**The Why of This November Sale**

We have but one reason for putting on this Clearance of Women's, Misses' and Children's Coats in November—to clean out our ready-to-wear department that we may not have any fall and winter coats taking up room during the holiday season.

For that reason we are putting the Prices Down where these coats will move out immediately, within two weeks. The winter season has just begun. For the women who have been waiting expectantly for such an occasion, this November Coat Clearance offers the realization of their expectations in style, warmth, quality and economy.—Golden Rule Values.
