Two cast-offs, former star moundmen, were beaten in Tuesday's ball games.

Grover Cleveland Alexander, recently sent to St. Louis from Chicago by the water route, pitched shutout ball for eight and a third innings, then allowed the Reds to tie the score and win in the eleventh, 5 to 2. Joe Bush, the former American league star, also turned in a splendid performance, but his opponent, Blake, was just a little better and Chicago won the first game from Pittsburgh 3 to 0. The Pirates came back in the second contest to win 3 to 2, the game being called at the end of the fifth inning by rain.

The St. Louis Browns made it three in a row from the Tigers, winning 5 to 2. Sisler, Fothergill and Hellman poled homers.

In the only other American league game Blankenship blanked the Indians, while the White Sox made eight runs. By virtue of their victory and the Athletics idleness Chicago advanced to second place in the league standing. The Athletics-Boston and Robins-Braves games were called off on account of rain.

# World's Records Are Shattered At A. A. U. Meet

MUNICIPAL STADIUM, Philadelphia, July 6.—(United News)—Two world's records were shattered here on the final day of the A. A. U. senior track and field championships.

The Illinois A. C. and the New York A. C. finished in a tie for first place with 45 points each. The former were awarded the A. A. U. team trophy, having won five first places to three for the Winged Foot club.

New world marks were established by the Newark A. C. in the 440-yard relay and the Boston A. A. in the two-mile relay, and in addition three championship records fell.

To Chet Bowman, John Harwood, Henry Cumming and Louis Clark of the Newark A. C. went the honor of smashing the first world mark, which had stood for five years.

The decathlon championship, the only individual event decided Tuesday, fell to Harold Osborn, the spectacled Illinois A. C. star, who was defending his 1925 title.

Osborn tore a tendon during the pole vault, but had his injured leg bound up and gamely finished the remaining events. H. J. Frieda, Osborn's team mate, was second.

Pressed closely by the fleet quarter of the New York A. C. the Jersey men, each running 110 yards, finished their record breaking quarter mile in 41 6/10 seconds, four-fifths of a second better than the mark set by Wefers, Lovejoy, Ray and Farrell in 1921. It was the brilliant sprinting of Louis Clark, Newark's anchor man, which settled the issue. Jackson V. Scholz, running fourth for New York A. C., put up a gallant but vain chase and finished three yards in the rear.

The greatest race of the day and the one which cost the Wingfoot aggregation its chance for the championship was the two-mile relay in which Lloyd Hahn, the Unicorn anchor man, ran a half mile in 1:51 1/5 and brought a world's record to the Boston A. A. The Unicorn quartet was composed of Charley Sansome, Louis Welch, Sam Martin, the great Dartmouth middle distance runner, and Hahn, who won the mile run in the individual senior championships Monday.

Seattle was traveling and will start a series against San Francisco here Wednesday. The Hollywood team also was on the road from Portland, but will open again at Los Angeles Wednesday.

The Angels now are in place by a margin of seven and one half games over Oakland, the runner up squad.

# GOLF BREAKS UP FAMILY; WIFEY SUES

NEW YORK, July 6.—(United News)—The game of golf figures extensively in the divorce proceedings brought by Mrs. Nova Adolphus Brown of New York and answered with counter charges by Nova himself.

Both Brown and his now unwilling wife are members of Wheatley Hills golf club at Westbury, L. I. Both like golf, but neither approves of the other's "golfing," and that is the chief reason for the charges and countercharges.

Mrs. Brown alleges that her husband broke her golf sticks, successfully ruining one of them on her back; that when a golf stick wasn't handy he used a chair for that purpose, that he shrieked profanity at her as if she'd been a bunkered golf ball instead of a wife.

Brown replies that Mrs. Brown spent so much time on the course she hadn't a minute to sew a button on his golf shirt; that when she was at the club she played hands with some of the men members instead of devoting herself to her golf; and finally, that Mrs. Brown broke the golf club on him.

# American Derby Is to Be Run Next Saturday

CHICAGO, July 6.—(United News)—The revival of the great American Derby, July 31, brings about another inter-sectional clash between thoroughbreds of the east and west.

Among the favorites in the classic \$100,000 event are Crusader, E. L. Riddle's flashy three-year-old, which has been causing a sensation around eastern tracks, and Baggenbaggage, pride of the west, owned by Colonel E. R. Bradley. Both Riddle and Bradley have announced they are sending a stable of 14 horses to the track at Homewood. With Baggenbaggage Colonel Bradley said he was sending Boot to Boot and would expect them to run one-two in the Derby.

The colonel said it was doubtful if he would bring Bubbling Over, the Kentucky Derby winner, as the colt had been thrown out of training temporarily and probably would be shipped to Saratoga, N. Y. from Kentucky.

No sprinter ever succeeded without ALL three. There have been great starters, runners who moved with perfect rhythm and no waste energy, and men who finished with irresistible force. But the CHAMPION has had ALL THREE.

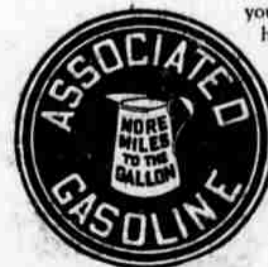

Charley Paddock

Charley Paddock says a champion must have all three start-stride-finish.

Start

Charley Paddock, the world's "fastest human," getting away simultaneously with the crack of the pistol. Paddock is the present holder of 37 out of a possible 46 world's sprint records and the only sprinter to run 100 yards in 9.5 seconds.

These same essentials in perfect co-ordination—quick start, the full stride of power, and force sustained to the very end [finish]—are necessary to good gasoline. Associated, through its distinctive range of boiling points, insures this kind of a performance: no sputter when you step on the starter, no miss when you give her the gas, and always a smooth supply of adequate power from start to finish. That's why Associated is Champion. Associated is always associated with "more miles to the gallon."
