UNION PACIFIC DECLARES WAR

EXECUTIVE TO INTERVENTION

Executive Declares He Will Exert Everything In His Power To Cooperate With Car Service, Blasting Main Weapons Of Opposition Argument

Official Testified In Outlay Plan For F. Terminals

Executive Declares He Will Exert Everything In His Power To Cooperate With Car Service, Blasting Main Weapons Of Opposition Argument

LEGION POST SELLS LOT TO AID FUNDS

Lot Sold by the American Legion Post, Southeast Corner of 5th and Pine Streets, Yesterday to John S. Peck and James A. Peck, according to an agreement made last night by H. E. Getz, adjutant of the local post.

BISHOPS CONFERENCE BROWN

Bishop Henry Brown, whose conference for hereby by episcopal bishops were ratified yesterday by the house of bishops of the episcopal church was formally notified Friday to appear Monday at 9:30 a. m. for sentence.

Comic-e-e, lukit, Th' New Ez Eight Pages of Comic 'Pitchers'

with its promises The News tomorrow point eight full of best comics of the entry. It will feature full pages of fun and a lot of little bits. There is Polly—show how she catches a thief. Bringing Up Father—Jiggs to the dog catcher's ball. Bob McNutt, as a sales for the Fallen Arch Six, is

Woman Married to Three Murderers, Sees Last Hanged

SACRAMENTO, Oct. 9.—(United News)—Mrs. Eva Bollinger has been married to three murderers. The last of her husbands died on the gallows at Folsom penitentiary Friday.

"He was a brute, but I must take care of him," the widow said, as she called at the prison to make arrangements for the man's burial.

Mrs. Bollinger is a slight, worn little woman of 36. Since she was 17 men have constantly sought her hand in marriage. Even now she has a proposal for a fourth wedding, but has refused it.

"We lived in Spokane, Wash., when I was first married," she said, taking up her recital in a matter of fact tone. "We were happy enough until my man, Jake, took to drinking. He went off up to Canada and was there when the child came."

M'QUIGG CHOSEN TO HEAD LEGION

Pershing and Mitchell Both Popular Are Not Entered In Ballot Contest

OMAHA, Oct. 9.—(United News) Chilled by the first blasts of the great plains, the delegates to the seventh annual convention of the American Legion are scattering to their homes in warmer climes, after this annual gathering.

Legion business was concluded Friday with the election of John R. McQuigg of Cleveland, as national commander. McQuigg was chosen on the first ballot over Edward E. Spafford of New York and Howard P. Savage of Chicago. He is 69 years old, a veteran of the Spanish-American and World wars, and holds the rank of major general in the reserve corps.

Neither the name of Col. Billy Mitchell, air service critic, nor Gen. John J. Pershing was entered for the post, although both men had been backed by enthusiastic groups. Strong criticism of the acts of legionnaires in Omaha during the convention, came from Francis J. Good of Massachusetts, chairman of the committee on resolutions, in the closing session. He declared that the convention had been the worst gathering to date, and presented a resolution asking that future conventions be limited to three days, to prevent such rowdiness. An amendment to limit the convention to four days was defeated, but the three-day project will be voted on later.

The 1926 convention will be held in Philadelphia.

French Troops Take Riffian Stronghold

PEZ, French Morocco, Oct. 9.—(United News)—French troops have seized a Riffian post and its garrison within ten miles of Abd el Krim's headquarters at Targuist. The post was that at El Ber Aber. Native cavalry under French officers expected the daring raid, which involved a hurried dash across 12 miles of country almost to a point within sight of the Riffian commander in chief's principal position.

Further east another cavalry detachment reached a position ten miles from Sidi-Bou-Ikba, one of the chief objectives of the advance in that sector. Elsewhere the French advance has been held up by rains, which have made it almost impossible to move supplies to the front.

FARMERS MISLED ON CHILD LABOR LAW IS CLAIM OF DELEGATES

ATLANTIC CITY, N. J., Oct. 9.—(United News)—The farmers of the country have been misled as to the aims of the proposed child labor amendment and must be won over before it can be adopted, speakers Friday told the American Federation of Labor convention here.

