"Watch Little" Is Cry of Western Gridiron Followers,  
Here's Sizeup of Wisconsin Team Yost's Aide Preps

Eyes of the football west are on Coach George Little as he preps his team of Wisconsin University for his debut as a Big Ten coach, "on his own." Little was Yost's chief aide and active leader of football activities at Michigan until the close of last season. Little, as present indications point, will give Wisconsin a fast team. His chief problem is to rebuild his line. Above are some of the stars he is counting on for his eleven.

The school grounds have been much improved by the erection of a good fence. P. E. Stiles and son did the work.

Clifford Stiles and Paul Arnett, who are both employed near Klamath Falls, spent Sunday with their parents.

Irving Nichols, who has been confined to his home for some time because of an injured foot, was able to enter high school in Klamath Falls Monday.

A program and pie social will be given at the school house Saturday night, Oct. 17, for the purpose of raising money for school supplies. Everyone is welcome.

Work in F. C. degree will be exemplified Saturday night, October 17.

What Pretty Girl Did  
for Sick Stomach

Miss E. Rich of Brooklyn, N. Y., says: "I don't know what the cause was, but every few days my stomach would feel all bloated up with gas, my appetite was poor and I felt sick to my stomach—to say nothing of headaches."  
"I never thought of using Carter's Little Liver Pills until nothing seemed to help. After using Carter's I felt relieved at once—and now as soon as my stomach 'talks' back I answer with Carter's and have the last word."

**"LIVE WIRES"**  
The degree that a town uses electricity—like the size of its banks—is pretty apt to tell how "live" a town is. It's interesting to note then that the communities we serve have advanced further in the use of electric ranges, washing machines, and other labor-saving equipment—than many of the largest and presumably most advanced cities in the country!  
It is a region of "live wires" and of unlimited natural resources and wealth—an up-and-coming one in which to live and grow.  
In helping to develop the region this Company sees a real opportunity for service and to that end has created its New Industries Department. The Department is supplying a supplementary Chamber of Commerce type of service to the one California and five Oregon counties within our territory. If you know of anyone whom you believe might come here either to live or take part in our industrial growth, the Department will be glad to help you bring them here.  
Or if you are ready to let electricity do the work in your own household, or business—cost information and other data will be supplied at any of our offices.
