A REAL FINISH

Since the first "horseless carriage" every-thing has been improved on the automobile but the finish. Now we have that—beautiful, permanent lacquer—anykind you want—and your job done in less than half the usual time—and guaranteed to stay there and actually get brighter and better. Sun, snow, rain, acid, alkali etc., cannot harm it.

Divide Washday

Into five parts—and give us four. A good four-fifths of your washday work is taken off your hands by our "Float-Ironed" service. All the washing, drying, and flat work ironing is completely done, and wearing apparel is ironed flat. All that's left for you is a little touching up on some pieces with a hand iron. Phone today and we'll take four-fifths of your washday—and leave only the easiest fifth for you.