President William Green, declaring that labor would continue its fight for the amendment said:

"The farmers were told that if the amendment was adopted their sons and daughters, under 18 years of age would not be allowed to work on the farm. This propaganda was wickedly untrue."

4. Title the Toller—Title is broadcasting more applause, as usual.

5. Barney Google—Sparkie knows his oats and Barney is out five berries.

6. Just Kids—The cop crabs the game.

7. Elmer—He gets a lesson in grammar—he may, but he can't.

8. The Katzenjammer Kids—Eat, says ma, eat sweethearts, it gifts plenty more.

Transcontinental Railroad Serving Klamath Falls Held Part Of S. P. Rail Proposal

Route To Serve Great Timber And Agricultural Lands In Oregon Giving Direct Connection With Major Industrial Centers Of The United States

PORTLAND, Ore., Oct. 9.—"Southern Pacific plans will give Portland and Oregon a new direct transcontinental line to the east, so located on the one hand to serve the greatest agricultural and timber sections of Oregon, and on the other hand provide a mid-continent route giving these sections direct service to the major part of the United States." This was the central point made in the testimony of Wm. Sproule, president of the Southern Pacific company, before the interstate commerce commission at the Oregon railway hearing before Director of Finance Charles D. Mahaffie, here today.

Oregon Pioneer to Have Last Resting Place at Medford

Friends of Mrs. L. F. Willis of Klamath Falls will be grieved to learn of the death of her mother, Mrs. Alford, age 89 who passed away yesterday afternoon in Talent, Oregon, according to word received by Mrs. Docta Norris.

Locally, Southern Pacific proposals," said Mr. Sproule, "first promoted the natural development of territory in Oregon on the Nevada, California, Oregon railway, including the timbered areas in the Lakeview basin; second, through our taking an interest in the Oregon, California & Eastern road, those lines will be extended to make available the timber resources tributary to the Sprague river and the Williamson and Sycan rivers; third, through the Natron cut-off, we will serve the Cascade and Klamath region."

Basins Accessible

"Thus the Klamath and Lakeview basins will be made fully accessible, and timber that nature has made tributary to those basins will find its proper outlet. The new lines will give the farming and livestock interests of both basins access to markets east and west, north and south, by the shortest lines possible, and double tracked for the most part."

Mr. Sproule's testimony, with respect to the new main line east from Oregon, was based on the applications of his company for authority from the interstate commerce commission to construct a line of railroad from Klamath Falls on the new Natron cut-off line, southeasterly through the Tuile lake country, to the broad gauged N. C. & O. at Alturas, thence via Ogden to the east.

Distance Shortened

The Southern Pacific line from Klamath Falls via Natron to Portland, the witness pointed out, is 117 miles less than to Portland via Bend over the proposed Oregon Trunk line. Mr. Sproule also cited the following comparisons of distances from Klamath Falls via Bend and Alturas: "To Chicago the line via Bend will be 268 miles longer (Continued On Page Two)"

Severe Earthquakes Rock Santa Barbara

SANTA BARBARA, Calif., Oct. 9.—(United News)—Two severe earth tremors rocked Santa Barbara, at 1:30 p. m., Friday.

The first shock lasted approximately 30 seconds. It was followed closely by another lasting 15 seconds.

There was no damage reported. Thousands of workers scurried out of business buildings and fled to their homes in panic.

The shocks were severe enough to shake homes and other buildings violently.

Scenes similar to the ones in June when the city was partly demolished by quakes were repeated.

New Hampshire Shocked

MANCHESTER, N. H., Oct. 9.—A slight earthquake shock was felt in several sections of New Hampshire at 8:55 a. m., Friday.

In the vicinity of Ossipee, the shock was distinct. It sent people scurrying into the streets, and caused minor damage to property.

In Manchester the quake was felt, but slightly.

