## Don't Be Fooled By Hosiery Canvassers

Many women have had a sad experience with hosiery canvassers. Allow us to give you a few facts to remember if you are solicited by a peddler.

The hosiery peddler unknown to you. He will tell you that his hosiery is lower in price because it is sold direct from the factory, this does not prove out.

STOCKING FOR STOCKING, WE CAN GIVE YOU THE SAME QUALITY AS THE PEDDLERS AT A LOWER PRICE . . . OR A BETTER QUALITY AT THE CANVASSER'S PRICE.

The reason a retailer can do this is a simple problem in economics. Our cost of doing business is distributed over many sales and many articles rather than over a few sales on one article as in the case of the canvasser.

### Why Take Chances

with hosiery you know nothing about, or people you know nothing about when you can come to the Women's Store and get GORDON HOSIERY known all over the world for its high quality and wonderful durability. By coming here for your hosiery you get double protection.—The reliability and standing of this store and the twenty-five-year reputation of Gordon Hosiery.

Another fact to consider is that you may purchase only one pair here, whereas the canvasser insists that you buy not less than three.

Our stocks of Gordon Hosiery include every wanted and popular style. And we repeat again, we can offer you superior values in hosiery at every price.

If after buying hosiery here you do not find it better than the canvasser's article your money will be cheerfully refunded.

## Where is the Car that Equals It?

Before buying any automobile in the thousand dollar field, ask yourself these five questions—

- 1 Is it as beautiful and comfortable as the new Oakland Sedan?
- 2 Has it mechanical Four Wheel Brakes?
- 3 Does it combine such advanced features as Air Cleaner, Oil Filter, Full Pressure Oiling, and The Harmonic Balancer—an exclusive Oakland feature imparting unmatched freedom from vibration?
- 4 Can it duplicate Oakland speed, power, acceleration, flexibility and year-in-and-year-out dependability?
- 5 And can it equal Oakland's amazing value at the new prices—\$70 to \$350 lower?

Because no car in the field can answer these questions satisfactorily—because no car combines these features at anywhere near Oakland's new low prices—this is the car for you.
