

CAPT. APPLIGATE RECITES FACTS OF EARLY DAYS

In the "Those Who Come and Go," column of the Portland Oregonian of last Saturday morning was found the following item concerning Captain O. C. Applegate of Klamath Falls:

"When the Modoc war was occupying the center of the stage and Captain Jack and his hostiles were defying the army of the United States in their lava bed stronghold, it was Captain O. C. Applegate who was a bulwark for the white settlers. Patriarchal in appearance, with long flowing white beard and his coat decorated with medals, Captain Applegate made the journey from Klamath Falls to Portland yesterday to be with the old subscribers of The Oregonian. He registered at the Imperial. The captain himself is quite modest about the part he played in the Modoc war. 'I may have had some influence on old Chief Scorchin, who had half of the Modoc tribe with him, but he was a splendid Indian and he may have held to the treaty of 1854 without any encouragement from me. It is a fact, however, that had Chief Scorchin taken his Modocs and old Chief Ocheo of the Plutes, his warriors, and they had joined the hostilities under Captain Jack and old Chief Scorchin's brother, Scorchin John, the Indians could have and probably would have wiped out every white settler in that part of the country. I was living at Yalmox at the time and was supply man for the Indians. The hostiles had massacred some white settlers at Tule lake and were ravaging the country, but old Chief Scorchin and old Chief Ocheo—don't spell that 'Ochoco'—were loyal to the treaty. There has been some talk of erecting a monument to General Canby on the spot where he was murdered with members of the peace commission, and to marking the various battlefields, but if there is any one to whom a monument should be erected it is to old Chief Scorchin. He deserves one, for he stood between the hostiles and the whites, and but for his loyalty to his word, there would not have been a white person left alive in that country.' Captain Applegate says that Ocheo river was named after Chief Ocheo, but the name wasn't spelled right, just as old Chief Paunina's name has been misspelled Paulina and has been applied to lakes and mountains in central Oregon. Paunina was the correct name of the old war chief, the captain maintains.

RICHIE DECIDES AGAINST KELLER

At a late hour last night Matchmaker Johnny Sylvester announced that the proposed main event for a week from tonight, between Earl Richie Klamath Falls white hope, and Willie Keeler, champion heavyweight from Idaho, has been suddenly called off.

Sylvester said Richie was responsible for calling the bout off, but did not state the local boy's reasons.

"I will have to put over some fast work now to get a couple of first class boys to head that Dec. 15th card," Sylvester said, "however, I believe I can find the solution through Starkey, if it is possible to get a real match for him."

Jack Crim, Indian boxer, and Sid Herbert, once popular favorite, are putting in some real Hicks getting ready for their exchange of blows, which ought to prove a real drawing attraction.

"One Round Hogan," who electrified the fans at the last card when he knocked Jim Fleming unconscious, will be seen in action again, and it is possible that Fleming will be given another chance; Jim claims his last knockout was a fluke and is begging for another crack at Hogan.

POWELL BUYS STORE

A. J. Powell, formerly of Powell & Dale, has purchased the H. S. Gooding store, 236 Main street, according to an announcement made last night.

Powell took change of the affairs of the store at 2 o'clock Saturday afternoon. The business will be improved, although conducted on the same plans as those which Gooding practiced for a number of years, according to Powell.

MARRIED AT FRESNO

A marriage of great interest in Klamath Falls is that of Tom Miller to Norma Probst Jefferies, which occurred a fortnight ago in Fresno. Until her marriage Mrs. Jefferies was employed in the Western Union office of Klamath Falls. Miller is also well known in the city.

Simple Mixture Makes Stomach Feel Fine

Simple buckthorn bark, magnesia sulph. c. p. glycerine, etc., as mixed in Adlerika, often helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you happy and cheerful. Excellent for chronic constipation. Adlerika works QUICK and delightfully easy. Whitman Drug Co.—Advt.

Icy Pavements Sunday Menace

Roads and highways over the Siskiyou mountains proved treacherous Sunday when three cars went over the banks due to frost on the pavement. One man was killed, another seriously injured, another suffered minor bruises but perhaps internal injuries and yet another lost his car and received cuts about the face and hands from flying glass.

Of those to go over the Siskiyou bluffs at various points along the road one was a Klamath Falls man, M. R. Scotti of the Scotti Produce company of East Main street. Scotti was slightly injured, although head work in the use of his wheel saved him from probable death.

Washington and Alabama to Play

PASADENA, Calif., Dec. 7.—The University of Washington has reconsidered its refusal to play in the annual gridiron classic at Pasadena New Year's day and will meet the University of Alabama eleven. It was announced here Monday by Lester Henry of the Tournament of Roses committee.

Henry said that he had been in touch with the athletic faculty of the Washington university and that they had assured him they would meet any opponent selected.

Confirmation of the report that Alabama had agreed to engage in the inter-sectional classic had not been received by the committee at a late hour Monday.

OPERATORS NOT AGAINST UNION

Mine Owners Claim Strong Workers Organization An Advantage

NEW YORK, Dec. 7.—The anthracite operators' negotiating committee is not trying to break the miners' union, create a famine, reduce wages in order to maintain profits or conceal operators books and profits, William W. Inglis, chairman of the committee asserts in a statement.

