

Whisky Found on Drunks Arrested At Local Hotel

Thrown out of a local hotel for creating a disturbance about 9 o'clock last night, two Mexicans are in jail here today charged with drunkenness and the possession of liquor.

The foreigners, one of whom calls himself Martin Angel, were arrested by Patrolmen Brown and Howard who were summoned to the scene of the disturbance by the hotel proprietor. The other Mexican refused to give the police his name.

Arresting officers found a suitcase containing a half gallon of whiskey in bottles, in the possession of the Mexicans. Their hearing will be before Judge Garghan this morning.

Empty at one time last week, the city hoosegow is now taxed to its utmost capacity and is occupied principally with anti-Volsteadians. Among those present are James Boyles and A. McLean, arrested yesterday morning near the police station when Patrolman Reed spotted the pair attempting to steer a wobbly course up Fifth street. "Canned heaters" was the officer's terse description.
