## Another Bogie Bites the Dust

*Klamath Falls Has All To Gain and Nothing to Lose*

Another bogie man has bitten the dust. George Long, of the Weyerhaeuser Company, testifying on Tuesday before the Interstate Commerce Commission at Portland, declared that while he strongly favored the Northern lines coming to Klamath Falls, as well as the Southern Pacific, he admitted, under cross examination, that the timber would have to be cut in either event, as a great deal of it was ripe.

So that's that.

Klamath Falls will also be interested in the cross examination on Tuesday of W. P. Kenney, vice president in charge of traffic of the Great Northern. Ben C. Dey, Southern Pacific counsel was the questioner. Here's from the transcript:

Q. Now then, is it not a fact, Mr. Kenney, that districts served by more than one carrier and in which the transportation problem is therefore a divided interest, do not obtain the same car service as those places where the responsibility rests upon only one?

A. No, I wouldn't say so. I would say the statements were absolutely different in our territory.

Q. All right, I will read to you from the brief of your own railroad, the Great Northern, in the Wenatchee Southern case: "Districts served by more than one carrier in which the transportation problem is the divided interest do not obtain as good car service as those places where the responsibility rests upon one line."

All of which reassures us in our stand that Klamath Falls HAS EVERYTHING TO GAIN AND NOTHING TO LOSE BY THE CARRYING OUT OF THE SOUTHERN PACIFIC PROGRAM.

Let the hearing go on, and may Klamath Falls come away from it, as it will, with the assurance of MAIN LINE SERVICE TO THE EAST.

## Will Take College to Farm

*Radio Is a Boon to the Farmers*

Radio broadcasting, by ending the isolation of farm life, will be the greatest factor of modern times in keeping young men on the farms, declared General J. G. Harbord, president of the Radio Corporation of America, in a recent address.

"With 31,000,000 people living on farms, the agricultural colleges enroll but 150,000 students. It will enable the student, whose college course has been interrupted, to continue it, often with the same instructors.

"Of all that may be said of radio, the best is that it will tend to keep young people on the farm. There is the true independence, there is the real throne of the American sovereign. Entertainment and culture and the throbbing life of the metropolis, carried to the farm by radio, helping to make rural life more attractive and desirable, will sustain that class which is the backbone of our national existence."

## Heart & Home Problems

By Mrs. Elizabeth Thompson

### BRANDS HERSELF SELFISH, UNFAITHFUL

Here is a wife who indicts herself as selfish and disloyal. Her husband has just cause for complaint, but not she.

Dear Mrs. Thompson: I am a married lady of about 30 and my husband owns a big flourishing business and makes a lot of money. He provides well for me and we have a nice home, and I have lots of pretty clothes and he lets me go all that I please. But my husband's business seems to take all of his time and he hardly ever makes over me or says any loving things to me like he should do if he cared for me a lot. Now there is a man who works for my husband in the office, and he just makes over me a lot, and tells me I have such a sweet smile, and he is always putting his arms around me and kissing me whenever we get a chance. Sometimes he comes to my house to see me, too, and he seems to appreciate me so much more than my husband does, and I like him, too, and feel so blue when he talks to other women. Now, as he is married too, isn't it all right for him to put me and kiss me once in a while? Please give me your opinion, Mrs. Thompson, as I like him very much. M. S.

You are a foolish woman, M. S. You have, you admit, a fine home, pretty clothes, the opportunity to go where you like, and a husband who attends to business and works hard to provide you with the things that should make you happy; yet you are not satisfied. Thousands of wives would be content if only they had half as much as you. You are proving yourself disloyal, unfaithful, selfish. If you have any sense of honor, you will refuse to allow this employe of your husband's to speak to you again. Really, you should be ashamed of yourself.

### BOARDER CAUSES HER TO LOSE HER FREEDOM

Dear Mrs. Thompson: I am a girl of 17. Last winter we had a boy of 19 boarding with us. We were real good friends and one day he came home from work early

while I was the only house, so we got together. He asked me to kiss him while I was doing my hair. Of course I refused, and sent him away. Then I have had no more of him. They take me to school and when I get away from him he has to love him all the more. I even get a letter now being opened first by them to do this? Is it right to run away?

### BROKEN HEARTED

No doubt your love is irksome, but it was for you to accept and until you win back your parents. Perhaps understand, and and you unjustly, but the parents, and should be kept you from having love affair with a boy.

M. H.: A wedding sent out in the bride's parents, and should be addressed to

S. B.: Since you are introduced to the man would be in had had ask him to take you. You might have a man arrange it, however.

## Suggestions

Many persons who now and then a few poster will find that wash this ware in hot water after using it. If off with a little and a soft cloth. If a paste made of white hot will clean the best in well. Rub forward with a soft cloth.

Try brown sugar apple sauce and apple in cookies and desserts. A white cup cake brown sugar and vanilla will pass for most anywhere.

Next time you make fry sweetening with instead of white.