MOTOR LAWS ARE STILL VIOLATED

Only about 50 per cent of the motorists of Klamath county have, as yet, had their lights adjusted to conform with the new state law.

Furthermore, those whose lights are arranged properly, are, generally falling to dim when driving on wet pavements, as provided by the statutes.

So declared State Officer Foster yesterday. He explained that he has been extremely lenient with offenders but that, soon, he must take some action to see that the law is observed.

"Those who have not had their lights adjusted, must do so in the near future, or suffer the consequences," he explained. "It has been some time since the law went into effect."

Dimming on wet pavements is absolutely necessary under the new system. Foster declared, as a blinding glare is thrown up from the highway and the approaching motorist is helpless.

As regards other traffic law violations, motorists have been closely complying with the law, Foster said.

STORM IS RAGING

WASHINGTON, Oct. 9.—(United News)—A storm of marked intensity is raging off the southern New England coast and is moving rapidly northeastward. Northwest gales and colder weather will follow.

Storm warnings are being displayed from Jacksonville, Fla., to Eastport, Maine, the weather bureau announced Friday night.

FERGUSON BILLED TO FACE KREMER IN TODAY'S GAME

Friday's Contest Is Postponed

BLUEGE KEPT QUIET

Pirates Chafe At Delay In Waiting For 3d Chance At Washington

WASHINGTON, Oct. 9.—(United News)—Bill McKeechle's gang of sea-going Pirates believe the breaks went against them in Friday's postponement of the third world series game.

As matters stand now Oase Bluege is expected to be back in the line-up Saturday, having taken a day's rest and the Senators were not forced to play a game with Buddy Myers, an inexperienced major league infielder, on third.

Ray Kramer, McKeechle's choice for the pitching job in this third game, lost a chance to work under weather conditions favorable for his fast ball.

Profiting By Rest

Walter Johnson, who stood the Pirates on their ears in the opening contest, profits by the rest. He now expects to come back Sunday.

But the thing which disappointed the Pirates as they received the notice of postponement in their hotel lobby, was expressed by Lee Meadows, the losing pitcher in the first game. "Our boys just hit their stride Thursday," he said. "They're on their toes ready for action and now they have to crouch on the mark 24 hours."

Kremer is still McKeechle's pitching selection for Saturday's (Continued On Page Two)

Post Commander Is Grateful to Folks

Gratifying to the extreme has been the attitude of Klamath Falls residents regarding contributions to the fund needed for the erection of the American Legion memorial building, according to an announcement made last night by H. E. Getz, adjutant of the local post.

Many prospects have not been solicited, it was explained, but it is possible that, within the next few days, many persons will be called upon and requested to assist.

Getz last night requested all committee members to be prompt in reporting collections. Persons who wish to mail checks should address them to Post No. 8, in care of H. E. Getz.

Stock Juggling to Be Controlled, Aim

CHICAGO, Oct. 9.—(United News)—Rules for prevention of manipulation on the floor of the Chicago board of trade, recommended by a committee two weeks ago were adopted by the voting membership at a meeting Friday night.

Wide price swings in the future will be curbed by the new regulations, which give the president power to create an emergency when trading conditions threaten to become rebellious.

CHICK EVANS IS NAMED \$100,000 CONSPIRATOR

CHICAGO, Oct. 9.—(United News)—Chick Evans, nationally known golfer, was named as a conspirator with seven others in a bill filed in superior court Friday, charging Evans and the others with defrauding the Dismoor golf club of more than \$100,000.

The bill, filed by Attorney Dennis J. O'Toole, acting for members of the club charges that the eight men, as club directors, arranged the secret purchase of land for the club's golf course and proceeded to sell it to the club at a profit of \$120,000, after approving the purchase in their capacity as directors.

