

# S. P. IS UNWILLING TO EXTEND LINES IF O. T. COMES IN

(Continued From Page One)

Story? That is the question to be answered. It is certain that both programs will not be carried out completely. An election must be made between the two. The present situation under which the comprehensive plan of the Southern Pacific for serving this territory is jeopardized by the threatened incursion of a mere branch line railroad, calls for most serious thought and determined action by the people of this territory. You now have at hand the opportunity for an east and west line, as well as the development of the territory by means of adequate feeder lines, and the decision rests with you as to whether or not the opportunity is grasped or lost.

**Says S. P. Has No Secrets**  
"There is no secret about the intentions of the Southern Pacific company. It has from the beginning acquainted you with its plans as rapidly as it could work them out. It has taken the public into its confidence at all times. It deems it entirely proper to do so. The public is entitled to be considered in these matters, and is entitled to know just what is involved in the various applications now pending, and that may hereafter be made before the interstate commerce commission. It is entirely proper and desirable that the public participate in these proceedings.

**Challenges O. T.**  
"Adverse criticism heretofore made by executive officers of the Oregon Trunk railway with respect to Southern Pacific company's endeavor to get all the facts before the public is open to vigorous challenge. We are not engaged in a campaign of propaganda. We are ready at all times to place all of the

facts that have any bearing upon the important matters now before this district thoroughly before the people. That is something we have been doing and will continue to do."

Yesterday E. L. Elliott, district attorney, was notified by Governor Pierce that the pair were subject to a conditional parole.

Huff and Parker were fined \$500 each and sentenced to six months in jail. Yesterday evening they had not furnished the necessary \$250 each, Elliott said.

## Klamath Children Contribute Big To Near East Relief

Score of bundles of clothing for children of the near east were received at the Liberty theatre yesterday morning, when a special matinee was held for boys and girls who were willing to contribute something to the youngsters, who, for many months, have needed assistance.

Fully 400 Klamath Falls boys and girls were in attendance at the matinee, it was said, chief Keith J.

Ambrose, of the fire department, and chief of Police Harry Loucks, saw that the children were properly taken care of.

"We were gratified by the success of our program, and really be-

lieve that, when next Christmas comes, the children of the near east will find that they have been materially helped by the youngsters of Klamath county," those in charge of the movement declared.
