New Frank and King Play a Decided Hit

Presenting something entirely new and different in the play line, Frank and King's Comedians scored a decided hit last night with the dramatization of George Cohen's musical comedy, "Forty-Five Minutes from Broadway."

The dramatization is very similar to the musical hit, several of the songs being used. In fact the girly gittles were all that was lacking and the excellence of the spoken performance entirely overshadowed the loss.

Mrs. Frank was pleasing in the role of "Mary" and had the song of the same title, which suited her voice remarkably well. Mr. Frank and Mrs. King also scored with songs from the musical comedy.

The play will be repeated tonight and Thursday with "The Girl from Lighthouse Island", scheduled for Friday and Saturday. The latter promises to be a fine characterization of the mainland folks of New England.

KLAMATH DEPUTY PLACED IN JAIL

Deputy Sheriff Jack Kimsey was almost "hoist with his own petard" Sunday when he was served with a warrant for his arrest at Crescent.

Kimsey went to Crescent Saturday to attach twenty-five horses belonging to E. Beacham with which to pay off a \$600 judgment secured by D. M. McEmore. Beacham is said to have failed to pay McEmore for 100 tons of hay.

The horses were surrendered by Beacham with great reluctance. He was so exercised by the removal of his livestock that he swore out a warrant for grand larceny against the Klamath deputy. Kimsey was released, however, late Sunday afternoon and returned to Klamath Falls without an Oregon heel.

HENLEY DAIRY MAN COMPETES IN FAIR

Emil Schiesel of the Henley district, breeder of purebred and registered Ayrshires, is the first to enter his dairy stock for the County Fair. Mr. Schiesel bought a carload of purebred and registered Ayrshires last winter including the outstanding young bull Oregon Peter Pan J., son of the famous Peter Pan, who headed the O. A. C. Ayrshire herd. Mr. Schiesel will enter four bulls and eight or nine cows and has enough animals answering the requirements of the various classes to fill his entries for get or sire, exhibitor's herd, young herd, calf herd and dairy herd. It will depend very largely on the condition of the animals during the September fair here, whether or not Mr. Schiesel will take a select lot to the State Fair at Salem, and later to the Pacific International.

Experts have pronounced Schiesel's herd the finest Ayrshire herd in Oregon, and the famous Oregon Peter Pan, whose ribbons and trophies have been won in keenest competition in shows throughout the Pacific slope, hands down not only his vigor and high production tendencies, but the "style" and mettle which insure attention in the show ring, drawing the attention of judges and spectators alike by the very personality of the animal.

Awaits Outcome of \$1,000,000 Suit

John W. Davis, Democratic nominee for president in 1924, is now directing Cornelius Vanderbilt Whitney's fight to void the \$1,000,000 suit for alleged breach of promise filed against him by Evan Burrows Fontaine, dancer. Young Whitney, heir to many millions, is married. The dancer is seen on the beach at Atlantic City, where she is awaiting the outcome of the suit, begun several years ago.

Klamath Irrigation District Will Take Over Second Contract

Second exchange of contract with the Klamath Irrigation district and the United States Reclamation service will be made within the week following a final draft in which the terms of the contract are clearly outlined.

With the success of the contract the operations from the government will be taken over by the Klamath Irrigation district, ending in the benefit to the farmer and rancher of the 5 percent crop repayment plan in order to repay the construction charge of the various irrigation projects erected in Klamath county. The government, so far, has performed the work of maintaining the system, sending the bill to the district for payment. This necessitates the levy of an assessment to cover the bill, which members of the irrigation board believe can be decreased when taken over locally.

K. F.-MODOC POINT ROAD WORK STARTS EARLY NEXT WEEK

Work on the 18 miles of surfacing from the city limits of Klamath Falls to a point 600 feet north of Modoc Point, will commence Monday morn-

ing, according to William Canton, of the state highway office, yesterday. A crew of more than 20 men will be actively engaged in the work, which is under contract with Dunn and Baker, involving a sum of more than \$57,000. According to the highway office traffic will be materially slowed down, but in no manner impeded, and all motorists are asked to aid in the observance of the red flag and slow down when passing through operations. The work will include that portion of the road beginning on the red cut.
