

Percentage Change In Coast League Is Brought About

SAN FRANCISCO, July 19.—(United News)—Although no games were played Monday in the Pacific Coast league, there were some changes in the percentage column because of President Harry Williams' order that the Sacramento-Hollywood game of May 2, protested by Hollywood, be replayed.

The order subtracts one win from Sacramento and a loss from Hollywood, making the official standings as follows:

Teams	W.	L.	Pct.
Los Angeles	64	38	.627
Sacramento	56	48	.538
Oakland	53	49	.520
Mission	53	50	.515
Seattle	52	54	.491
Portland	49	57	.462
Hollywood	48	57	.457
San Francisco	42	64	.396

Most of the circuit's competition centers about the last places in the first division. In series this week the three teams now occupying these berths meet second division clubs. Sacramento will entertain Hollywood; Oakland will meet Portland across the bay and Mission tangles with the Seals in a home and home series here.

lated defense of American debt settlements.

"There is a small rift in the lute of Anglo-American relations today," said Young in leading the attack on American debt settlements. "That rift is due to a small minority in the United States which insists on treatment of the debts on a commercial basis. It is these people who make their ledger their bible and their commercialism their god."

Snowden prefaced his remarks, regarding a Dawes plan for France by criticism of the American debt attitude. He said that the United States would take all the reparations payments obtained from Germany and that not one of the allies would get a penny.

Snowden took up the Franco-British debt settlement and declared that "France will require her Dawes plan, for she seems unable to put her house in order."

Snowden's suggestion of a Dawes plan for France received the immediate endorsement of Grenfell, partner of J. P. Morgan in the English banking house of Morgan, Grenfell and company. Grenfell said that he was beginning to lose hope for France and expressed the belief that a plan similar to the one worked out for Germany would be necessary to resolve the French financial situation.

Walter Runciman, in his reference to the United States, said that "it is possible in the years to come America herself may wish termination of the Anglo-American funding agreement as much as we." He explained that the bullion clause in the agreement was causing some concern in the United States because indefinite payment of bullion into the American treasury might have a disturbing effect on the finances of the United States.

part time comes this evidence will be proved by unimpeachable witnesses.

Mickle described himself as "general assistant to everything and everybody around the First Baptist church."

Persistent questioning of Mickle, who said that he once had been in the United States secret service, elicited the information that there were three principals in the conspiracy.

Mickle, who seemed to be in a high state of excitement, intimated that one of the three was sacrificed.

Shortly before Mickle made his charges the district attorney, R. K. Hanagar, announced that he knew the identity of a "man who was with Chipps shortly before he entered Norris' study." He refused to reveal the name of the man but promised to do so later. This was the first time there had been any hint that Chipps was with any one before he burst into Dr. Norris' study.

Pelicans Drop to Third Place in League Contest

The Klamath Pelicans lost another game to the Ashland ball club by a 3 to 2 score in a return game on Ashland sod Sunday afternoon. The Pelican ship started to sink in the first inning when the Ashlanders galloped across the home plate for five runs, although the local boys tightened up remarkably well when the second tilt opened, and gave Twirler Davidson fine support.

The rival pitchers fought the game until the fifth inning when Matty Mathews, Pelican left fielder, sent a hot one out to the right pasture and made it around to third, where Empire Perkins, whose decisions found little favor with Pelican supporters, ruled him out. After this the Klamath players romped home for three tallies, but were unable to get by the heavy lead gained by Ashland in the opening inning.

Final tally credited Ashland with 6 runs, 7 hits and 1 error, and Klamath with 3 runs, 5 hits and 3 errors. Grants Pass won a decided victory over Medford by a score of 14 to 2, leaving the league standing as follows:

Clubs	W.	L.	Pct.
Ashland	6	3	.666
Medford	5	4	.555
Klamath Falls	4	5	.444
Grants Pass	3	6	.333

Murderers' Row Cuts Loose and Defeats Browns

Murderers' Row, inactive for some time, cut loose in the first inning at Yankee stadium Monday and piled up eight runs before the Browns could put them out. As a result the Yanks won, 11 to 2, and gained a full game over both the Athletics and the Indians.

