Pay, Viscount Held**

MAIDSTONE, Eng., Oct. 22.—A rich aunt who unexpectedly failed in a crisis is the explanation of the arrest of Viscount Torrington on a charge of passing a fictitious check. The viscount was acquitted of the charge Thursday when he explained that his rich aunt had unexpectedly stopped his monthly allowance of \$125, thus deflating his bank balance until it could not withstand a check drawn against it on good faith.

**Crater Lake Lodge
Mortgage Is Taken**

Crater Lake lodge has been mortgaged to the Jackson county bank, according to a chattel mortgage filed in the office of the county clerk yesterday. The mortgage called for the sum of \$23,000 and includes the hotel or 'lodge building,' furniture, fixtures, linen, silverware, boats, launches, and cars as well as other pieces.

The mortgage was signed by Camberon Squires, president, and R. W. Price, vice-president, of the Crater Lake lodge. The instrument was acknowledged in Multnomah county and filed in Klamath.

The work on the building has progressed very rapidly and Mr. Porter expressed satisfaction over the results. Just when the structure will be completed, he was unable to say.

The legion building, it is estimated, will cost in the neighborhood of \$25,000.

**FAIR BOARD GAZES IN
DEEP SORROW AT FUND**

Members of the Klamath county fair board held their regular meeting yesterday. And, after they had footed up their bills, they spent a few seconds silently looking down their respective noses. Assets of the board, it was said, are approximately \$17. Liabilities, it was further said, are about \$2,000. Which accounts, to a degree, for any expression of sadness which may have flitted over any member's countenance.

E. M. Hammond, H. N. Moe and R. E. Bradbury were present at the meeting.

**HUSBAND TO BE HELD
FOR WIFE'S CONDUCT**

NEW YORK, Oct. 22.—(United News)—If Marion B. Shaw, former actress and violator of speed laws, breaks any more traffic rules her husband is liable to find himself in jail.

Fred Engel, fourth and present husband of Marion who has been summoned for speeding 53 times admitted passing a worthless check.

"I am going to put you on probation for three years," Judge Talley said, "but I'm going to make you responsible for the acts of your wife. Any loss or embarrassment she may cause will be yours to answer for. I can bring you back here anytime, for any reason at all."

**Councilmen Found
Guilty of Bribery**

LOS ANGELES, Oct. 22.—(United News)—A verdict of guilty on bribery charges was returned by a jury against Charles E. Downs and Joseph Fitzpatrick, ex-councilmen, late Thursday.

The jury which had deliberated more than 26 hours, found the former city officers guilty of accepting \$2,000 to influence their votes for a tunnel project.

Jack Murphy, alleged go-between, was acquitted.

Judge Hahn announced that sentence, which the code places at from 1 to 14 years in prison will be imposed Tuesday.

The jury's plea for leniency can have no effect on the length of sentence as the last session of the state legislature caused a clause to be inserted in the penal code denying probation to convicted public officials.

The craft is officially credited with a world's record speed of 228 miles an hour, and is, Britishers aver, capable of more. American seaplane record is 178 miles an hour. **Missionary Bodies
Effect Big Merger**

WASHINGTON, Oct. 22.—(United News)—A half century of agitation culminated Thursday in the consolidation of 13 missionary societies into two organizations by the national council of congregational churches in session here. The 13 societies expend annually more than \$5,000,000 and control property valued at \$50,000,000. The consolidation was made in the interest of economy. Foreign missionary societies will be

merged under the board of American commissioners for foreign missions while the home missionary societies will be placed under the control of the congregational home board.

ATTORNEY ILL

The fact that W. P. Myers notified Circuit Judge A. L. Leavitt yesterday that he was ill and unable to appear in court was responsible for the postponement of the cases of Ed Purcell and Leonard Moore.

The two men, arrested a few days ago, are accused of shooting elk.

**EUROPEAN ALLIES
FORBID NEW WAR**

LONDON, Oct. 22.—(United News)—The European powers have forbidden a war in the Balkans.

The long arms of the powers reached across Europe to Athens and Sofia Thursday and applied pressure which is expected to bring an early end to the incipient warfare along the Macedonian frontier and retain it within the elastic category of a "frontier incident."

So far the powers have not intervened directly, but their ministers at the two capitals told the Balkan statesmen that this is no time for war and suggested that they reflect upon the consequences.

LONDON, Oct. 22.—A dispatch to the Daily Express from Athens, unconfirmed from any other source, relates that the Bulgarian charge d'affairs has informed the Greek government that Bulgaria has accepted the Greek indemnity

demands for the frontier incident at Demir-Hisar. Greece demanded an indemnity of 2,000,000 French francs and punishment of the officers responsible for the fighting.

NOTE ACTION FILED

"News?" questioned a reporter who sauntered into the office of Lloyd DeLap, clerk of the Klamath county circuit court late yesterday afternoon.

"Humph," said Mr. DeLap. Which, for the reporter, was not very encouraging.

The only case filed yesterday was that of R. E. Smith against James T. Henley and Sophia S. Henley, in which the plaintiff seeks to recover \$720 which, he says, the defendants owe on a promissory note. The principals are residents of Klamath Falls, and the note was said to have been dated January 15, 1921.
