## RESIDENTS ASK ACTION ON 6TH

### Goddard Names Body to Work With Residents On Improvement

Residents of south sixth street are on their respective toes; want to improve the street on which they live, and last night appeared before the city council, at its regular meeting, to request adequate assistance.

Furthermore, they got it. Mayor Fred Goddard named a special committee to work with them, which comprises Aldermen Powell, Cofer and Balsiger. Action in the near future is planned on.

The committee which last night appeared before the council is organized as the Sixth Street Industrial club. Virtually all property owners on Sixth street between Main and the Southern Pacific railway tracks are members, it was said.

The property owners, it was explained, wish to improve the pavement and to provide better sidewalks. They felt, they said, that they could function far better with a committee from the council.

## SPORTSMEN CALL FOR VOLUNTEERS

### Club Seeks to Ascertain How Many Dead Ducks Lie in Tule Lake District

Volunteers to report to the game warden, Marion J. Barnes, what steps have been taken to dispose of the carcasses of dead ducks lying in the Tule lake country were called for last night during a meeting of the Klamath Sportsmen's association, when they met in the chamber of commerce. The volunteers have until Friday to respond.

Those who will offer their services for several days will be given boats to cover the entire infected territory, they will be supplied with tents and supplies for a three or four-day stay.

On Sunday a number of the association expect to make a trip to Tule lake to assist the volunteers.

December the seventh has been the date set for one of the most outstanding features of the hunting season for Klamath sportsmen, the duck and goose feed. The Moose hall, if obtainable, will be the scene of the banquet, to which sportsmen and their families will attend.

A committee to put on the "big feed" consists of Barney Chambers, Marion J. Barnes, C. C. Johnson, Joe Olson and A. R. Renner.

## LEAGUE SEEKS ARMS CONFAB

### Conference of Powers Meet in December to Discuss Added Limitation

GENEVA, Nov. 16.—United News—The league of nations has made another move toward an arms conference.

The league secretariat Monday sent invitations to representatives of England, France, Italy, Japan, Spain, Belgium, Brazil, Uruguay, Sweden and Czechoslovakia to meet in Geneva, December 3 to make a preliminary study of the situation and to report to the league regarding a disarmament conference. At this meeting the composition of the league will be determined.

On December 7, the representatives of the foreign powers will report to the league council. With the success of Locarno in mind, the council is expected to order immediate preparation for a disarmament conference to be convoked in 1926.

## ACCIDENT FATAL

MEXICO CITY, Nov. 16.—United News—Three persons were killed and many were injured when a camion carrying 33 passengers plunged over a cliff Sunday night between Tetepec and Legaria Tacendas.

Word of the accident has just arrived from Colima. A slippery road and baffling mists are believed to have been responsible for the driver heading over the cliff.

## 3 MEN WOUNDED DURING GUN PLAY IN SMOKING CAR

### Attempted Arrest Starts Fight

SALT LAKE CITY, Nov. 16.—A gun battle in which 17 shots were fired raged in the smoking car of a Western Pacific train Monday as a detective sought to arrest a confessed burglar, William A. Merrill, special agent for the railroad was shot three times and is in a critical condition at a hospital here. Stanley M. Smith, whose arrest Merrill was attempting, was shot 13 times but is expected to live. A. N. Helfrey of New York said to be an accomplice of Smith, was shot in the back but probably will recover.

The gun play occurred as train No. 4 was pulling into the Salt Lake station. Smith, who is believed to be from Sacramento, Calif., was placed under arrest and, with Helfrey and Merrill taken to the emergency hospital.

## PROMINENT LADY OF CITY IS DEAD

### Mrs. Della Ethel Shadinger, Native of Columbia Co. Dies At Age of 55

Mrs. Della Ethel Shadinger, wife of G. G. Shadinger, prominent resident of Klamath Falls, died at the family home, 806 Oak street, 4:40 a. m. Monday following a lingering illness. Death came at the age of 55 years, four months and nineteen days.

Mrs. Shadinger was born in Columbia county, Oregon, on June 28, 1870. She has long been a resident of Klamath Falls, where she is survived by her husband, G. G. Shadinger, a daughter, Mrs. Gale Webb, and a grandson, George Ticer.

