

Salm Baby Guarded From Kidnapers as Father Fights for Right to See It

Count Salm of Austria, whose disunion with daughter of H. H. Rogers, oil multi-millionaire, is being aired in divorce court, is attempting to obtain a legal order compelling the mother to let him see his child, Peter, now at Palm Beach, without detectives being in attendance. The babe is carefully guarded against kidnaping whenever it is taken out for an airing, and its nurse hides its face from photographers. Note detectives walking both front and behind.

SEATTLE MAN FOR JUDGE

PORTLAND, March 4.—(United News)—If Judge Wallace McCamant withdraws his name for judge of the United States circuit court of appeals, Judge Kenneth Mackintosh of Washington, will be urged in his place, says a Washington, D. C. dispatch to the Oregon Journal.

Judge Mackintosh, who lives at Seattle and is a member of the supreme court of Washington, has been recommended by Senator Wesley L. Jones and Congressman John F. Miller. They will submit his name to President Coolidge when McCamant withdraws or when the senate refuses to confirm the nomination, the dispatch said.

DEMPSEY MAY FIGHT

NEW YORK, March 4.—(United News)—Jack Dempsey will fight Gene Tunney in a 12-round no-decision championship bout either August 26 or 27 at Boyle's Thirty Acres in Jersey City, according to a copyright article Friday in the New York Tribune.

Tunney, the article states, already has signed the fight agreement and Dempsey has given his word that he will accept.

In Medford—Linn W. Nesmith of the California Oregon Power company, is transacting business today in Medford.

COLUMBUS, Ind., March 4.—School authorities expelled Matthew Johnson, 14, and bought him a ticket back to his home in Cincinnati, Ohio, after he blackened his teacher's eye when she tried to punish him for swearing in class. Johnson came here from Ohio and was living with his grandparents.

Merrill High Notes

A meeting of the student council was held Wednesday noon to discuss the plan of a Good Will Tour, suggested by the students of Klamath county high school. The idea was that as, so far, the schools have met only in competition, it would place them on friendlier relations if each school would make a tour of the other schools and present a short program. The plan was unanimously adopted by the members of the council.

Another meeting of the council discussed the advisability of continuing with assemblies as they were given during the winter months. It was voted a good plan and the seniors were asked to hold their assembly sometime near St. Patrick's day.

Both Esther and Lester Moore have been absent from school all week because of illness.

The last basketball game for Merrill was played on the Agency floor Monday night and resulted in a victory for Merrill with a 29-24 point score.

A baseball meeting for both Loys

and girls was held Tuesday to decide whether or not to have baseball teams.

Nothing was settled definitely but there is to be practice for a week or two when there will be another meeting. By this time Coach Hendrickson will know if it will be worthwhile to organize regular teams.

The senior class held a meeting Monday and voted to leave to the school a cabinet for Indian relics. While Merrill is in a very advantageous position to get relics from the Modoc war, nothing has been done along that line until this year. It is hoped that this will serve as a nucleus for a school museum. Herbert Graybael volunteered to make the cabinet with the assistance of Mr. Turnbaugh. Several of the students have already promised relics for the collection.

Cafeteria Dinner—Of interest to many, tonight is the cafeteria dinner which will be served in the basement of the Methodist church from 5:30 o'clock until 8 o'clock. The dinner will be nominally priced and already scores have announced their intentions of attending.
