'RED' OFF AGAIN THEN ON AGAIN

Famous Illinois Player is Keeping His Promoters In Hot Water

DETROIT, Mich., Dec. 12.—"Red" Grange, nursing an injured left arm today, sat on the sidelines for the first time since he joined professional football, and saw the Detroit Panthers outplay his Chicago Bears and win 21 to 0.

After the game, which was witnessed by less than 5,000 fans, management of the Panthers announced between \$15,000 and \$20,000 had been refunded to ticket holders who "cashed in" after it was announced "Red" would be unable to play.

While the Panthers played with the dash of a college team, probably due to a lay-off since Thanksgiving, the Bears appeared genuinely overworked. The game was played almost entirely in Chicago territory.

Between halves Grange was introduced to the fans, and was nearly mobbed when several hundred surrounded him on the playing field. Patrolmen finally aided him in seeking protection of the dugout.

Grange said he "felt good except the arm," which he is confident will mend with rest. A physician diagnosed the injury as a blood clot, and warned that if aggravated it might have serious results.

The Bears left for Chicago tonight for a game with the New York Giants tomorrow. Grange again will be on the sidelines.

OVER 7 MILLIONS ARE NEEDED TO RUN STATE

SALEM, Dec. 12.—Taxpayers of Oregon will be required to dig up a total of \$7,300,830.79 for state purposes in 1926, according to the tax levy promulgated by the state tax commission here. Of this amount \$2,028,431.72 comes within the six per cent limitation, and is a direct levy by the tax commission. The balance of \$5,162,399.07 represents special tax levies fixed by law. The state levy represents a decrease of \$229,000 from the levy for 1925.

The amount which will be contributed by some counties toward the state tax follows:

Jackson, \$195,178.52; Klamath, \$156,568.04; Lake, \$65,343.98.

PREMIER SEES WAR

ROME, Dec. 12.—War is not ended in Europe, according to Premier Mussolini.

"If international struggles don't break out now, they certainly will break out in the future," the premier said in a speech advocating extension of compulsory arbitration by labor courts. "It is necessary for Italy to be ready, then, as far as production is concerned."

"I consider the Italian nation to be in a permanent state of war, the next five or ten years will be decisive, for the Italian people."

COLUMBIA GIVES UP COACH ROCKNE

His Appointment Turns Out To Be General Mis- understanding

NEW YORK, Dec. 12.—(United Press)—Columbia university today withdrew the appointment of Knute Rockne as head coach of its football team.

A statement was issued by the Columbia university committee on athletics to the effect that it had been misunderstood regarding Rockne's existing contract at Notre Dame.

Since the famous coach, who developed the "four horsemen" and many other stars, is under contract with the South Bend university, Columbia cancels the contract which it made with Rockne, and which was signed by the latter on December 1, the announcement said.

"Had Columbia known that Mr. Rockne was under contract he would not have been offered the post here," the Columbia authorities announced.

"Mr. Rockne, when he signed an agreement with us on December 1, said he had no contract with Notre Dame."

SOUTH BEND, Ind., Dec. 12.—Notre Dame university expects Knute Rockne to serve out the eight years left on a ten-year contract as football coach, the Rev. Matthew Walsh, president of the university, told the United Press tonight.

The Rev. Walsh was notified by the United Press of Columbia university's announcement that it had "withdrawn" appointment of Rockne as football coach to succeed Charles Crowley.

"Just as I expected," the Notre Dame president commented. "When Rockne assured me over the tele-

WINTER RACING OPENS IN CUBA

President of Cuba Takes Part In Opening 12th Winter Season

HAVANA, Dec. 12.—(United Press)—With a gala celebration, the twelfth consecutive winter racing season opened here today.

The track was bedecked with flags and about the grounds were palms, tropical flowers and verdure. The heat was intense, but a breeze, sweeping in from the gulf, made the weather ideal.

President Machado, accompanied by members of his military staff, was in the executive box and joined in the enthusiasm. With the president were John McEntee Bowser of New York, president of the Havana-American Jockey club, and Charles V. Flynn, president and managing director.

LACK OF EVIDENCE DISMISSES HAVELIN

The state of Oregon brought a case against Vergil Havelin yesterday.