A member of Forbes Presbyterian church in Portland, Mrs. Shadinger has long been identified with work in church circles. The funeral services will be held from Whitlock's funeral home Wednesday afternoon, at two-thirty. Rev. A. L. Rice will officiate. Mrs. J. L. Johnson will sing "Nearer My God To Thee," and "Safe in the Arms of Jesus."

Interment will be in the family plot, Linkville cemetery.

## POLICE RAID GAMBLERS

### LOS ANGELES, Nov. 16.—Continuing their drive against gamblers and vice dens, police vice squads Monday battered their way through three resorts with axes and placed 21 suspects under arrest.

The police drive against the gambling dens so far has netted 200 prisoners since the campaign started a week ago.

## County Court Officially Ignorant of Action of Grand Jury on Justice Funds

"The Klamath county grand jury report—I've heard nothing of it—at least officially," replied County Judge R. H. Bunnell yesterday.

"Until I do hear, officially, the county court will naturally take no action regarding the report."

Judge Bunnell referred to the recommendations of the deliberating body to the effect that the records of two justices of the peace in this vicinity, be investigated.

The justices, the grand jury intimated, had received monies from the county court to which they were not entitled under the Oregon laws.

The justices are R. C. Spink, of the Wood River district, and J. O. Hamaker, of the Lost River district. Court attaches who should be "in

the know" declined to explain the items of cost, said to have been paid illegally by the county court, and Judge Bunnell said he would rather wait until he is formally notified of the grand jury's action.

The investigation and audit, which are to be conducted, are to be under the supervision of the district attorney's office, which is "requested to make a complete and thorough probe and audit of the transcripts and cost bills—and to promptly take any and all legal steps that may be proper and lawful, by action in the courts or otherwise—for the recovery from said justices the full amounts of money obtained by them by reason of such improper or illegal claims paid."

## 12 MEN DROWN IN HEAVY SEAS

### Unconfirmed Report Tells Of Hospital Workers In Small Boat Tragedy

HALIFAX, N. S., Nov. 16.—Eleven of the crew of the steamer Morille, thought to be an American hospital ship, are reported to have drowned when a small boat in which they were returning to their ship capsized today in a heavy sea off Shelburne, N. E.

The Morille is believed to be working among the Atlantic fishing fleets. The navy department, at Washington and other naval and private radio stations along the north Atlantic coast, failed to confirm this report at 1:15 this morning.

## NO STATEMENT—YET, SAYS COURT

### County Judge Bunnell Not Ready to Comment on Warrant Issue

Six words sufficed to express the attitude of County Judge R. H. Bunnell, yesterday, when he was queried as to his attitude regarding a story to the effect that a local bank had declined to accept any more paper from the Klamath county court.

"I have no statement to make," Judge Bunnell smiled. He added, however, the word, "yet."

Judge Bunnell declared that the county's finances are in good shape and insisted that residents of the community have absolutely no cause for alarm.

"Everything will be ironed out nicely—I promise you that," the judge commented. "I am making no statement now, because I feel it is not necessary, and the time is not ripe."

## CHIEF REINSTATED AFTER INDICTMENT

### MICHIGAN CITY, Ind., Nov. 16.—Richard J. Kruse, was reinstated as chief of police of Michigan City Monday night by the city commission, in regular session, upon petitions signed by all members of the police force and a large number of citizens.

Kruse resigned last Saturday, after the grand jury had returned an indictment, charging him with accepting bribes from bootleggers.

His reinstatement was greeted with applause by a large body of citizens, many of whom made speeches, expressing belief in his innocence.

## Seeks 'Leggers, Gets Preachers, Bankers And City Officials

SPRINGFIELD, Ill., Nov. 16.—(United News)—J. B. Madden, deputy prohibition commissioner for Illinois, requested a local newspaper to ask its readers to report the names of bootleggers.

The mail, under the plan, brought Madden the names of every minister, banker and city office holder in Springfield.

The prohibition commissioner believes the bootleggers took liberal advantage of his offer.

