ons Die As Clear Lane

Oct. 22.—(United News)—Change Telegraph district says that 54 per cent of the mounted police clear a passage for to was trying to visit at at Tautah.

500,000 persons when this dignitary of the state religious abandoned after the

Damaged Steamer in Danger of Sinking Due to Marine Law

SAN FRANCISCO, Oct. 22.—The British tanker Ampullaria was in danger of sinking in San Francisco bay Thursday night because there was a case of small pox aboard.

The vessel, badly damaged below the water line, as a result of sliding onto the rocks of Point Sur in a heavy fog Wednesday night, put into port for repairs. Quarantine officials discovered a sailor with small pox, and hoisted the yellow quarantine flag, warning all others away until the ship had been fumigated.

French Cabinet Is Tottering, Report

PARIS, Oct. 22.—(United News)—Early fall of the French cabinet, because of dissatisfaction with Joseph Caillaux's handling of the national finances, and his failure to fund the American debt is being predicted as Caillaux's enemies maneuver to oust him from the cabinet even if it is necessary to destroy the Painleve government to do it.

Eight radical members of the cabinet called on Premier Painleve Thursday to ask that Caillaux be compelled to respect the financial doctrine approved at the recent radical-social conference at Nice. The Nice conference did not approve a capital levy by name, but voted a resolution which virtually authorized such a measure in principle.

WATER PROJECTS ARE IN ARREARS

Commissioner Says Klamath Irrigation District Has 100 Delinquents

WASHINGTON, Oct. 22.—(United News)—Elwood B. Mead, reclamation commissioner, after investigation, declared today that some 100 odd users of water under the Klamath irrigation project are in arrears in their payments to the government.

The project is located in both Oregon and California. Included in the delinquents are four who own nearly 1500 acres of irrigable land, taxes on which amount to approximately \$29,000.

Mead declares that the president of the board of directors of the Klamath irrigation district instructed the sheriff at Klamath Falls to remove from the tax rolls all unpaid district taxes for the years from 1920 to 1924, against the lands of the Enterprise Land and Investment company.

PAJAMA STORY IS DENIED BY FREY

Beautiful Actress Star Says She Did Not Try to Take Hubby From Wife

MINEOLA, L. I., Oct. 22.—(United News)—Wilda Bennett, the beautiful musical comedy star charged by Mrs. Katherine M. Frey, with alienating her husband's affections to the extent of \$100,000 testified in defense of her case Thursday. She said that she had not known before Mrs. Frey started suit that Frey was a married man.

"When I learned that he was married," she said, "I asked him for an explanation. He told me that he had been married, but had been separated from his wife."

Charles C. Frey, the wealthy horseman, who, according to his wife, was stolen by Wilda had previously told his tale.

"I did not come down to breakfast in pajamas!" roared Frey in answer to the word of Mrs. Bennett's former butler, who said he had.

Frey had said that there always was a chaperone handy when he was at Miss Bennett's home and his wife's attorney had just asked whether there was a chaperone present at the time of the alleged pajama incident.

Wilda said that the Bebans, husband and wife and formerly respectively her butler and cook, who

FISHER TO FACE SERIOUS CHARGE

Man Who Attacked Worker With Rock Filled Sack to Be Given Hearing

Today the preliminary hearing of T. H. Fisher, charged with assault with intent to kill, will be held before Justice of the Peace Ed Kendall.

Fisher was arrested two weeks ago at the Solomon Butte Lumber company at Kirk, after it was alleged he had attacked Howard Seaver with a bag, in which there were rocks. Mrs. Fisher, according to officers, had been cooking for three men at the camp. What prompted the assault on Seaver, officers were unable to say. Fisher, it was explained, is being held in the county jail.

STAGES SWIFT COMEBACK

GOSHEN, Ind., Oct. 22.—As fast as Arthur O'Keefe could walk from the divorce court, where he had obtained freedom from his first wife, he went to the clerk's office and obtained a license to marry Eva Stevens. The bride, herself a divorcee, was present at the divorce trial.

POSTMASTER OF KLAMATH FALLS AND LOCAL INSURANCE MAN HELD PRISONERS ON MARSH

Here's a story of Captain Applegate's latest historical trip that didn't come out until yesterday.

The scene is quite perfectly laid in the Tule lake bed, now long since dry and the source of much trouble as far as ducks and automobiles are concerned.

Led by Captain O. C. Applegate, a number of cars, including Fords and minor run-arounds, started to traverse the Tule lake country, and where general after general laid down his life for his country.

In this caravan of sight-seers was John A. McCall, postmaster of Klamath Falls and his family with Mrs. Charles Moore and members of the Dunbar family.

TAX ISSUE HELD INTENSIFIED BY 2D LEVY PROGRAM

WASHINGTON, Oct. 22.—(United News)—Secretary of the Treasury Mellon has intensified the tax issue with congress, by submitting a second reduction plan to the house ways and means committee. This gives the taxpayer with an income below \$5,000 scarcely any more relief than his first plan, but cuts further the burden of the salaried man, with an income between \$5,000 and \$10,000.

