### **Canadian Workers** In Lumber Given **Increased Wages**

VANCOUVER, B. C., June 29 .-the male minimum wage act has lying section. announced that, commencing November 1, all men engaged in the Collier. lumber industry of British Columbia will be paid a minimum wage

of 40 cents an hour. This decision is expected to do much toward eliminating orientals in the lombering industry.

For the purpose of the order the lumbering industry is defined as including all operations in connection with logging, shingle mills, sawmills, planing mills, box factories, and door factories, pulp and paper plants, veneer works and cooperages.

Figures in the hands of the board show that 24 per cent of the in the lumber industry is given regarding the building of a en route. ander 40 cents an hour and new and modern high school in spent in Klamath Falls, where a that \$50 workers will be benefit- Klamath Falls which will serve to hig celebration is being planned. ed by the new order.