## YOUNG RADICALS ARE HELD ROUGH ON AGED DIGNITY

### LaFollette and Nye Annoy Elders

WASHINGTON, Nov. 16.—This is going to be a long, hard winter for the graying sticklers for senatorial dignity. They suffered anxiety enough over the prospect of Charles G. Dawes lambasting the revered rules. But now there is this pair of radical youngsters just barely 30, and raised on the raw meat of the radical northwest, Robert M. LaFollette of Wisconsin and Gerald P. Nye of North Dakota. Both of them promise to be distinctly annoying to the sedate elders, who want the senate to remain a cross between a rich man's club and the old men's home of politics.

The republican leaders have some hope of preventing Nye from taking his seat by questioning the power of Gov. Borah to appoint him. But LaFollette was elected by such a tremendous majority that he can't be kept out. The senate leaders hope to handle him in another way.

All new senators are subject to discipline something like the hazing which a freshman gets in college. They must sit on the back row, take the less desirable committees and do the tedious reading of claims, testimony reports and petitions for those committees. Usually new senators come to Washington burning with zeal for service and stand ready to break into fervid oratory upon the slightest provocation. But most of them are restrained by a fatherly talk from an older senator. When a youngster threatens to jump off the party band wagon on some important measure, he is patted on the back by the senate leaders and usually is subdued by the system of cajolery, which has been elevated to a fine art in the senate. When LaFollette the elder first came to Washington the system was applied, but he thumbed his nose at it and had the independence to defy it throughout his career here. Young Bob will have the same decision to make. His campaign utterances and election statement indicates he intends to make an honest effort to follow his father.

## CATTLE KILLED BY GUN WOUNDS

### Hunters Must Exercise Care Or Tule Regions May Be Posted By Cattlemen

Unless hunters exercise discretion they are apt to find the major part of the famous Tule lake hunting grounds posted against them.

This was the quiet reminder sent out yesterday from the meeting at Klamath Falls of the cattlemen's association. It seems that the hunters have been speeding out into the fields at flocks of geese and doing considerable promiscuous shooting.

To date this season, two fine cows, owned by Frank P. Corpening, have been ruined by gunshot. Also one male of unknown ownership. As leases of the hunting grounds the cattlemen can post against hunting if they so desire. While there is no objection to the hunting, the cattlemen can't see the sense of shooting up the stock.

Among the cattlemen present to hear Hagen's report were: Jim Givens, Frank Gross, Walt Campbell, George Hagelstein, Orb Campbell, Dave Lisky, Frank Corpening, John Lisky, Fred L. Pope, E. S. Eves, Dan Lisky, Jean Wilkinson, W. C. Dalton and J. D. Grimes.

## HUNTING WITHIN CITY MUST STOP

### Game Warden Calls Attention Of Citizens to Shooting Of Local Woman

Hunting within the city limits must stop.

This is the edict of M. J. Barnes, game warden, following the shooting of Mrs. John Linman of Shipington last Saturday while she was hanging out clothes in her back yard. Small boys were responsible.

Sunday, a week ago, Patrolman Mitchell brought four men to the city hall. They had been shooting on an island in Link river. Mayor Goddard let the men go, according to Barnes.

"Release of the men does not set a good example for the boys of the neighborhood," says Barnes. "And the shooting of Mrs. Linman might have been disastrous. Fortunately she had her back to the boys who fired in her direction or her eyes might have been put out. As it was she was peppered in the back."

Barnes wants the public to understand that all of Link river and the lake, one-half mile west from the intake is in the city limits. He wants it further understood that it is unlawful for anyone under 14 years of age to carry or shoot a firearm without the child is accompanied by a parent or guardian.

## ROAD HOUSE MAN TO FACE CHARGES

### WEDNESDAY MORNING AT 9 O'CLOCK, Ted Lewis will have the privilege of saying "Good morning, judge."

At that time he is to be arraigned in justice court to answer to a charge of possessing liquor. A place, the three-mile house, alleged to have been conducted by him, was raided by Prohibition Officers Cole and Boyd late Saturday night.

Lewis was released after he had furnished \$225 bail.

## ANYONE CAN BE VAMP

### CHICAGO, Nov. 16.—(United News)—"Anyone with a sex appeal can be a vamp," says Theda Bara, who has deserted the vampire roles that made her famous in the pre-war days. "Vampire requires no artistry whatever. For me, henceforth, high comedy."

