LOOKING OUT FOR THE BEST

There is no doubt that the railroad committee of the chamber of commerce correctly voiced the attitude of the people of this community when it stated that both railroad programs are desired, but that, if the interstate commerce commission finds there is not enough business for the two railroads, then the Southern Pacific program for a main line to the east, with feeder lines centering here, and terminal at Klamath Falls, is the more desirable of the two.

It is unfortunate, however, that the railroad committee's report was antagonistic in tone toward the Southern Pacific, although we do not believe it was so intended. It is our best opinion that the way to get railroads built is by co-operation rather than by causing resentment of railroad executives who, after all, are only human beings like the rest of us.

It is well to bear in mind, in considering the issues from the dollars-and-cents standpoint of the best interests of Klamath Falls that the highest executives of the Southern Pacific, the chairman of the board of directors, the president and the executive vice-president have repeatedly said, in public statements, that they cannot afford and will not carry their plans into effect if the tonnage is divided with another railroad. To save their faces, if for no other reason, the Southern Pacific people will have to delay or abandon their building plans if the Oregon Trunk does come in.

We do not believe the real sentiment here is antagonistic to the Southern Pacific. Noisy abuse does not mean anything. More than anything the people want the short main line to the east via Tule lake. They also want the terminal here, with a payroll of \$1,200,000 additional annually. They want the Southern Pacific to take over the Strahorn road and extend it to bring additional business here. They want to co-operate with the Southern Pacific on a basis of mutual good will and confidence to make these things possible.

THAT "IMPARTIAL" VOTE

When the editor of the evening paper here presents the interstate commerce commission with his "impartial" vote on the railroad question here, even the gods must laugh. To make sure that the interstate commerce commission gives due weight to the editor's vote, and to show absolutely that it was handled by an unbiased person, there should go into the record with it the evening paper's public insult to the Southern Pacific's executive vice-president, his Judas Iscariot editorial concerning Mr. Strahorn, his defamation of the Klamath lumbermen, and his belittling comment on the citizens of Merrill and Malin.

POSSESSIONS

I find it good
 To hold between my hands
 An old, loved book.
 To know that on the preface page
 My name is scrawled;
 That it is mine.
 I find delight
 In looking at a rare, old print,
 Burying my thought within its
 frame:
 I like the silken feel
 Of the treasured tapestries
 Which hang upon my wall:
 The rich, smooth glaze
 Of teakwood stand and lacquered
 vase:
 The soft mauve of a rug,
 And scarlet flowers abloom
 Within the shelter
 Of my window's sheening drapes.
 These things which all are mine—
 I love.
