# Your Investment

You have made your home here and are, in a sense, an investor in the welfare of the town.

The merchants have also invested here, to grow and to help the town grow and thrive.

So, then it is a mutual investment between all of us.

Our investments are affected by the volume of business done—so it is up to you to determine the volume of patronage that determines the value of the investments.

You can count on the merchants to uphold their end, but they must have your help—your patronage—in order to make our investment pay.

Guarantee your share by keeping your money right here.