Small Wage Man Is Slightly Aided

Democrats in congress are preparing to stand with Representative Garner of Texas, in the demand for considerable relief to the taxpayer with less than \$5,000 income. If not actual exemption. The new Mellon plan in this respect does not help the secretary's cause with them. The second suggested rate schedule furnished the committee by Mellon, changes the "one, three and five" rate submitted a few days ago. It rates a schedule of one per cent on \$3,000; two per cent on the next \$1,000; three per cent on the next \$4,000 and five per cent on all higher taxable incomes.

FURTHER CUT SOUGHT

The alternative schedule, treasury

High Incomes Instead of Low Benefited Greater Under New Scheme

CLAMATH HI LINE IS STRENGTHENED

Local Lads All Ready for Battle Royal With Ashland Grids

With the backfield shifted, the line strengthened and Hall and Bessler in for the entire game. Klamath is making plans to return with the laurel wreath of victory when she plays Ashland high school on foreign ground Saturday afternoon at 2:30.

Tickets have been sold to Klamath Falls by Ashland, selling here for 35 cents, in Ashland at the gate for 50 cents.

The men, according to the high school yesterday, are in the best of spirits and their condition is running even higher. Practicing every night since the Medford game, Klamath's has a few plays which she will spring on Ashland that should net her the desired yardage and perhaps the touchdowns.

Football men with their coach, "Dutch" French, will leave from the Elks' temple at 7:00 o'clock Saturday morning. Another bus will probably be scheduled for students who wish to attend the game. This bus, if chartered, will also leave at the same hour from the Elks' temple.

Ashland will banquet Klamath Falls and have a brief entertainment for them following the game as is the custom between Klamath and Ashland men. The precedent was set several years ago and has been carried out with courtesy since that time.

THEFT COSTS LIFE

NEW ORLEANS, Oct. 22.—Abe Washlon, negro, paid with his life for a bottle of milk. He failed to stop when the owner of the milk ordered him to. One shot was fired, Abe falling dead.

TEARBOMBS ARE USED IN RIOTS

Twenty Hurt, Seven Held By Officers Following Fight Between Factions

CHICAGO, Oct. 22.—(United News)—Bullets, tear bombs and bricks filled the air during a riot, growing out of the garment workers' strike on Chicago's west side Thursday night.

The fighting began when someone hurled a tear bomb into an automobile, in which armed guards were taking strikers to their homes.

Twenty persons were injured. Seven were arrested. Picketers are alleged to have thrown the first bomb, which was the signal for general disorders throughout the district.

A second tear bomb missed its mark, exploding on the sidewalk. This was followed by a barrage of bricks, which caused most of the injuries.

RAILWAYS TO BE INVESTIGATED ON BEER SHIPMENTS

Collusion Charged By U. S. Agents

WEST STATES FLOODED

Cars Traced Reported As Being Unloaded Before Reaching Terminal

CHICAGO, Oct. 22.—(United News)—The government has turned to the railroads for a solution of the midwestern beer flood.

Out of the welter of prohibition enforcement has come the fresh clue that powerful brewers may have enlisted the railroads in a conspiracy to move their product to the thirsty west.

Behind the doors of a little room in the federal building here the entire intricate system is being outlined to a grand jury.

It involves these charges:

1.—That fifty politicians and railroad officials in the east and in Chicago are in the conspiracy.

2.—That beer shipments from New York, Massachusetts and Pennsylvania are given the right of way over other shipments.

3.—That through the conspiracy 100 carloads of beer, worth \$1,000,000 have been moved into the west monthly during the last year.

James L. McDowell, assistant U. S. district attorney and Clarence L. Converse of the internal revenue

ASSAULT TRIO TO START PEN TERMS

Burke, and Two Fullers are Given Stiff Sentences By Local Court

Today three Klamath Falls men will be "dressed in" at the Oregon state penitentiary.

They are Jim Burke, Edward Fuller and Charles Fuller. All were arrested and jailed following a shooting scrape near Olene June 19, during which Ed Kendall, then deputy sheriff, was seriously wounded.

Arraigned for sentence yesterday, Burke was given 15 years on a charge of assault with intent to kill, while armed with a dangerous weapon; Edward Fuller received 10 years for assault with a dangerous weapon, and Charles Fuller was given five years for the same offense.

A jury had found them guilty of the charges Tuesday. Clemency for Charles Fuller had been recommended.

The men were taken to Salem by Sheriff Burt Hawkins and Deputy Sheriff Jim Hilton. An Oregon boat was placed on Burke before he left the city.

Woman With \$400 in Alimony Begrudges Award Given Widows

MADISON, Wis., Oct. 22.—(United News)—The first Mrs. Colonel "Billy" Mitchell had her way about it, the man who caused such a furor in the air service would give that \$1,000 prize he won Thursday to her instead of to relatives of the Shenandoah victims.

Mrs. Mitchell has filed a brief with the supreme court, asking for an increase in the allowance for the support of the three Mitchell children. Under the terms of her divorce in 1923, Mrs. Mitchell was awarded \$400 a month for the support of the children. She now says this amount is not enough.

