

SCHOOL KIDDIES TO START REAL STUDY WITH TARDY BELL TODAY

Grade School Enrollment Increases

And High School Kids Curious And Inquisitive On Opening Day Yesterday—"Who's Tha New Gurl?," "Gosh, Tee Hee, Bill's Got On Long Pants!"

Even more hesitant than the "loitering school boy, wadding at a snail's pace on his way to school" did the youth of Klamath Falls submit to a final scrubbing of neck and ears before the teachers of Klamath schools yesterday, coming out on their long winter's routine of "reading, writing, 'rithmetic."

Bobbed haired mothers with bright eyes and modish attire took the place of the mothers of yesterday, who placed their children in the hands of capable teachers. Only an unbobbed head could be found among the teachers of the buildings in the city, and more bobbed than ever the students' mothers.

For the students, the girls, long hair is a thing of the dim, dark, distant past.

For the first time in months, the Jones and Bobby Brown came out on their shoes.

For the first time since the close of school in June, has the grey suit been brought out for inspection, and in some cases, and handed down to the next generation.

By youth! And school hours never forget.

Some of the examples found in grade and high school houses yesterday:

"Gosh, Tee Hee, Bill's got on long pants!"

"Who's tha new gurl?"

"Gawah, Bill's got on long pants!"

"Ye Gods, ain't that new teacher a swell lookin' dame?"

"Who's the new gurl?"

"Gawah, Bill's got on long pants!"

"Ye Gods, ain't that new teacher a swell lookin' dame?"

"Who's the new gurl?"

"Gawah, Bill's got on long pants!"

"Ye Gods, ain't that new teacher a swell lookin' dame?"

"Who's the new gurl?"

"Gawah, Bill's got on long pants!"

"Ye Gods, ain't that new teacher a swell lookin' dame?"

"We'll sure get away with murder with that new English teacher." A few of the expressions found on the "campus" of the schools yesterday, when cliques, not to be broken into, were made for the year.

Whether one new girl in the room, or two new boys, there remains one fact, and that is that the enrollment yesterday was the largest ever experienced in Klamath Falls schools. And not only in the city schools, but in the high school as well, where it is reported that the enrollment is heavier than ever before.

Statistics compiled by J. Percy Wells, city superintendent, shows the increase of 1925 over that of the fall of 1924 and 1923:

School—	1925	1924	1923
Central	302	264	219
Fairview	227	206	185
Mills	288	171	117
Pelican Bay	84	64	66
Riverside	213	195	199
Total	1114	891	786

According to Mr. Wells, the new Fremont school, which is fast nearing completion, will be ready for occupancy during November, when the students will be moved into the building as soon as possible.

Klamath To Help Near East Relief Fund Drive Soon

Klamath Falls will enter into the spirit of giving for the aid of the refugees and asylum inmates in the drive for Near East relief. This is the firm opinion of W. A. Sellwood, field representative from Portland, who is in Klamath Falls this week to arrange for the drive this week. All children and teachers are invited to attend the showing of "Uncle America Sees It Through."

at the Liberty theatre, Saturday morning, 9:45 sharp. Several comedies have also been included in the affair to make it a success. The admission is a bundle or bundles, as much as can be given, these to be left at the door and later distributed in the far east among the little Armenian children for warmth during the coming winter months. Rev. M. B. Paronougian of Salem, a native born Armenian, will speak briefly at 10 o'clock Saturday morning in order to give the children an outline of the reason for the drive. It is the hope of those in charge of the drive that Rev. Paronougian will be

able to reach all schools and churches in the city. **Simple Mixture Makes Stomach Feel Fine**
Simple buckthorn bark, magnesia sulph. c. p. glycerine, etc., as mixed in Adlerika, often helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you happy and cheerful. Excellent for chronic constipation. Adlerika works QUICK and delightfully easy.—Whitman Drug Co.—Adv.

That Pretty Girl Did for Sick Stomach

E. Rich of Brooklyn, N. Y., "I don't know what the cause but every few days my stomach feel all bloated up with gas, appetite was poor and I felt sick stomach—to say nothing of head. I never thought of using Carter's Liver Pills until nothing seemed to help. After using Carter's I felt better at once—and now as soon as my stomach talks back I answer with Carter's and have the last word."—Carter's Little Liver Pills, 25c.

Stylish Stout Out Sizes

Because a foot is stout, it does not follow necessarily that it must look stout. Stylish Stout Out Sizes is a line of footwear developed for the sole purpose of slenderizing the stout foot. Stylish Stout Out Sizes are not to be confused with the ordinary wide shoe. Stylish Stout Out Sizes are shoes built over lasts and patterns designed exclusively for stout feet. Too many stout women are walking in shoes that are unsightly; shoes that do not fit properly. Not the fault of the wearer; merely a condition due to the shoe world's failure to recognize that stout woman's individual footwear needs. They at last have been recognized in Stylish Stout Out Sizes, and these wonderful shoes already are proving a necessity to the stout woman who takes pride in the appearance of her feet and her footwear. Made with built-in steel arch-supporting shanks, guaranteed against breaking down. Sizes 2 1/2 to 12. Widths to EEEEE. Are you interested?

Slender Foot Arch Fitter

Were all feet cast-in but one mold, all feet would measure alike; all shoes would fit alike—foot troubles would be unknown. For foot troubles invariably are "fit troubles" and imperfect fittings are the result of fitting standard measurement shoes to feet that require footwear other than standardized proportions.

These conditions never could have arisen had you been fitted in a "Slender Foot Arch-Fitter," for instance to a foot with an instep that measures two sizes narrower in proportion to the forepart or ball.

In "Slender Foot Arch-Fitter" there is a size for every foot in combination of sizes and widths, that meet the requirements of the most difficult of "hard to fit" feet.

Slender Foot Arch-Fitters are made with built-in steel arch supporting shanks, guaranteed against breaking down. They are especially made for the feet that might be