The statement contradicted Philip Murray, vice president of the mine workers union.

"We want a strong union of our workers. In one operators' discussion have I ever heard the subject of destroying the union mentioned," said Mr. Inglis. "If there is any trouble with the present union, it is the weakness of the organization, which will not face facts and fight its own battles independently of conflicting interests in other fields.

"The charge we would create a famine to increase prices is too ridiculous to discuss. If such a famine occurs, it will be the result of the union's refusal to let the men go to work on workable terms from the beginning, we have insisted that production could and should go on, regardless of pending negotiations. That attitude obtains today.

LOCAL MEN ARRESTED ON DRIVING CHARGES

Try and convince Ralph Severson, of Klamath Falls, and J. W. Keefe, also of this city, that clouds invariably are found to have linings of silver.

Each of the men was arrested over the week-end by County Traffic Officer Knowles. Severson found himself charged with reckless driving, and Keefe is accused of speeding and driving without an operator's license.

Both Severson and Keefe are to be arraigned in the near future in justice court.

W. C. Martin, of Klamath Falls was, according to a local officer, speeding with his automobile last week-end.

L. F. Baldwin, it is also charged, likewise was making the wheels of his car turn round too fast. In addition, according to Officer Knowles, Baldwin's car had no tail light.

Both of the men were placed under arrest and were cited to appear in the local justice court.

POWELL FAILS TO LAUNCH CRUSADE

Z. J. "Doc" Powell, confessed exponent of righteousness as regards safe-keeping of the municipality's morals—Mr. Powell who, at the city's aldermanic table, smiles benevolently at Mayor Fred Goddard; Mr. Powell who may have heard rumblings having to do with his pretensions to whiten what has been colorful Klamath Falls—Mr. Powell sat at the regular council meeting last night.

That is the point of the story; that is the tale. Mr. Powell who, at a former meeting, excoriated other members of the police committee for their failure to attend a special gathering to revoke a poolroom license; Mr. Powell who had challenged Councilman Stuckey to second his motion to deny a permit; Mr. Powell, who, in the manner of Horatius at the bridge, had called for the support of his colleagues—Mr. Powell sat.

No golden word, referring to a city clean-up campaign, came from the occasionally pursed lips of the city's most recently elected alderman. Despite the fact that bold-faced type, before the aldermanic physiognomy, had intimated that Klamath Falls maintains questionable houses, no syllable of a Billy Sundayish character, schooled about the council chambers.

Mr. Powell, professing a sincerity which, until last night, could scarcely be questioned, refrained from any dissertation whose theme was moral clean-up week.

The story is told; the tale is ended.

For Mr. Powell failed to lead his brethren out of the unclean wilderness.

Alderman Powell sat.

NO TAIL LIGHT GETS RANCHER IN DUTCH

Time was when the grizzled pioneer, laboriously making his way across the continent to the west, needed—or rather was not required—to provide lights on his vehicle.

But that was a time that but few men, nowadays, know. His failure to provide illumination while traveling on the public highway with a wagon and team last week-end caused the arrest by County Traffic Officer Knowles of I. E. Kilgore.

Kilgore was released temporarily, but will appear before Acting Justice of the Peace Emmitt.

TEN DOLLARS, PLEASE, SAYS JUDGE EMMITT

Justice of the Peace Emmitt glanced across his table at C. J. Lewis.

"Guilty, eh?" he asked.

Mr. Lewis admitted he was. He had been arrested for parking his automobile on the public highway.

"Ten dollars," said the judge. Mr. Lewis paid his fine.

J. R. Jennings, who lives in Shippington, is yet to face the justice. He, too, was arrested, but his complainant says he was speeding.

He was arrested by County Traffic Officer Knowles.

ESCAPE OF LEWIS NOT A SURPRISE

could do to keep him prisoner, but we had no alternative. We couldn't put him in the pest house for fear he might contract some disease, and that the county might be liable."

Lewis is an alleged bootlegger, accused of formerly being the proprietor of the Two-Mile house, and the Three-Mile house.

Lewis, arraigned before Ed Kendall, former acting justice of the peace, was sentenced to serve 60 days in the county jail.

"What we really need is more jail space—additional quarters that we may take care of such cases as that of Lewis' last night. 'At present I realize that every one concerned in the move is powerless to provide more space, but that is really the solution of the problem.'"

SMOKERS TOO STRONG FOR OLD ABSTAINER

licott, 23, a sailor, simply wouldn't quit, and George Crickshank, 16, a boy whose big legs swing like triphammers—came in abreast at the end of the grueling walk and finished by running, shoulder to shoulder, or three blocks down Broadway to the Journal building, where a waiting crowd cheered them heartily.

They covered the 48 miles in 11 hours and 8 minutes, starting at 7 in the morning and finishing at 6:08 in the evening. Their average was 4.3 miles an hour, without taking time out for anything.

Harry Floster, barber, who holds the state record for the five and 10 mile races, finished fifteen minutes behind the winners.

