As the result of an investigation which has been carried on by the board, Carl Bartlett, board clerk, was relieved of his duties at San Francisco yesterday.

State of Siege Is Proclaimed by Pilsudski

These two provinces have been the center of opposition to the Polish regime installed by Marshal Pilsudski, following his successful revolution of the second week of May. It is to control this counter-revolutionary activity that the state of siege was imposed.

It is alleged in the press that German elements in Posen are plotting against the Polish state.
