally known naturalist and author, was appointed a member of the state game commission to succeed Richard W. Price of Ashland, who resigned, it was announced today by Gov. Pierce.

It was Finley who drafted the first law which created a fish and game commission in 1911.

PASADENA, July 13.—Eugene Crooks Bartle, disabled veteran, fatally shot himself through the head here while his appearance on a temporary alimony hearing was awaited in a Los Angeles court.

Bartle fired the bullet into his head as he gazed upon a picture of his small daughter. The picture was still clutched in his hand when his body was found.

PLATTSBURG, N. Y., July 13.—Philip K. Knapp, the former Cornell student and army deserter, accused of seeking his life's great thrill in the murder of a Long Island taxi driver, apparently has escaped the vigorous man-hunt in which he has been pursued for the last several days.

SALEM, July 13.—Gov. Pierce today announced the re-appointment of J. B. Cole, Molalla, and M. B. Biggs, Princeville, as members of the state livestock sanitary commission.

SANTA MONICA, Calif., July 13.—Marshall Neelan, film director and producer, who spent a night in city jail following his arrest on a charge of driving an automobile while intoxicated, was released here today.

A woman, whose identity was not learned, fled from Neelan's car after his expensive machine crashed into a signal post Sunday.

Paris Hilarious in Observing Bastille; War Songs Popular

PARIS, July 13.—(United News)—The roar of popping corks, the mingled melodies of scores of street corner bands, and the gay laughter of pretty girls and eager youths, Paris celebrated the approach of the French Fourth of July today in a tireless, good natured riot of fun. The French independence day is July 14, the anniversary of the fall of the Bastille before the Paris mob.

Paris is a blaze of color, the boulevards fluttering the blue, white and red of the tri-color at every vantage point, and the street crowds wildly prouetting to the countless bands, many of which turned out for the open air show with fantastic instruments that carried the tunes of all war songs despite their queer appearances.

Bollicking couples danced all over the streets, usually to such war-time favorites as "Tipperary," "Over There," and "La Marseillaise."

PAVING PROJECTS ARE SPEEDED UP

The city council advanced to second reading paving projects for Fourth street, Klamath to Walnut avenues, including intersections; Seventh street, from Klamath avenue to Oak avenue, including intersections; Eighth street, from Walnut avenue to Oak; Eleventh street from Klamath avenue to Walnut avenue, inclusive, including intersections at Walnut avenue; Walnut avenue from Fourth street easterly to Eleventh, and Oak avenue from Fourth street easterly to Ninth.

The bid of the Warren Construction company was accepted for the foregoing street improvements.

An ordinance for the filing of the assessment roll upon paving on Second street from Pine to Jefferson was passed to second reading. An ordinance for filing the assessment roll upon projected paving on Fifth street from Pine to Jefferson was advanced to second reading by the city council last evening. The Dunn-Baker company received the award for the pavement construction.

Martin Will Manage

J. R. Martin will be local manager. Dunwoody and Patterson are experienced in hotel business of the nature of their Klamath Falls enterprise. They have met with considerable success in an identical hotel business in both Sacramento and Stockton. They come highly recommended from those two cities.

A "Home" For Lumber Men

"We feel that Klamath Falls offers the best field in the northwest for a hotel of this character," Patterson declared last night. "We intend to make our homes here and in addition to making the hotel pay from a business standpoint, we feel that it will keep employees in the lumber industry in the Klamath country supplied with a real 'home' and we feel confident the taken."

"OPTIMIST CLUB" TO AID YOUNG BOYS MAY BE ORGANIZED IN K. F.

Klamath Falls may have the first "Optimist club" in the state of Oregon if plans now under way are completed, according to Cornelius Conway, international president of the "Optimist International club," who is in Klamath county for a week.

The organization was completed several years ago, the fundamental object being for business men to aid the growing young boy in his "upward to manhood" problems.

Mr. Conway is making a tour of the coast states in the interest of appearing before luncheon clubs and appealing for aid in the project. Only one club has been found-

\$150,000 HOTEL WILL BE BUILT FOR LUMBERMEN

Deal Practically Closed For Lafayette Hotel at Klamath and 9th; Ready By October 1

Plans are practically completed for the erection of a \$150,000 hotel on the corner of 9th and Klamath avenue, and following the clearing up of a few details, construction work will be started, probably within 30 days. Announcement of the new hotel was made yesterday by B. R. Dunwoody and J. W. Patterson, of Sacramento and San Francisco, respectively, who declared that finances for the costly new hotel to be named "The Lafayette" are at hand. Final arrangements await the return of Attorney W. S. Wiley who is in Portland.

The venture has been talked of in real estate circles for the past few months, during which time Dunwoody and Patterson have held an option on the site, but until yesterday there had been no definite announcement forthcoming.

A new departure in the hotel business will be established in Klamath Falls with completion of the hotel, which is expected about October first. The hotel will be a bachelor affair, that is, for men only.

Its purpose is primarily to give the young unmarried men here, especially those men in the lumber industry, a real "home." The building, which will be of brick construction, will have 182 rooms and will be 115x112 feet. All the comforts desired by men of the lumber industry will be furnished, including a large restaurant. A free labor employment bureau will be maintained in the hotel lobby. The rooms will be well ventilated, electric lighted and numerous shower baths will be installed.

J. R. Martin will be local manager. Dunwoody and Patterson are experienced in hotel business of the nature of their Klamath Falls enterprise. They have met with considerable success in an identical hotel business in both Sacramento and Stockton. They come highly recommended from those two cities. A "Home" For Lumber Men "We feel that Klamath Falls offers the best field in the northwest for a hotel of this character," Patterson declared last night. "We intend to make our homes here and in addition to making the hotel pay from a business standpoint, we feel that it will keep employees in the lumber industry in the Klamath country supplied with a real 'home' and we feel confident the taken."