Col. Mitchell, in Washington, awaiting court martial for attacking his superiors, was awarded \$1,000 by Liberty magazine for his "moral courage." He promptly distributed the money among families of the nine enlisted men killed in the Shenandoah crash.

DISEASE GERMS MAY GET THIEF

Outbreak of Illness Held Due to Theft of Case Stolen From Nurse

NEWTON, Kas., October 22.—(United News)—An outbreak of a contagious disease is the one clue to the thief who stole a suit case owned by Miss Justine Kopper, a nurse, which contained her uniform believed to be secreting germs.

The nurse had left the suit case on the porch of her home intending to have its contents fumigated. When she looked for it Thursday it was gone.

Health authorities issued a warning to other cities and police believe the pilferer will be caught—a victim of his own loot.

DOPE PEDDLER IS SHOT BY OFFICER

Police Catch Man In Act of Attempting to Sell to School Children

LOS ANGELES, Oct. 22.—Gualupe Hernandez, 22, suspected dope seller to school children, was shot and seriously wounded by police officers as he fled from the playgrounds of the Macy street grammar school.

Hernandez was arrested by detectives in the act of selling morphine to the youngsters, it is alleged. He was shot down when he broke from their grasp.

Several hundred children witnessed the shooting.

YOUNG WOMAN FOUND WOUNDED IN ROOMS

CHICAGO, Oct. 22.—(United News)—Betty Miles, 27, who gave her last place of residence as Kansas City, was shot here Thursday afternoon in her apartment in the fashionable Drexel boulevard district. The girl said the wound was self-inflicted, but physicians declare the shooting was done by some one else.

The girl, pretty, was attired only in a chemise, when police arrived in response to a mysterious telephone call. The bullet lodged in her spine.

BURGLAR HYPNOTISED

BERLIN, Oct. 22.—Gustaf Geese's experience has convinced other Berlin burglars that Hindoos are not fair game for criminals. Geese broke into the home of an Indian student, and was wrapping up the loot when he looked up to see the Hindoo steadily gazing at him.

Geese drew a revolver, but the piercing eyes made him drop it. The Hindoo left the room to call the police, and Geese, still powerless, awaited quietly until they took him away.

Administration Is Upheld By Bankers

WASHINGTON, Oct. 22.—(United News)—American bankers generally support the administration's policy of withholding private loans to foreign governments except for productive purposes, Charles E. Mitchell, president of the National City bank of New York, said after a conference with President Coolidge Wednesday.

"Cold water is being thrown upon requests for loans from certain large European governments," he added.

Mitchell criticized the temporary French debt funding plan, saying that it settled nothing. At the same time, officials here were reading reports that the French cabinet probably would reject the plan and that Caillaux would submit another in the near future.

GIRLS ARE JAILED AFTER GUN BATTLE

SAN DIEGO, Oct. 22.—A band of girls, who for months have carried on extensive smuggling operations along the border, was in the Nueva Laredo, Mex., jail after a hot gun battle with Mexican police.

According to El Hispano-Americano, Spanish language newspaper, the girls were all dressed in men's clothes and were heavily armed.

BULGARS BITTER AGAINST POWERS IN BORDER WAR

Treaty Left Country Unarmed, Claim

WAR GERM PLANTED

Disturbance Held Symptom Of Serious Condition Throughout Europe

SOFIA, Oct. 22.—(United News)—Petristi is burning from the effect of Greek artillery bombardment, which is continuing, according to reports from the Greek frontier.

(Previously the Greeks announced they had occupied Petristi, which is just across the frontier in Bulgaria, north of Demir-Hisar.) Tremendous popular excitement has seized Sofia. The inhabitants are demanding that Bulgaria fight Greece even if it would be suicidal to do so.

There is great bitterness against the European powers. The popular complaint is that Bulgaria was disarmed by the peace treaties which ended the great war, and that the powers now do not restrain Greek aggression. It is declared here that Greece is endeavoring to start a foreign quarrel in order to forestall a revolution.

Symptoms Held Serious

NEW YORK, Oct. 22.—(United News)—The germ of the next war lies in the threat of hostilities between Greece and Bulgaria.

The two Balkan bantam powers may be restrained from belligerent action by the other powers, but the sore spot that is irritating them has been planted in other parts of Europe by the victors in the recent world conflict. The Balkan war fever is but a symptom of under-surface conditions in general on the continent.

By the treaty of peace after the World war, Greece was awarded Bulgarian territory, containing a large population of Bulgars. These enforced exiles have a hatred of Greece, inherited through many generations. They consider themselves a conquered race, biding their time to regain their freedom, and to win the right of self-determination. Across the border are their fellow Bulgarians. The degree of civilization

Mail Boxes Must Be On Driver's Right

All mail boxes on rural and star routes must be placed on the right hand side of the highway as traveled by the stage or carrier delivering the mail.

This, in brief, is the order given out yesterday from the Klamath Falls postoffice in compliance with the new state traffic law, which seeks to protect the mails as well as the drivers of the stages and carriers.

According to Postmaster McCall, the request will go into effect at once, and residents along the rural routes have been apprised of the new ruling. Residents of the star route will be informed personally in the immediate future.
