LETTERS TO WATER USERS

(Continued from Page One)

certainly want to get right we can get together and find out wherein we are wrong and thereby get right.

That I know Offield, Robert Cheyne, Jas. Ezell, Marshall, Case, Nylander, Drew and Carlton, and numerous other successful members of the district are good, honest, conscientious, successful farmers and business men. Men that are not deserving of the criticism and slander that has been heaped upon them. Men who have their all invested in Klamath and who have no thought of living elsewhere. And men who are as anxious to conserve and retain all our resources as any of you. On the other hand I know:

Murray Years for Sausalito

That Mr. Murray and Mr. Eberlein, according to their own admissions, have not the same interests and feelings toward Klamath as the above named. That they both have stated to me that if they could ever sell out they would live elsewhere.

That they both have been leaders in about every fight that has been waged here in the past fifteen years, and I think you can all guess their motives. You know the results of their efforts.

As for Mr. Bradbury and Mr. Jacob, I think they are wrong in their opinions and methods of attempting to attain some of their ends.

Bad Company

That I have known "Lum" Short

for a long time and know him to be a good, honest, capable, dependable citizen, a man in whose judgment I have every confidence. However, I regret to see "Lum" lined up with an element that I don't consider are the ones to be at the helm of as important and large a business as the Klamath Irrigation district. A business as large and important as this district needs the guidance of careful, capable, honest, practical men.

"Mooching" Machines

That a great deal has been said about my acts during my time as secretary of the district, referring in particular to statements appearing in the Herald of November 6, relative to auto hire and the lease that the Nylander board presented to me as a "Christmas gift." Both of these statements are very unfair. I donated the use of my Ford for a good many thousand miles during my time as secretary. I never did mooch the use of any one's cars for nothing or have the district buy my gas and oil. A very few times I did, under the board's authority, hire a Ford to post election notices and deliver election supplies.

Who's Sore Now?

As to that building lease. Considering the true facts of that matter I am not surprised at its mention. The present board knows that the lease was transferred to me to protect other tenants, tenants who had made possible the district having an office for practically nothing. That I have never made a five-cent piece out of the lease, and it was offered to the district under exactly the same terms and conditions it had previously enjoyed. What made Bradbury, Jacob and Thomas sore was that they did not have the opportunity to oust the old tenants and sell the lease to The Klamath News for a small sum. Speaking of men being fair and just, I wonder how Bradbury, Jacob and Thomas would like to be treated as they planned to treat our tenants. Tenants who came in and helped us when we had been ordered out of Mr. Murray's buildings and we had no other place to go.

I could go on citing and explaining the facts of a great number of the present administration statements, which they well know are absolutely wrong. No doubt, I am wrong in some of my opinions on some questions, but one thing I can assure you of is that there is little chance for you to go wrong if you will select good, honest, competent men to conduct your business.

Every one of you know that the real issue is the selection of competent men to conduct your district affairs. Think this matter over carefully. Don't be swayed by hot air.
