Gulbransen Nationally Priced Piano

People Wonder

Why we sell so many pianos and when we say that we believe there are more pianos selected at the Earl Shepherd Music Store than from all other sources combined in Klamath we believe such to be the fact.

Over 60 years, one business, in one family combined with spot cash buying by the carload has placed us in the strongest possible position.

The Gulbransen Piano Agency with prices ranging from \$295 to \$1625 enables us to save you from \$75 to \$300 easily on most any type of piano.

The Gulbransen Piano First or Down payments are lower than the average, because Gulbransens are built so durable, and certainly 30 months to pay on the balance is most convenient.

After all, the best way for me to prove Gulbransen is for you and I to get together and talk piano.

We still have a fine showing of Gulbransens from our last carload of eighteen—may we show them to you?
