**TOYLAND!** The gates are open, and you may roam far and wide, glimpsing the wonders of this magic land where dreams come true. If you are a child your eyes will grow wide with delight. If you are a grown-up, your joy will be as great, for Toyland is Childland, and at Christmas you may return to it, where jolly old Santa reigns supreme and play is the order of the day.

Dear Girls and Boys:  
We have just received a radio message from Santa, saying that he wants each one of you to write him a letter telling just what you want, and that if you will mail it in care of Perkins' Furniture Store he will surely get it, as he will be here next Saturday.  
And don't forget that Santa Claus will give every good little girl and boy a bag of candy. He will be in front of this store Saturday afternoon from 2 to 4.  
Yours for a big time Saturday,
