FAVORS TREATY

Step Toward League Principals

NEW YORK, Nov. 18.—(United News)—The ratification of the League of Nations treaty by a majority of the Senate is a step toward the realization of the principles of the League of Nations.

STRIBLING MATCHED TO FIGHT BRITTON

NEW YORK, Nov. 18.—(United News)—Young Stribling, whose approaching fistie maturity is interesting fight fans, has been signed to meet Bill Britton, of Kansas City, in a fifteen round bout at New Orleans, Thanksgiving night. The Atlanta youngster will be 21 in January, after which Tex Rickard is hopeful of getting Stribling to appear in a fifteen round fight in the new garden.

VETERAN RACE DRIVER MAKES NEW TRACK MARK

CULVER CITY, Calif., Nov. 18.—Earl Cooper, veteran race driver, established a new track record for the local speedway, when he turned four trial laps at the rate of 138 miles an hour.

Cooper's was the first official practice for the 250-mile event, which is to be run on November 29.

service its whim or necessity may demand. If the demand for utility service were uniform throughout the day and year, the problem would be one of simple mathematics.

If a householder has electric light service available but fails to use it for a time, it still costs the central station approximately \$20 per year to keep the service ready for use. That amount is about one-third of the annual revenue received from the average home.

Recognition of the justice of the service or "readiness to serve" charge has been accorded by the public utility commissioners in 38 of the states and by a large number of courts. It is approved also by the federal bureau of standards. It is a basic part of the rate schedules of virtually all of the country's utilities.

GRANGE IS GIVEN SET ULTIMATUM

Football Player Told Must Turn In Suit If He Is To Play Pro Ball

CHAMPAIGN, Ill., Nov. 18.—(United News)—The dramatization of "Red" Grange as the matinee idol of American football, and persistent rumors he is about to become a professional, have brought a storm of protest against professionalism from throughout the big ten and other conferences.

"Red" declares he has not signed to play with a professional team after his college football career is ended next Saturday, but the episode here, in which Coach Zuppke told the Illinois marvel that if he had signed he would have to turn in his suit, has thrown new light on the subject of professionalism from the viewpoint of leaders of amateur sports.

The Illinois university athletic office and coaches are said to have received scores of messages from similar offices and officers in other schools, urging that every effort be made to dissuade Grange from becoming a professional, even after Illinois ceases to control him as an amateur.

The reason behind all these protests, officials here said, is that too often professional teams rob a player of all the "real sportsmanship" he learned in college. Professionals play for money and often the money becomes the main object of the game, so Illinois is concentrating on the sorrel top in the hope of removing from his mind every thought of professionalism.

Dempsey-Wills Must Just Box, Not Fight

INDIANAPOLIS, Ind., Nov. 18.—(United News)—Attorney General Gilliom, Wednesday ruled that the proposed fight in Michigan City, Ind., next summer between Jack Dempsey and Harry Wills, may be held if it is no more than a "boxing exhibition." If it becomes a "prize fight," however, it must be stopped as illegal, the attorney general's opinion said. Police will be stationed near the arena to determine when the bout crosses the hazy line that distinguishes boxing exhibitions from prize fights in Indiana.

NATIONAL GRANGE FIGHTS INCREASE

SACRAMENTO, Nov. 17.—The national grange went on record Tuesday as being "emphatically opposed to any increase in the agricultural schedule at the present time."

Through adoption of the report of its transportation committee the organization expressed opposition to any horizontal increase in the freight rates and authorized filing of objection with the interstate commerce commission at hearings in San Francisco and Kansas City.

The grange contends that freight charges on agricultural products are out of proportion to those on other shipments.

For the first time in the history of the order, all officers were re-elected on the first ballot. Terms run for two years. Louis J. Tabor, of Columbus, Ohio, was renominated national master.

WELTERWEIGHTS SIGNED FOR BOUT

Mickey Walker, Title Holder To Meet European Champ During December

NEW YORK, Nov. 18.—(United News)—Tex Rickard has signed Mickey Walker, world's welterweight title holder, to meet Tommy Milligan, European champion, in a fifteen round championship fight here next month.

Unable to put on this bout as part of the Christmas fund show, because of a new ruling by the New York boxing commission, requiring that 50 per cent of the gross receipts be given to charity, the promoter will go before the commission Friday with a proposal of a slightly different nature.

