Here's the best answer to the question you often ask

A. BHEARCLIFFE, Klamath Falls. Electric Range, lights and household appliances	Average monthly bill	\$4.20
ALFRED COLLIER, Klamath Falls. Electric Range, lights and household appliances	Average monthly bill	\$6.45
L. D. RUMER, Klamath Falls. Electric Range, lights and household appliances	Average monthly bill	\$6.35
J. S. ELLIOTT, Klamath Falls. Electric Range, lights and household appliances	Average monthly bill	\$4.40
J. RUSSELL ELLIOTT, Merrill. Electric Range, lights and household appliances	Average monthly bill	\$4.84
N. H. BOGUE, Merrill. Electric Range, lights and household appliances	Average monthly bill	\$5.69

Your own neighbors who use electricity for cooking can tell you, better than anyone else, how economical it really is—but you may hesitate to ask them.

We have asked a few of them, whose names we have chosen at random from the many users in your own neighborhood, to help us publish an advertisement that will give you their first-hand experience.

And they have gladly agreed to tell you the actual figures that show the low cost of electrical cooking in their own homes.

Here are the figures, taken from their electric bills, to enable you to compare the cost of clean, quick, convenient electrical cooking with your present cost of fuel. Read them carefully.

The electric range you have always wanted is ready now, at your dealer's. Convenient terms can easily be arranged, if desired. See him about it—today!

**THE CALIFORNIA OREGON POWER COMPANY**

**"Every day in every way"**

"Yes, sir, this old Ford actually seems to be getting better every day. Since I drained the crankcase and filled up with the new Zerolene 'F' for Fords, she starts quicker, has more power, and seems to go a little farther on a gallon of gasoline."

Zerolene "F" for Fords gets to all the parts where oil is needed, especially the wrist-pin bearings and the upper half of the cylinder walls, which are frequently "oil-starved" when an unsuitable lubricant is used.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It deposits a minimum of carbon.

Yet Zerolene "F" for Fords costs not more, but less than most of the special Ford oils on the market.

A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.
