

### Warren Company Is Awarded Two Paving Contracts

After prolonged discussion over alleged irregularities in the bids of the Inland Construction company on two improvement units, the city council last night awarded the Warren Construction company contracts for the paving of units No. 59 and 62, consisting of Pine and Fourth streets respectively.

The Inland Construction company was low bidder on both these projects, with bids of \$6510.98 for No. 59 and \$2620.76 on No. 62, but failed to specify pavement thicknesses in the bid forms.

C. A. Dunn of Dunn & Baker, and Major William Arnold of the Warren company, protested against the Inland company receiving the contracts, on grounds of unfair competition. T. A. Sawney, president, represented the Inland Construction company.

The winning bids of the Warren company, next low under the Inland concern, were \$6850.72 on unit 59, and \$2127.12 on unit 62. The bids call for two-inch bituminous top on a four-inch bitulithic base. The council granted a request from Charles L. Moore to have street grades established on portions of Grand avenue and Canal street for a distance of about 400 feet north to the present pavement on Canal street. Property owners in that vicinity propose to have Dunn & Baker gravel the sections in question, at their own expense.

### Old Friendship Is Renewed Here and Couple Are Wedded

Returning to this city last evening, Mr. and Mrs. Frank W. Sexton will be at home to their friends here at the Arcade apartments, where they have established residence following their wedding at Medford Saturday.

The ceremony was performed in the Methodist Episcopal church at Medford, by the Rev. T. T. Temple. Following the wedding the couple went to Ashland where they spent the week-end.

Mrs. Sexton before her marriage was Louise King Beatty, for the past six years a popular nurse in Salem hospitals. She is a registered nurse and a graduate of the Nurses' Training school at New London, Connecticut. For six years Mrs. Sexton was identified with hospitals in the Panama canal zone.

Mr. and Mrs. Sexton met here recently for the first time in several years. They were formerly friends of long standing the valley. Sexton is well known here where he has been county club leader for several years.

### EUGENE TO VISIT KLAMATH NOV. 7

(Continued from Page One)

of entertainment will be provided for the Eugene guests during their brief stay here.

At least six passenger coaches, a diner and an observation car will comprise the excursion train. Advances from Eugene stated yesterday that residents of Forest Grove have made reservation for two cars on the special. Announcement of the special was made in Eugene at a luncheon where 40 persons signed up for the trip before the meeting adjourned.

Through arrangements made with J. A. Ormandy, general passenger agent for the line at Portland, a round-trip ticket for the excursion can be purchased for \$5, a sum less than one-third the regular fare.

This is not to be a Eugene chamber of commerce trip, although E. Eugene Chadwick, secretary of that group, stated that the excursion will receive co-operation on the part of officials of the organization. The trip has been designed to let business men, clerks in stores and offices who could not get away at any other time than Sunday, have

an opportunity to make a trip over the new scenic railway route and visit Klamath Falls, just now the feature city of Oregon.

It is planned to make the excursion a jubilee event and if present hopes materialize, there will be entertainment provided during the trip by volunteer performers. The brief stop at Odell Lake will give passengers who do not avail themselves of the diner, an opportunity to have a hurried luncheon at that scenic point on the line.

The plan for a Sunday excursion follows industrial trips by Klamath Falls and Portland business men under auspices of the chambers of commerce. It has been suggested at Eugene that the trip be made an annual event. Plans for an over-night trip were discouraged because salaried people who work six days a week would thus not be given a chance to make the excursion.

### Hope Abandoned For Settlement English Strike

LONDON, Oct. 25.—(United News)—Both labor and government Monday admitted that apparent hopelessness of ending the coal strike, which former Premier Lloyd George estimates has cost the British nation \$2,242,000,000 in the last six months.

Called together to pass once more on the regulations instituted when the strike first became effective.
