

Higher than Mt. Hood and Mt. Rainier!

The two solid trainloads of Maytag Washers bought by the Pacific Northwest in the last 30 days, if stacked one on top of another, would each make a pile higher than Mt. Hood or Mt. Rainier.

Think of it! Two solid trainloads of Maytags for Washington and Oregon in 30 days. Thousands of Maytag washers, which, if stood one on top of the other, would make two piles, each higher than Mt. Hood or Mt. Rainier—or one pile higher than both these great peaks combined.

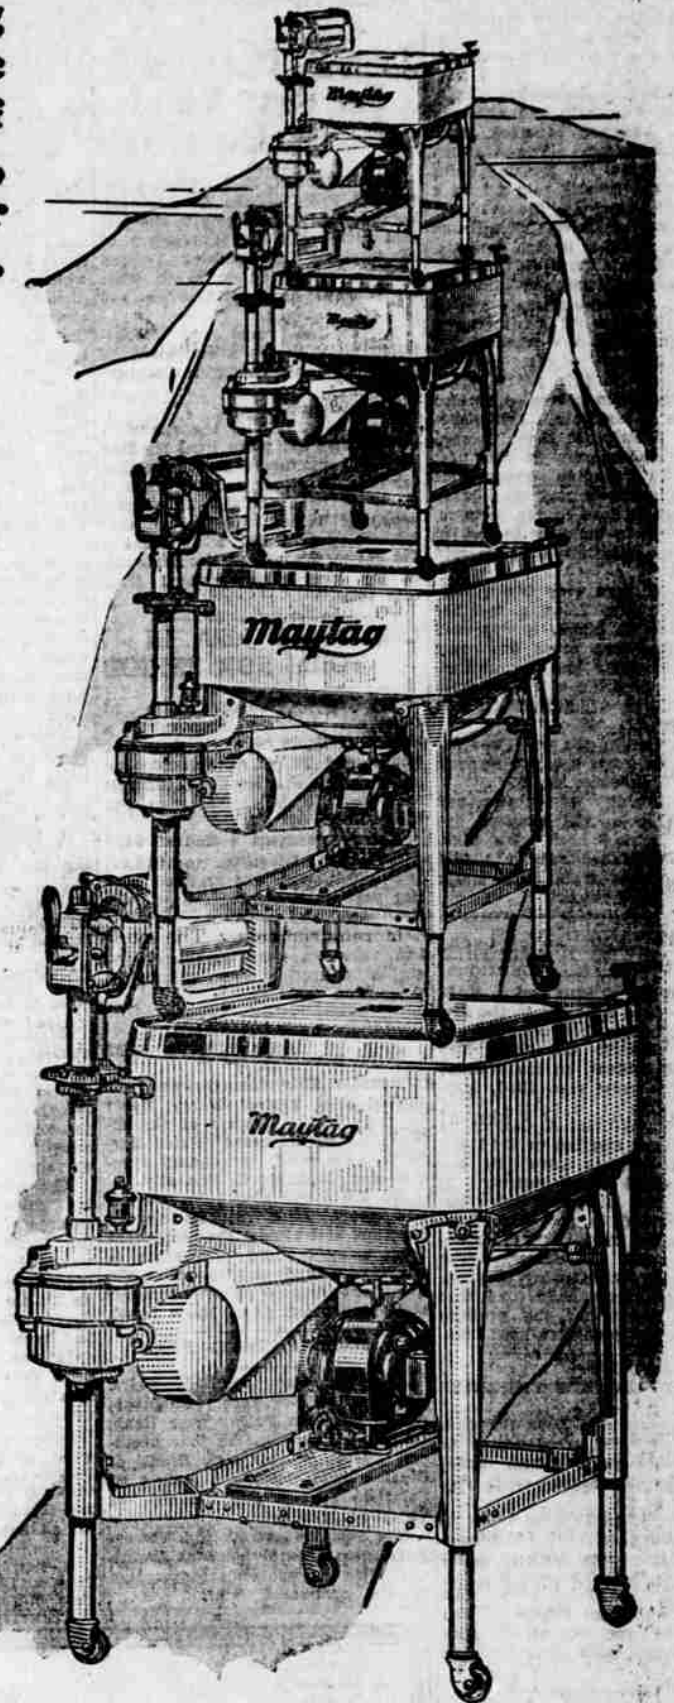

No such sales volume has ever been heard of in the washer industry—Pacific Northwest Maytag sales have broken all records.

The Pacific Northwest demanded this second trainload because housewives here are convinced that the Maytag washes faster—washes cleaner—washes easier.

They have seen the Maytag wash big tubfuls of clothes in 3 to 7 minutes. Have seen the Maytag do a whole washing of 50 pounds of clothes (dry weight) in one short hour! Have seen the Maytag wash everything—even collars, cuffs and wristbands—without handrubbing! Have seen the indestructible aluminum tub without corners or seams to harm the daintiest fabrics.

Phone the Maytag dealer nearest you. Let him deliver a Maytag to your home for use next washday. Then do a washing with the Maytag—wash everything from dainty lingerie to heavy fluff rugs.

You will find the Maytag has many exclusive features not found in other washers that make your washday easier and shorter. If it doesn't sell itself, don't keep it.
