

Canned Heat Party Lands in Prison After Joy Night

Four members of a canned heat drinking party, held within the lofty walls of the Hot Springs court house, are resting this morning in the city jail, having been apprehended yesterday afternoon by Chief of Police Loucks and Officer Mitchell. A milk bottle containing less than a pint of the pink potion which brought about the arrest of the men, is in the hands of the police, the sole remaining evidence not consumed by the canned fuel cooks.

The three men found in the courtroom are Mike Heft, age 45, logger; A. Hanson, 54, laborer; and Bill Maynard, 42, laborer. E. Blanco, a Mexican laborer, and the fourth victim, was found in the Hot Springs addition in the vicinity of the courthouse. The latter, the only one of the group who had money on his person, was discovered with a little over \$15 in his pockets. The hearing will be held at 10 o'clock this morning.

A Low Price Range of High Class Construction

An unusual baker

The oven is so designed and placed as to enable large volume of heat to circulate evenly entirely around the oven. This feature accounts for the splendid baking results for which the Montag ranges are well known.

The wide and shallow Firebox saves fuel

This special Montag feature allows fire from fuel to spread over more area. It places the heat directly under the stove top, which means more heat from the same amount of fuel, and a quick fire.

MONTAG COLONIAL Ranges

Come in and see your new range

It's here on our floors. One of the Montag ranges.

We've arranged to take your old stove as first payment—balance on easy terms.

So you can have a new Montag buffet—in white, gray, blue or "Santone" enamel—to fit the color scheme of your kitchen.

With French cooking top which heats quicker and holds heat longer, steaks, chops, hot-cakes, can be cooked directly on top.

With the Pacific Coast firebox, wide and shallow for fuel economy and better heat distribution. Duplex grates for wood or coal.

Sturdy construction—high grade materials.
