## K. F. Moves Up Big Notch in Ranking Among Ore. Banks

With total deposits of more than $4,000,000, Klamath Falls soared into seventh place in the ranking of Oregon cities, according to bank deposits, Frank C. Bramwell, state superintendent of banks, notified local banking institutions yesterday.

In rising two notches toward the top, Klamath Falls passed Medford and Baker, and is edging Oregon City for sixth place.

Bank deposits are recognized as a certain indication of the prosperity of a community, and an increase in deposits is an infallible sign of healthy business conditions.

# CRATER LAKE TOURIST TRAVEL IN JULY SMASHES ALL FORMER MARKS

### Bears Are Particularly Timid This Year; Even Big Jess Willard Was No Attraction For Them Last Week

Tourist travel into Crater Lake National Park broke all July records since the park was formed as one of the leading attractions on the Pacific coast. A total of 7667 cars and 25,334 visitors was recorded, the Medford entrance with a total of 13,902 visitors, Klamath following with a total of 7,830 visitors. Stage travel has also increased 8.9 per cent, 98 per cent of the travel entering in private cars.

During the past week lightning caused five fires in the Park, none of them serious except one in the northwest pumice section near Red Cone, in an area where about 60 per cent of the trees have been killed by the beetles during the last decade. According to Colonel C. G. Thompson the standing lodgepole pine is a veritable tinder, so that it took a considerable crew 48 hours to bring the fire to the ground and under complete control.

According to Colonel Thompson the park bears are not performing on schedule, only three or four appearing daily at the Government camp. The balance have established headquarters at the various road construction camps, ranger stations and other outlying kitchens. Sensing the fact that they are under protection the bears have taken more liberty this season than ever before.

As further proof of the sagacity of the black bear, it was noted that not a single one of the Bruin tribe appeared on July 29, when Jess Willard, ex-champion heavyweight of the world, visited at the resort.
