SPORTS

(Continued from Page Six)

opponents have found out.

Gibbons has met some good men on the coast. He recently won a six round decision over Jimmy Harms of Seattle, the latter taking them all on in and around the Queen city of Puget Sound. Jimmy is the brother of Billy Harms, of whom all fans of the coast have an intimate knowledge due to his hard fighting qualities.

Watson is a boy who is also to furnish an exceptional go on the coming card. Just now it is not settled who he is to meet except that it will be either Wilbur Harrington or Mike DePinto. DePinto will be remembered as the last little Italian boxer who stood up gamely against Kid Starkey in the main event here a few weeks ago.

This card too, will be what is termed a double-head- liner, the two leading bouts between men who have shown in the head line events during most of their recent fights. For Harrington, it will be a chance to show what he has got. He and Watson will be about the same weight or close on thereto, which will give the Chiloquin boy an opportunity to meet someone a little cleverer, but without having to give away weight. There are those too who pay Harrington the tribute to say that Watson has nothing on him in the way of cleverness unless experience has given him such. That, however, remains to be seen when the bout comes off.

One other thing in which the fans will be interested is that a change of referees is to be effected for the next bout. Those who follow the boxing game always like to see a referee changed after so many fights. There was also voiced some dissatisfaction with the former referee's decision on several bouts, so that the management of Scandia Hall believed it was just as well to try some one else. That's the best anyone can do.

Bobby Ross has been announced for the man to succeed Powell. Ross is a man who has the confidence of a large following in this section of the country. He knows his groceries too when it comes to telling a couple of belligerants where they get off at and is held capable of making up his mind as to the merits of a fighter without fear or favor.

MICHIGAN WINS BIG TEN HONOR

Minnesota Taken Into Camp After Gruelling Mill By 35 to 0 Score

ANN ARBOR, Mich., Nov. 21.—(United Press)—Michigan won the big ten football championship here this afternoon by passing, plunging and intercepting its way to a smashing 35 to 0 victory over Minnesota.

The Yost men, excelling in every department of the game, moved into an early and commanding lead, and registered a touchdown in every quarter until the final, when a sustained drive netted two touchdowns.

Michigan's brilliant attack was backed by a stonewall line, which held the players virtually throughout the game in Gopher territory, and repeatedly speared the famed Minnesota shift, which last week rolled up a score of 33 to 0 against Iowa.

The game was played under ideal conditions before a crowd of 50,000 fans, who jammed every available seat in the Ferry field stadium.

CHRYSLER STOCK CAR GETS RECORD

Ray Logan Drives Machine Over San Benito Road For Mile In .32

A Chrysler semi-stock car, owned and driven by Ray Logan, an employe of the Southern California Chrysler distributor, has captured the world's record for a mile straight-away for this type of car.

Logan drove his Chrysler a measured mile in 32.2 seconds on October 10 at Rogers dry lake in San Bernardino county. This is at the rate of 111.8 miles per hour. The former record made by Joe Nikrant in the same spot on April 17, 1923, was 108.24 miles per hour.

The Chrysler run was made under the supervision of Los Angeles newspaper men, who held the stop watches, certified the distance, and agreed that Chrysler had set a new world's record for cars of this type. They were John Swallow, "Express," Hershell Bluett, "Herald," Frank C. Johnson, "Examiner" and R. J. Grewer, "Times."

This record is considered all the more remarkable because Logan has never had any experience with the fast ones. He is only twenty-three years old, but had ambitions that point toward the speedway, and a fast Chrysler is his first step in that direction.

Officials of the Chrysler organization and Richfield Oil company were on hand when the run was made to congratulate the young speed demon on his success.

Logan's Chrysler is a modified stock car. The principal changes made were the substituting of a lighter flywheel, the shortening of the wheelbase to 100 inches, the installation of an extra carburetor and the changing of the gear ratio from standard 4.6 to 1, to 3.28 to 1, and replacement of the standard body with one of the racing type. However, the pistons, connecting rods, crankshaft and other parts of the motor were identical with those that are in every Chrysler that goes on the road, and Chrysler officials feel that the supreme test that these motor units were given in carrying the Chrysler over the course at 111.8 miles per hour proves conclusively the worth of the stock Chrysler.

WILLYS-OVERLND CHIEF ON COAST

L. G. Peed, general sales manager for the Willys-Overland, Inc., is now on his annual trip through the Pacific coast territory, visiting the factory branches and distributorships representing the huge organization, whose sales policies he directs.

His trip this year takes on more than the usual significance of a visit of this nature, owing to the tremendous gains which have been made in the sale of Overland and Willys-Knight motor cars during the past year.

The winter months find the Pacific coast territory being called upon to support the major distributing plans of the eastern factories, due to the heavy winters in the central and northern part of the country, which hold up buying interest.

Mr. Peed will review the results of the significant price change in the Overland standard sedan, which is now being sold at the lowest price ever set on an enclosed car of standard specifications.

He will also go into the results obtained through the Overland six and the Willys-Knight six, two new and major developments of Willys-Overland during the past year.

Just preceding the trip now being made by Mr. Peed, came the announcement from the factory that the Willys-Knight six, which had previously been made in five-passenger models only in the sedan type, is now being furnished in a seven-passenger model. Distinctive features of the new seven-passenger sedan are: Tire carrier on the left front side of the car, fitting into the front fender, deep body dimensions, and a low swung chassis.

TOLEDO, Ohio, Nov. 21.—The Toledo "slugger" made another attack on an unidentified woman here tonight. The woman, who refused to disclose her name, was attacked six squares from the spot where Miss Lorine Braun, 15, was picked up unconscious, the victim of an attacker, earlier in the evening, she told police.

Tonight's attacks took place in the south part of Toledo, miles from the scene of the earlier assaults.

YOU'LL WANT TO SING LIKE A BIRD

It's some relief to get a set of real tires on your car. You won't have to pull out of the garage wondering whether or not you'll be coming home on the rim. Get a pair of SEIBERLING CORDS. They're the best insurance against trouble you can buy.

True, there are lower priced tires, but what's the use investing in a bunch of trouble? A set of cheap tires will get you by for a while, but not for long, and then when your worries start they will certainly come in bunches.

Ever have to get out in the rain to change tires? We'll bet that it didn't appeal to you as being a particularly humorous situation.

Why tempt fortune too far? A blow-out may mean more than discomfort—it may mean disaster.

Play safe. Get a set of tires that you know will stand the gaff.

Get your SEIBERLINGS now.
