### There Are Not Enough to Overcome The Prohi Law

ICAGO, March 27.—(United Press)—Prohibition was both praised and blasted tonight as Wayne Wheeler, general counsel of the national league, debated with George Darrow, ardent advocate of the law.

"Prohibition is a failure so far as a dry is concerned," Darrow said. "It is a failure so far as the nation is concerned. It is a failure to keep all drunkards. But it is a failure to the people as they have succeeded in keeping persons right."

Wheeler countered that prohibition is a failure in that it is a failure to keep all drunkards, and many are drinking.

Yesterday afternoon at 4 o'clock, in the Klamath Valley hospital, the investment paid huge dividends on its purchase price.

An infant daughter was born to Mr. and Mrs. Leland Parazoo of Modoc Point. Apparently in perfect condition, the child was born at 4 o'clock. All efforts of physicians and hospital attendants were made to make the child breathe.

An emergency call was sent to the fire department and a moment later the pulmator was placed on the child.

Work 15 Minutes

The pulmator was placed over the apparently lifeless form and for 15 minutes Keith Ambrose, fire chief, worked the apparatus. Signs of life were seen shortly after that length of time, and then normal respiration began immediately. According to hospital officials last night the child was breathing normally.