COOLIDGE PLACES BAN ON PRICE FIXING ACTS

groups. Mr. Coolidge's opposition of course, will carry considerable weight when the resolution comes to a vote.

In opposing further tampering with the tariff, however, the president was not touching upon a subject that the western farmers consider so vital. He recited figures showing that the total adverse cost to the farmer on account of the tariff is only between two per cent and three per cent of his purchase.

"On the other side," he said, "the present tariff is a great benefit to agriculture as a whole, the \$780,000,000 of agriculture produce imported last year had to pay \$160,000,000 for the privilege.

POLICE ARREST MAY CLEAR UP MYSTERY

he had ordered a policeman to investigate and that the officer had declined to enter the store where the shooting occurred.

Mrs. Williams, at the time of the shooting, told newspapermen that, although she had run into the street screaming, she had been under the false impression that her husband had shot somebody.

When Williams will be arraigned before Police Judge Gahagan was not known last night.

Taxi Line Defunct When Owner Skips

Saturday night C. W. Regan, driving for A. E. Velline, owner of the Bee Line was charged by State Traffic Officer Foster with failure to stop at a railway crossing, as regulated by the Public Service Commission. Regan was wearing a chauffeur's badge at the time which aroused the suspicion of Foster.

Looking up records Monday, Foster found that only one badge had been purchased by Velline, who traded it to Regan when the latter had occasion to drive for him.

Both Velline and Regan with the Bee Line motor had skipped the country yesterday and departed to parts unknown, following a rigid search by Foster who was anxious to place the three charges against the men.

JUDGE LEAVITT'S COURT GRINDS OUT HALF DOZEN CASES

Judgment in the sum of \$371.17 was allowed the J. B. Colt company in its suit against Oliver Martin and Emma Martin, in a decree handed down by Circuit Judge A. L. Leavitt yesterday.

A. C. Geinger and others were allowed \$149.16 and costs of \$16.50 by Judge Leavitt in a case which they filed against C. L. Turner.

Costs allowed A. C. Geinger and others in a suit filed against L. J. Horton were nearly as great as the sum sought. Twenty dollars was ordered paid, together with \$18.89 costs.

The case of R. D. Coe against Merle Reimer was dismissed by Judge Leavitt. It was an attachment suit.

R. M. McDonald received judgment in the sum of \$347, together with \$75 attorneys' fees in his suit against Robert I. Ferguson and Ray Tripiett.

A decree quieting title on property in the Klamath addition was granted G. C. Lorenz in a suit brought against Allen Sloan and others.

Judgment in the sum of \$42.20 was allowed the state industrial accident commission in its suit brought against Victor Anderson.

Attorneys' fees of \$150, together with a lien for labor amounting to \$569.52, were allowed D. W. George against the Oregon-California and Eastern Railway and others.

ANOTHER TONG WAR

MEXICALI, Mex., Dec. 7.—One Chinese is dead, another dying and a third seriously wounded, following a riot in the Oriental quarter here Monday.

BEND OFFICERS PULL BIG ROAD HOUSE RAID

BEND, Dec. 7.—With a six piece orchestra going and over fifty persons drinking, dancing and carousing, one of the biggest roadhouse parties ever encountered by Deschutes county officers was broken up, when Deputy Sheriff George Stokes and two state officers raided it Sunday evening at the Joe Miller roadhouse, west of Tumalo.

Seeing the officers coming, Miller managed to dump 29 gallons of beer and to break a number of bottles of alleged moonshine, but the raiding party managed to obtain about 8 dozen bottles of beer and two bottles of the stronger fluid.

MUSIC BATH CHARMS

LOS ANGELES, Dec. 7.—Frequenters of local cafes are resorting to the names of musical instruments as passwords when forbidden and stimulating drinks are ordered.

The "say-it-with-music" angle was revealed when federal enforcement officers haled a cafe proprietor and two of his employees into court.

"We ordered a couple of ukuleles," the prohibition men testified, "and were served whisky. Then we ordered banjos and got Scotch highballs. When we ordered a saxophone they brought us gin."

Local Briefs

Sunday afternoon was an unhappy one for John Henry Williams. Mr. Williams, according to County Traffic Officer Knowles, was in possession of liquor. It was Knowles says, intoxicating liquor. As a result Mr. Williams was placed under arrest.

Along with others he will be arraigned in justice court soon before Acting Justice of the Peace Emmitt.

Word Received in Klamath

Friends of Thalia B. Newcomb, former Klamath Falls resident and secretary of the fair board of the past county fair, have received word from her. Mrs. Newcomb is now visiting in San Francisco laying plans for her inn which will be located on the Redwood highway through Redwood national park.

Knowles Sells Land

R. E. Knowles, Klamath Falls traffic officer, has sold to J. F. Maguire, a section of property in Mills Addition, according to a deed filed yesterday.

Be sure of your furnace!

Your comfort—even your health—depends on the kind of heat you obtain from your furnace. That kind of heat depends on the construction of your furnace and the skill with which it is installed in your home. Health requires an abundant circulation of warm moist heat! Not just heated air. Comfort requires adequate heat at minimum expense and effort.