U. P. RAIL CHIEF HURLS GAUNTLET IN FACE OF NORTH FORCES, JOINING HANDS WITH S. P. RAILWAY PROGRAM

Transcontinental Roads Now Lined Up in Formation They Assumed for Hill-Harriman Struggle

GRAY WIRES SPOULE CONFIRMATION

Executive Declares He Will Exert Everything In His Power To Cooperate With Car Service, Blasting Main Weapons Of Opposition Argument

PORTLAND, Ore., Oct. 9.—One of the big surprises of the Klamath rail hearing came this afternoon when a telegram was read from Carl R. Gray, president of the Union Pacific in which he virtually declared war on the Northern lines and became allied with the Southern Pacific in its battle for possession of central Oregon and particularly the Klamath basin.

The trunk lines of the west are now lined up in the same formation they took in the famous Hill-Harriman struggle.

President Gray's telegram to William Sproule, president of the Southern Pacific, pledged, "everything in our power" to cooperate in the furnishing of cars to the Southern Pacific at Ogden to take care of its enormous traffic through Klamath Falls and Alturas on the proposed new east route short line.

9,000 Phone Calls Are Answered Each Day By Hello Girl

With a population estimated at 8,000 persons, Klamath Falls averages approximately 9,000 local telephone calls daily, according to Ray Dunn, manager of the local office of the Pacific Telephone & Telegraph company.

Much work has recently been accomplished by the telephone company here, and further development is planned.

Approximately 290 long distance calls are placed here each day, Mr. Dunn said.

MURRAY'S GUN IS SHOWN IN COURT

SALEM, Oct. 9.—The 30-20 Smith & Wesson revolver with which Tom Murray, prison convict, is alleged to have killed John Sweeney, guard, in the course of the prison break of August 12 last, was produced in court here Friday afternoon.

Little by little, the state continued Friday to build up the evidence with which it expects to convict Murray of murder.

James R. Carey and George Robinson, chapel guards, told of witnessing the gun battle in the prison yard.

Charles L. Newman, New Era farmer, told of the early morning visit paid by the convict trio to his home, where they spent an entire day as his unwelcome guests.

County Officials Are Back from Medford

The county court house, quiet for two days, is expected to open up considerably over the week-end.

Yesterday evening Justice of the Peace Ed Kendall and Sheriff Burt Hawkins returned from Medford, where they had been waiting to be called as witnesses in federal court. In all probability they will have to return to Medford during the early part of next week.

During the absence of the two officials, there have been virtually no criminal cases handled by the county.

\$2,000,000 ASKED

NEW YORK, Oct. 9.—(United News)—Mrs. May Frances Kern announced Friday that a campaign had been begun to raise \$2,000,000 for 18,000 children in the Philippines who, according to a cable from Gov. Gen. Wood, are the offspring of native mothers and American fathers.

INFORMATION HEARS SOME QUEER REQUESTS THOUGHTLESS FOLKS WHO TURN TO PHONE AS SICK PERSON GOES TO FAMILY DOCTOR

Behind a desk in the Klamath Falls office of the Pacific Telephone & Telegraph company there sits a personable young woman who, apparently, is credited by the public with being a seeress, a clairvoyant, and the compiler of the telephone book, the city directory, Who's Who in America, Dr. Elliott's five-foot shelf, and the Encyclopedia Britannica.

The young woman has grave eyes which, occasionally, light up with a humorous twinkle. For three seconds she has been idle, but now her bell tinkles.

There is a brief pause before a rich contralto becomes audible over the wire.

"Can you give me Mrs. Smith's telephone number?" the voice asks. "I don't know the initials or the address, but I thought you might know because her daughter went to high school."

"Information" clears her throat. "I'm sorry," she says, "but I'm afraid I'll have to have a little more data." The owner of the contralto voice clicks up the receiver. Perhaps "Information" sighs a little bit to herself.

Again her bell tinkles.

"Say," she hears a whiskey tenor begin, "I want to get the telephone number of a painter."

"Information" does her best. "What painter?" she asks. "There are several in Klamath Falls."

The whiskey tenor is a bit impatient. "Aw," he says, "you oughta know him. You know, a little, short, bald-headed feller."

And again the comely young woman is forced to explain that she (Continued on Page Two)
