INSURANCE MAN IS BACK ON JOB DOING BETTER THAN EVER

For a long time one of our best-known local insurance men had been steadily failing in health, losing his ambition, disheartened, worried, nervous, no appetite, and generally played out. His family and friends were much worried. Doctors whom he consulted advised rest, and gave him various tonics, but he did not improve.

Things were pretty discouraging until the Division Superintendent came to town to see him. He said, "Old Pal, I've got your number sure, and what you need is Extracts of Glands and Iron Phosphate, as combined in Kath, the Gland Tonic. Your glands are undernourished as is plainly shown by your paleness and dull eyes, and your nervousness and lagged-out condition. Get a package of Kath, at once, and I know you will get results, for I was in a much worse condition, and it gave me pep and a new outlook on life that I thought were gone forever. Try Kath, and let me know the results."

The Agent's wife overheard the conversation, and went at once to her nearest drug store for a package of Kath. He was soon back on the job again, his body and mind active, and he was full of the joy of living. Business came easy and was a pleasure, he was so full of life and good spirits. Rejuvenation was complete. Kath, the Gland Tonic, will do the same for you. For sale by C. H. UNDERWOOD (Advertisement.)

How Robert M. Koenig Found Remedy for Pimply Skin

For years my skin would break out every once in a while—and ornaments did very little to help me. I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poisons. I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of steering clear of upset stomach and sick headache. Carter's are all you, claim for them.
