<p>Hand Bags</p> <p>We've an unusually good assortment of hand and under arm bags. New styles. New shades of leather. Many are priced at \$5.00. A very useful and appropriate gift.</p>	

Window shades that wear and wear Brenlin

Snapping or sucking winds, the strains of every day usage, cannot harm Brenlin

Scratch lightly a piece of ordinary window shade material. Two particles of chalk or clay "filling" fall out. Brenlin has no filling

Brenlin, in a wide variety of colors, gives you a rare, rich beauty—and twice as much wear for your money.

The quiet beauty of a Brenlin window shade endures because, from first to last, Brenlin is made for wear as well as looks.

It is made without a particle of the chalk or clay "filling" that crumbles and causes cracks and pinholes in ordinary shades. The colors, of highest grade, are applied by hand; they resist fading by the sun and will not show water spots.

Let us show you the many rich colorings of Brenlin. Let us show you how little it will cost you to shade your windows with beautiful Brenlin.

Ask us for information on how to shade and decorate your windows correctly and give your home a new charm. Let us send a man to measure your windows, help you choose colors, and give you estimates on costs—without obligation to you. Just 'phone.