But the state of Oregon, in the opinion of Acting Justice of the Peace Emmitt, was prepared in every way but one.

He held it did not have sufficient evidence on which to base a case. As a result Havelin walked out of the justice court a free man.

Havelin had been charged with assault and battery on Albert Barrett.

In the case of Fred Wendt, charged with operating a truck on which the lights had not been adjusted, Emmitt assessed a fine of \$5. Wendt is a resident of Klamath Falls.

SEATTLE BEATEN

PORTLAND, Dec. 12.—After holding the Coliseum basketball quintet even in the first half, the Hall School of Commerce basketball five, of Seattle, was defeated here tonight 29 to 16.

STANFORD TAKES ARBITRARY STAND

Smaller Coast Schools Plan "Little" Coast Confer- ence Lineup

SEATTLE, Dec. 12.—(United Press)—Stanford's indirect refusal to accept rebuke for its charges of illegal playing against the University of Washington, and the formation of a new northwest conference to take the place of the former, which was weakened when the larger schools of the Pacific coast withdrew, were two features of the second and final day of the annual Pacific coast conference meeting held here.

Stanford, though penitent for the publicity it incited through its charges against the University of Washington, and the four officials who handled the affair, shortly after the business meeting proper adjourned, dogmatically refused to accept any of the four officials in further football games, and said that no official on the Pacific coast would be taken for the basketball series between Stanford and California this winter.

The conference this year has ruled that recruits from junior colleges would be eligible without the usual year of residence before the trans-

TONKIN HERE TO PICK UP DUCKS

Large Number to Be Mark- ed and Liberated After Shooting Season

George Tonkin, United States game warden, with headquarters at Sacramento, Calif., arrived in Klamath Falls last night and leaves for Tule lake today to make further investigation of the wholesale loss of ducks in that locality.

Tonkin states that if there are still great numbers of sick ducks in the affected area, he will endeavor with the aid of local sportsmen, to gather up several hundred of the birds and remove them to a big new enclosure to be prepared on Link river, and following recovery a numbered band will be placed around the leg of each duck, then at the close of the shooting season the birds will be liberated and their flight and ultimate fate can in some cases be ascertained by department through hunters in other localities reporting, the federal tags.

SCHEDULE GAMES

CHICAGO, Dec. 12.—The University of Chicago basketball team has scheduled Drake to play here January 2, and also is negotiating for a game with Iowa State (Amos.)

HEAVIES START WORKOUTS HERE

McGreer and Keeler to Show Their Wares At the Scandia Hall

Jack McGreer and Willie Keeler, exponents of the art and science of give and take in the squared arena, will both strut their stuff before local ringworms at Scandia hall this afternoon, starting at 2:30, and all fans who want to see these big fellows work out can wander over to the arena and watch 'em perform.

These two members of the beef trust will slam away at each other for a scheduled 10-round bout at Scandia hall next Thursday night, in what looks to be one of the best main events seen here for some months. Local fans have been clamoring for some big boys in action, and Matchmaker Sylvester listened to 'em and signed up a couple of the leading heavyweights on the coast. Keeler was due to arrive last night, and if he made the grade he will be on hand with his fighting trunks during the afternoon.

A lot of real interest is being aroused in the bout between Sid Herbert and Jack Crim, both of whom have a host of supporters in all parts of the country. Herbert hasn't fought in a long time, but he

You, Too, May Own
a Closed Packard

MANY a man has longed all his life to own a closed Packard, and yet still drives a compromise car. Why?

He remembers the famous Packard "30" and "18" of 1910, the "38's" and "46's" of 1913, and the mighty Twin Six, America's first twelve cylinder car.

He remembers, too; that those fine cars—all of them—cost over \$4,000 at the factory. And he has not yet learned that the Packard Six—a better car by today's standards than those he felt he could not afford—is priced far lower than any closed car Packard has built in 25 years.

Many do not know that the Packard Six five-passenger Sedan with all necessary accessories is but \$2585 at Detroit and that it can be bought on a monthly payment plan.

When they do learn these two important facts there will be a lot of new Packard Six owners who have realized a lifetime ambition.
