INSURANCE MAN IS BACK ON JOB

DOING BETTER THAN EVER

For a long time one of our best-known local insurance men had been steadily failing in health, losing his ambition, disheartened, worried, nervous, no appetite, and generally played out. His family and friends were much worried. Doctors whom he consulted advised rest, and gave him various tonics, but he did not improve. Things were pretty discouraging until the Division Superintendent came to town to see him. He said, "Old Pal, I've got your number sure, and what you need is Extracts of Glands and Iron Phosphate as combined in Kath, the Gland Tonic. Your glands are undernourished as is plainly shown by your paleness and dull eyes, and your nervousness and faded-out condition. Get a package of Kath, at once, and I know you will get results, for I was in a much worse condition, and it gave me pep and a new outlook on life that I thought were gone forever. Try Kath, and let me know the results." The Agent's wife overheard the conversation, and went at once to her nearest drug store for a package of Kath. He was soon back on the job again, his body and mind active, and he was full of the joy of living. Business came easy and was a pleasure, he was so full of life and good spirits. Rejuvenation was complete. Kath, the Gland Tonic, will do the same for you. For sale by C. H. UNDERWOOD (Advertisement.)

From North Bend—Among the Labor Day visitors in Klamath Falls was a party of young people from North Bend on Coos Bay. The party was made up of Miss Stella Selin, Miss Mabel Whittick, Miss Elvie Grant, Miss Edith Gunnell, Bill Gunnell and Mr. Grant. Several of the guests in the party were also residents of Marshfield. They were returning from Crater lake to the coast when they stopped in the city.

Bobbitts Return—Now that vacation season has come to a close many of those who spent their summer in other sections of the coast or state have returned. Among those to arrive recently are Rev. and Mrs. W. E. Bobbitt of the First Christian church.

In From Olene—Among the visitors in Klamath Falls yesterday from the Olene district was C. M. Adams.

Forestry Officials Ask K. F. to Donate An Aviation Field

Aerial patrol work will receive hospitality from Klamath Falls if plans of the forest service officials are carried out, following a meeting of the board of directors of the Klamath county chamber of commerce yesterday noon. A committee composed of Dr. G. A. Massey, John Boyle and J. W. Kerns was appointed by President Andrew Collier to bring the matter for further consideration before the board meeting next week after inquiries.

With the establishment of an aviation field for the facilitating of the aerial patrol work for planes flying down the coast, both north and south along the eastern slope of the Cascade mountains, there will be also a landing place for all planes flying in the western section, and especially in the Klamath country.
