More About MUNGER SERVICE

A few days ago an announcement was made that the Munger Service Laundries, Inc., had added the New City Laundry of Klamath Falls to its organization. The intention has been to erect a fine, new, modern plant to render to people of Klamath Falls a Laundry Service equal to that of the largest cities. Plans are now under way, a lot has been purchased, and within 90 days this new laundry should be in operation.

Few can appreciate the magnitude of the Laundry Service of the United States. Starting within recent years from a most humble beginning, it has risen to the eighth industry of the country with an invested capital of TWO HUNDRED MILLION DOLLARS in equipment and buildings and is spending increasing millions every year. The laundry has become a public utility. This most vital Service is growing in demand more rapidly than any other Service Industry. At a recent National Convention of Laundrymen it was pointed out that the laundries of this country are doing but 10% of the available business which will come to them as they increase the quality of service and efficiency. Munger Service Laundries, Inc., have been organized for the purpose of bringing to the communities where this necessary service is needed the highest class of Service and efficiency.

George M. Munger, Jr., President of the Munger Service Laundry, Inc., is one of the most capable laundry men on the Pacific Coast or elsewhere. His training has been acquired through years of contact with one of the first chain laundries of the United States, which was pioneered by George M. Munger, Sr., in Chicago 60 years ago. He has now associated with him men of honesty, integrity and ability with the sincerity of purpose to build a successful and profitable business.

To have a more personal contact with the people of Klamath Falls, where a branch of this Laundry Service is being established, a limited number of shares is offered to the public at \$25.00 a share. Investments made in the laundry business of this country are considered sound and highly profitable. Information regarding the plan of operation and the possibilities of earnings will be personally given upon application.
