

Giants Cease To Lose Games; Macks Winning

NEW YORK, May 12.—(United News)—Jimmy Ring, the pitcher McGraw got from the Phillies, justified the brainy manager's confidence by pitching the battered Giants to a 2 to 1 victory over Hornsby's Cardinals Wednesday afternoon, thereby breaking the Giants' streak of six losses in a row. Three homers accounted for all the runs.

The other streak makers, the

Philadelphia Athletics, continued their sensational spurt, and carried off their ninth game in succession, trouncing the high-flying White Sox 4 to 3 by a gripping tenth-inning finish. The victory put Philadelphia a half game behind Chicago, who are in fourth place in the American league.

Dodgers Up
The Dodgers clinched their hold on first place in the older circuit, and assured themselves of leaving Chicago at the head of the procession, by trimming the Cubs for the second day straight, 2 to 0. McWeeney and Root pitched sensational ball, but the latter, after allowing only one man to pass the initial sack in eight innings, weakened in the ninth, and the winning runs were passed across the platter.

After tying the score in the ninth Cleveland permitted the Yankees to put a run across the plate in the

next inning and win the ball game, 6 to 5. This gave the Yanks undisputed possession of first place, and pushed the Indians to third behind Washington, which won 7 to 4 from the lowly and skidding Browns. Urban Shocker went the route for the Hugen, while the aged Walter Johnson did a similar act for the Senators.

Tigers Ease Off
Cobb's Tigers eased up on their terrific hitting and the Red Sox walked off the diamond with their eighth victory of the young season. The rookie, Wilse, hypnotized Detroit bats and scored his second straight win, allowing only eight hits to the slugging jugglers.

Pete Donohue let Boston down with three hits, and the Cincinnati Reds annexed another game 9 to 1. Three Braves' pitchers failed to hold the Redlegs in check.

The Pirates seem to have found

LANGELL VALLEY

The Langell Valley community club met at their regular meeting place on Saturday night, May 8, with a fairly good crowd in attendance. A good social meeting was enjoyed by all, with plenty of good hot coffee and cake for everyone and some to spare.

The ranchers of the community are all busy getting their land ready for grass and alfalfa, and getting it in shape to irrigate. Everyone seemed to appreciate the moisture that has fallen in the last few days, and no damage has been reported so far to any crops except the fruit, which is believed to be all killed.

Their winning stride. They attacked four Philly pitchers viciously, and came out on the long end of a 11 to 3 score.

The storm was a great help to dry land crops and to the range grass.

George Obenchain and his partner have been busy the last week or so preparing the ground for planting potatoes. They expect to plant about 20 acres of potatoes on the Hoggs place this year, and the storm of the last few days should put the ground in excellent shape for planting. The few showers that we hope to get should assure them a good crop.

NO BUSINESS

Joseph Jackson charged with the theft of auto accessories on the Klamath Indian reservation was given a hearing before U. S. Commissioner Bert C. Thomas yesterday afternoon. He was bound over to the federal grand jury under \$1500 bonds which he could not furnish.

Klamath Falls' Future Is Assured As The Metropolis Of Southern Oregon

City Real Estate Is Good Investment

With the decision of the Interstate Commerce Commission on the railroad development, Klamath Falls is the central figure in the result. Klamath Falls is the center of increased timber working, agricultural development, expansion of dairy industry, growth of lumber mills and factories. The net result will be an increase in population for the city of Klamath Falls.

Increase in the population of Klamath Falls means increase in demand for homes, lots, living quarters. Such is inevitable. Soon this demand will automatically cause an increase in the price of city real estate. Naturally the increase will be greatest on the more desirable pieces of property. Those who buy lots now have the advantage of selecting the best.

Buy a Lot and Build Your Home in Klamath Falls While Prices are Low—Profit By the Increase in Population

\$20 Down and \$5 a Month on \$200 LOTS

\$30 Down and \$7.50 a Month on \$300 LOTS

Home Owning Is Easy Now
Home owning in Klamath Falls is much easier now than it will be in the near future. In fact, prices of lots in close in sub-divisions, with good drainage, fine vistas, naturally attractive settings, and distinctly residence districts, are low in comparison with their desirability and possibilities for enhancement of value.

If you are looking for a community with a future—not a mushroom or a Florida boom—as a place to live and build your home, Klamath Falls offers the ideal. If you are going to work and live in Klamath Falls, why not put your energies and money into a lot to make your lot in life that much better?

\$30 Down and \$7.50 a Month on \$300 LOTS

Klamath Falls is to be the center of a workingman's country. It will be a workingman's town. Why not the workingman take advantage of the opportunity and invest in a lot on which he can build the home that will mean security for the family at low cost. Home owning is easy at such low prices for lots.

Profit By City's Growth

Klamath Falls will grow in population and size and interest from growth in industry, growth in railroad transportation facilities which will put Klamath county timber and lumber products the closest on the Pacific coast to the eastern markets, growth in farming, dairying and manufacturing, and development of natural resources. Klamath Falls is to be the metropolis of Southern Oregon in the center of vast resources which will draw people from every state in the union. They will be wanting homes. Why not have one of your own.

Announcement

I have filed for the Democratic nomination for Assessor of Klamath County, to be voted on at the primaries on May 21st.

I have been a citizen of Klamath Falls 17 years and Klamath County 19 years. As an owner of city property, and also of farm and timber lands I know local values and have had considerable experience in appraising them. I respectfully solicit the support of the citizens of the city and county.
