Insurance Hoax May Realize No Returns

SAN FRANCISCO, Aug. 12.—(United News)—Possibility of Mrs. Charles Henry Schwartz realizing anything on insurance policies held by her husband has been lessened by a suit filed in federal court here Wednesday by the Northern Insurance company of Seattle.

The company asks that the $25,000 policy held by Schwartz to be set aside on the ground of fraud. The suit declared also that policy contained a clause voiding it if the insured handled explosives.

This was the only insurance which Mrs. Schwartz had hoped to collect following her husband's suicide.

The widow of the Walnut Creek murderer is to appear Thursday, when the sensational case will be closed officially by an inquest over Schwartz's body.

FACTORY GIRLS ON THE JOB

They Are a Bunch of Live Ones

The foreman of one of our local factories had noticed recently the improved looks and vivacity of his force. He decided to investigate the cause, for it was unusual to have his force so willing and active.

He did not make much headway until he interviewed a young woman, who was a leader among the girls. From a thin, pale and nervous girl, she had become red-cheeked, figure rounded out, and now had the strength which meant an increase in work and wages.

She said: "The answer is easy. My change in appearance and increased efficiency are due to Kath, the Gland Tonic. A friend of mine from a medical school told me that our health was controlled by glands, and I was feeling so miserable that when one of the girls told me about Kath, I decided to try it, and the results speak for themselves. I made up my mind to tell all the girls about Kath, for they were kind in their comments on my improved appearance, and today we have as healthy a lot of girls as one would wish to know. They are all boosters for Kath the same as I am."

Kath, the Gland Tonic, will give young and old renewed strength and vitality. It will restore lost appetite, and cause restful and refreshing sleep, so that one can face life's battles with a smile.