Enroute to New York from California Miss Bara stopped off in Chicago Monday long enough to explain why she has given up vamping.

## MAN, WOMAN ARRESTED

LOS ANGELES, Nov. 16.—Mrs. Pearl Schuster, 35 and Fred Matson, both of Seattle, were arrested here by federal agents, charged with conspiracy to violate the Mann act.

## CINDERLESS CITY ORDINANCE HELD UP TILL NOV. 19

### Measure Is Given Its Third Reading

Verbal cinders choked the throats of aldermen, oral sparks flew about the city hall, and metaphorical smoke-consuming devices were in order at the regular council meeting last night when the aldermen considered a bill for an ordinance demanding spark arresters for local smoke stacks.

The ordinance, read last night for the third time, was tabled until Thursday night when the council will hold a special session with a view to disposing of the bill.

Keith K. Ambrose, local fire chief, was chief spokesman for those who are striving for a cinderless city, and G. C. Lorenz, of the city heating plant, represented the defense.

Chief Ambrose said that spark arresters, however, modern, will not prove efficacious provided the boilers are forced. He declined to name the type of arresters he favored.

G. C. Lorenz of the city heating plant, declared he knew of little he could do to prevent what has been termed a "nuisance." Many residents of Klamath Falls, annoyed by the drifting cinders, have pointed out that other cities have virtually alleviated the cinder problem.

Women have complained that the black particles settle upon their freshly-laundered clothes, and business men say that the cinders find their way into stores and ruin merchandise.

To one of Lorenz's statements, Chief Ambrose made a sharp reply. "I don't care what kind of an arvester you get," he said, "so long as these cinders quit flying about the town."

The proposed ordinance provides that an owner or operator of a plant on which there is not a proper arrester shall, upon being found guilty, be fined not less than \$10 nor more than \$100.

It was in answer to the defense contention that the new arvester was not entirely effective, that it was claimed that high-pressure boilers rendered it useless.

## POLICE COURT CASES NET CITY SUM OF \$60

### Week-end activities in Klamath Falls made \$60 for the city treasury and 10 days in the city jail for one unfortunate.

Four men were brought before Police Judge Lem Gaghagen yesterday, and each given the customary \$20 or 10 days. One failed to provide his fine.

Harry Ragan was fined \$10 for speeding on Esplanade street, brought in by Officer Patterson. This was Ragan's second offense.

## SILK Remnants

### Of all kinds up to lengths of 3 1/4 yards, for making of presents and other incidentals can be found on our remnant counter.

Enroute to New York from California Miss Bara stopped off in Chicago Monday long enough to explain why she has given up vamping.

## THE WEATHER

### SEATTLE, Nov. 16.—(United News)—Two bandits Monday afternoon tied J. H. Williams, real estate broker, to a chair in his office on the 14th floor of the Smith building, and escaped with \$15,000 in diamonds and jewelry, which Williams had been selling privately.

Oregon: Unsettled, with rain Monday night and probably Tuesday; moderate temperatures, southerly winds becoming westerly.

## MAN, WOMAN ARRESTED

LOS ANGELES, Nov. 16.—Mrs. Pearl Schuster, 35 and Fred Matson, both of Seattle, were arrested here by federal agents, charged with conspiracy to violate the Mann act.

## CLAIM WASH SPOILED

### Matter Finally Laid Over Until Next Thursday Special Meeting

Verbal cinders choked the throats of aldermen, oral sparks flew about the city hall, and metaphorical smoke-consuming devices were in order at the regular council meeting last night when the aldermen considered a bill for an ordinance demanding spark arresters for local smoke stacks.

The ordinance, read last night for the third time, was tabled until Thursday night when the council will hold a special session with a view to disposing of the bill.

Keith K. Ambrose, local fire chief, was chief spokesman for those who are striving for a cinderless city, and G. C. Lorenz, of the city heating plant, represented the defense.

Chief Ambrose said that spark arresters, however, modern, will not prove efficacious provided the boilers are forced. He declined to name the type of arresters he favored.

G. C. Lorenz of the city heating plant, declared he knew of little he could do to prevent what has been termed a "nuisance." Many residents of Klamath Falls, annoyed by the drifting cinders, have pointed out that other cities have virtually alleviated the cinder problem.