Detroit fell upon Jack Quinn in the eighth inning, and beat the Mackmen, 5 to 3, while the Senators had one big inning off Miller and won from Cleveland, 4 to 1. "Pipino" Marberry pitched a full game and held the Indians to three hits.

The White Sox nosed out the Red Sox 5 to 4, and moved up into third place, supplanting Cleveland.

The Reds maintained their advantage in the National league, beating Brooklyn 5 to 2, while the Pirates were walloping the Braves, 10 to 4. Meadows holding Boston to seven hits. The Cubs defeated the Giants in a free hitting game, 9 to 5, while the Phillies won a 10 inning contest at St. Louis, 4 to 3.

Indians Complete Three-Day Dance; Many Exhausted

FORT HALL, Idaho, July 19.—(United News)—The beating of tom-toms at the big bend of the Portneuf river has ceased. A half hundred braves of the Shoshone and Blackfoot tribes, their drooping bodies streaked with paint and dirt, have ended a three-day sun dance, once the most cruel of Indian customs.

Since sundown Saturday these braves, the sturdiest of their people, have danced before the totem pole in gratitude for abundant crops. Many have dropped from exhaustion, but the barbarities of the old sun dance have been stripped from the modern version, and the usual fatalities of the celebration were missing.

Formed in a circle about the totem pole, topped by a buffalo skull, the Indians have moved back and forth from the rim of the circle to the center, their bodies swaying, feet stamping and shuffling in peculiar Indian rhythm, their lips parted for weird outcries.

As the dance progressed exhaustion gripped the braves. When the first man dropped it was the signal for a new shrillness in cries of the others, who save their fallen fellow no aid. The weary warrior, after resting where he fell, arose again and went on with the dance.

Tonight the squaws rested from their usual labors during the last three days and ministered busily to the men who had danced themselves into utter weariness. Tomorrow the tribes will feast as the conclusion.

Arthur Tveraa of Minneapolis, Dexter Cummings and Eldridge Robinson of Chicago, were tied for fourth place with 73.

will be avoided. Aside from various technical explanations it is realized that the fundamental reason for the crumbling franc is the political mess and the fact that France, with no money, is faced with stupendous obligations.

Herriot patched up his cabinet after several refusals from prominent politicians who had been asked to participate in the new government. Raymond Poincare, former president, gave his second refusal of the post of minister of finance, having refused Briand in that statesman's last ministry.

Barthou and Sarraut were two others who refused to take part in the Herriot cabinet. The new government to all intents and purposes is much the same group that fell with Herriot in 1925, with a thinly disguised appeal for national union co-operation. The public generally is disgusted with the makeshift group and strongest opposition to Herriot in the senate is regarded as certain.

Great Grain Fire Is Under Control In Wasco County

THE DALLES, July 18.—(United News)—The worst grain fire experienced by Wasco county in years was brought under control at 2 o'clock this morning, after burning over 10,000 acres of grain and pasture land, and consuming between 750 and 800 acres of wheat.

The blaze started yesterday evening from sparks from a freight engine on the O. W. R. and N. tracks at Celilo, a threshing crew who were swimming in the Celilo canal declared. The flames swept by a northeast wind spread at a terrific rate.

Willard Adkison, son of County Judge Adkison, was the heavy loser, 500 acres of his standing and threshed grain being consumed. W. R. Kortge lost a small amount of wheat, several wagons and hundreds of dollars worth of equipment. W. R. Remington lost grain. Mace Fulton lost a house, barn and pasture, and Robert Messinger, pasture. Telephone communication was cut off today due to burned poles.

According to witnesses fires were started at short intervals by sparks from the railroad engine number 2146, eastbound, the entire distance between Cape Horn and Biggs. An undetermined amount of wheat on the ranch of D. M. Goins was destroyed near Biggs.

The Pacific Telephone and Telegraph company suffered a heavy loss in these fires between the seven mile post and Biggs. It was reported today.