Tex will explain to the fistie papas that the demands of Mickey Walker and his manager, Jack Kearns, are so great that nothing would be left after the champion was paid, and 50 per cent of the gross "gate" had gone to the Christmas fund. He will propose that he be permitted to stage the Walker-Milligan bout at the top of an all-star card, under his own management as a regular Rickard show and offers to divide the profits with the Christmas fund.

In the interests of obtaining as much money as possible for this deserving charity, the boxing commission would do well to accept Rickard's offer. The new ruling that gives 50 per cent of the gross to charity has resulted in a stampede of champions and top notchers, none of whom is willing to box for a reasonable amount of money. It is clear that unless the boxers accept small purses, the promoters, who have to give up 50 per cent of the gross and pay all the expenses, would stand to lose a lot of money.

The prospects for a good card—(Continued on Page Four)

YALE GETS ODDS OF 2-1 OVER HARVARD

NEW YORK, Nov. 18.—Wall street betting odds make Yale a 2 to 1 favorite over Harvard in next Saturday's football game, which will terminate a half century of gridiron rivalry between the two universities.

STANFORD-BEARS READY FOR GAME

Bonfire Rallies in Rival Camps Tell of Keen Interest Felt

SAN FRANCISCO, Nov. 18.—With both Stanford and California holding their annual bonfire rallies Wednesday night enthusiasm over the "big game" between the two traditional rivals has mounted to a high pitch in this section. Alumni of both institutions have crowded hotels here, fabulous prices are being offered for tickets to Saturday's game. The Stanford stadium has been given a capacity of close to 70,000 by installation of as many new seats as could be built in the available space.

The game itself appears to be a toss up. Stanford may be a slight favorite by Saturday because of the Bears' defeat by Washington and an injury to halfback Dixon, which may keep him out of the game. Ernie Nevers, star Cardinal fullback is in good shape for the best effort of his career, according to word from Palo Alto.

Following the campus rallies Wednesday night at which players and coaches gave short speeches the teams were bundled off to quiet hotels, where they will remain until Saturday.

GOPHERS HOPE TO BEAT MICHIGAN

Coach Spears, With Eye on Big Ten Title Working Hard for Game

CHICAGO, Nov. 18.—The dispatches from Minnesota, telling how the Gophers expect to wallop Michigan next Saturday at their own game in the air, are important because they confirm the suspicion that football of the 1896 variety lies dead and buried on Stagg field with Dartmouth's 33 to 7 epitaph engraved on the tombstone. The epitaph is the handwriting on the wall, and Dr. C. W. Spears, the new coach at Minnesota, apparently is taking cognizance of it. The passing of "Swede" Oberlander for the big green on Stagg field made it plain that football coaches should develop throwing arms as well as plunging backs.

Coach Spears, his eye on the big ten title, and the little brown jug now gathering dust in the trophy rooms of the University of Michigan has been busy all week trying to develop a football pitcher. At the same time he has engaged the services of three scouts, who are now at Ann Arbor studying the passing attack of the Wolverines.

It is true that Minnesota tossed Iowa into bankruptcy last Saturday by the ancient line-bucking style of play, but it is also true that the Hawkeyes exhibited no aerial football. Michigan is quite another problem. The Yost men have the best record of any big ten conference team this year, because they are privy to the fact that it is easier to throw a football ten yards than to push it through a thousand or more pounds of flesh and bone. On top of this Michigan has Bennie Friedman, who knows how to throw a football as well as kick.

When it's Thanksgiving—and the teams are drawn up for battle on the gridiron—when the first touchdown goes over and the grandstands rock with frenzy—have a Camel!

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and domestic tobaccos. The most skillful blenders. The most scientific package. No other cigarette made is like Camels. No finer cigarette can be made. Camels are the overwhelming choice of experienced smokers.

WHEN the college bands are playing to make your blood tingle. And the cheers and answering songs sweep back and forth between the opposing thousands of rooters. When, following that tense hush, a swift player darts out from the flashing formations on the gridiron and races across the goal for the first touchdown—oh, man, or superman, when the taste of joy is too keen to endure—have a Camel!

For Camel is the boon companion of your joys. Roam as far as you will from the prosaic things of every day, Camel will be the truest smoke friend you ever had. Not a tired taste, not a cigaretty after-taste, not a regret in a million Camels! Just full and fragrant smoke contentment, just added zest in living.

So when your own college's team tears through for its first smashing goal this Thanksgiving Day—when life seems fullest of the frenzy of happiness—joyfully apply the fire and taste the smoke that's loved by millions.

Have a Camel!

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Co.
