

### Shepherd Will Get Fortune from Former Employer

SALT LAKE CITY, Nov. 20.—Maurice Guerracashebarria, a veteran shepherd of Buhl, was rewarded with property valued conservatively at \$100,000 for many years of faithful service by Frank A. Triguero, his employer, a few hours before the latter gave up the struggle for life at Twin Falls General hospital the evening of October 7, says a Twin Falls dispatch.

Triguero, for forty years a prominent sheepman of southern Idaho, arranged through a bill of sale, assignment and deed that his Basque friend should fall heir to an estate that lifts him from the ranks of poverty to a life of ease.

Guerracashebarria becomes the owner of 2400 head of sheep, 550 acres of fertile land, 29,000 pounds of wool, twenty-two head of horses and males and seventeen head of cattle.

### PERSONALS

Monte Hamaker, well known Klamath Falls garage man, is ill at the family residence suffering from a severe attack of neuralgia. He was reported improved yesterday.

H. J. Tichnor, president of the federated board, was in Klamath Falls for a few hours yesterday afternoon from his ranch in the Langell's Valley country.

Miss Anna Mae Johnston and Miss Helen Horan, teachers in the Fremont school, left yesterday morning for Pine Ridge, where they will spend the week-end visiting with Miss Horan's parents. Horan is manager of the Forest Lumber company at Pine Ridge.

Mrs. Fred Veal, accompanied by her daughter and son-in-law, Mr. and Mrs. Albert Epperly of Albany, visited with Mr. and Mrs. George Wirtz Friday and Saturday. Epperly spent his time hunting in the Tule Lake and Klamath lake country. The party is enroute to southern California for an extended visit.

Mrs. Frank Mills is reported as improved at her residence on High street, following a week's severe illness suffering from an attack of tonsillitis.

Mrs. Roy L. Patrick and infant daughter, Peggy Anne, have returned to their home on Ninth street. Mrs. Patrick will be remembered as Phyllis Patison. Her mother, Mrs. James Patison of Corvallis, is spending a fortnight here visiting her daughter.

Jim Hilton, deputy sheriff, has returned to Klamath Falls after making a visit to Sacramento, returning with Henry Exline, escaped Klamath county prisoner.

Martin Ramsby, Tom Deizell, Paul Foster and Johnny Johnson, who spent the past week-end at O. A. C., attending Home-Coming and the O. A. C. Oregon game, are expected to return home tonight from the valley city.

Mr. and Mrs. A. A. McMasters, who have been the house guests of Mr. and Mrs. Roy F. Durbin of Pacific Terrace, for the past week, are leaving this morning for their home in Marshfield. Mrs. McMasters and Mrs. Durbin are sisters.

Theodore J. Bryant of San Francisco is in Klamath Falls for several days visiting in the city with his daughter, Mrs. Robert Quick, and other friends and relatives. Bryant is a former resident of Klamath Falls.

Miss Marellyn Bradford, daughter of Mr. and Mrs. Louis Bradford, is spending the week-end in Eugene visiting with friends. She is expected to return this afternoon on the train.

James Howie has returned from Portland, arriving in Klamath Falls Friday, following a week's business and pleasure trip in Portland in the interests of his affairs there.

Mr. and Mrs. James Blair, accompanied by Mrs. L. L. Stein, have returned to Klamath Falls from Oakland, California, where they have spent the past fortnight visiting with Mrs. Blair's parents. The Blairs were former owners of the Empire hotel.

H. P. Blanton of Merrill, principal of the Merrill grade schools, was a business visitor in Klamath Falls yesterday afternoon for a few hours.

Among the out of town teachers who spent some time in the office of Fred Peterson, county school superintendent, yesterday afternoon was Lester Turnbaugh, principal of the Merrill high school.

Mr. and Mrs. Jacques J. Steiger, Jr., left yesterday at six o'clock for Medford where they will spend the week-end visiting with Mr. and Mrs. Selger, St., of the valley city.

Miss Bertha Peltz and her brother, Harry Peltz, daughter and son of Mr. and Mrs. H. E. Peltz, of

### Yes, Benito, We Know How 'Tis!

Walnut street, are expected to arrive in Klamath Falls from Oregon Agricultural College on Wednesday evening to enjoy the Thanksgiving holidays. They will remain over the week-end.

Illinois, is believed to be gathering for an attack.

Where it will be authorities have no way of knowing.

The three Shelton brothers are in jail, Earl and Carl at Peoria and Bernard at Bloomington—but their gang continues to operate. Sheriff Dorris said. When the three brothers were arrested for participation in the Collinsville mail robbery leadership was assigned to close friends of the Sheltons and the gang is just as potent as ever, Dorris said.

### HEALTH OF TEACHERS CHILDREN EXCELLENT

(Continued from Page One)

believe all the men and women who hold jurisdiction in the school rooms of Klamath county are. It is but a step to safeguard the pupils, as well as are the examination of pupils a step to safeguard the health of our teachers. I believe we are the first county in the state to follow the rules provided by the board of health.

The first step toward examining high school students in the county was taken last Friday afternoon when the eight high school girls of the Henley district were examined. The examination includes, footprints for flat feet, and the eyes, lungs, ears, nose, throat and heart.

Girls who are inclined to be athletic, and who turn out for basketball, volley ball and other sports, are examined carefully.

"There is as fine a bunch of girls at Henley high school as I have

ever examined," Dr. Newsom stated yesterday.

Examination of Klamath county high school girls will start Monday morning and every high school in the county, no matter how remote, will have students and teachers thoroughly examined.

### PORTLAND HIT BY WIND IN EAST PART OF CITY

PORTLAND, Nov. 20—(U. P.)—While the east wind continued to sweep down on the eastern part of the city with unabated fury Saturday, the weather men held out hope for relief from the threatened all-weather, by predicting a slight rise in temperature for Sunday and Monday, though qualified with the statement that weather conditions were unsettled and would probably continue that way for the next two days.

To read The Klamath News day after day is to keep thoroughly informed on happenings of importance throughout the world as well as in Klamath Falls and vicinity.

### Mexican - Nicaragua Situation Alarms Senators of U. S.

WASHINGTON, Nov. 20—(United News)—Rumors of disunity in the Mexican-Nicaraguan situation appeared tonight to presage senatorial action to develop all the facts on United State-Central American relations.

Shortly after Senator Wheeler, democrat, Montana, had announced his intention of introducing a resolution for investigation, Senator Norris, republican, Nebraska, issued a statement demanding that the "mask of secrecy be torn from recent negotiations" between the United States and Mexico and other southern government.

Norris' view was accepted by other senate international authorities, who privately supported the movement for a senate inquiry.

Chairman Borah of the senate foreign committee, and Senators Hiram Johnson, republican, California, and Walsh, democrat, Montana, are understood to favor any action which would change present administration policies toward southern republics.

### RAILROADS, STEAMERS IN GRIP OF BIG STORM

(Continued From Page One)

were damaged. Veteran lake seamen said the present storm exceeded anything on record.

Inland cities in Minnesota reported snowdrifts that reached depths of six to eight feet. Temperatures ranged from zero at Calgary, in Canada, to 26 degrees above in southern Illinois.

Several railroads throughout the middle western states reported trains running far behind schedule, due to the huge snow embankments.

Wire communication was greatly impaired, particularly in the northwest where telephone poles were blown down and buried in the deep drifts. Linemen suffered great hardship in tramping through the vast snowfields in search of their broken equipment.

Don't forget to visit Bee Begin's sale today and pick up some of the bargains. 129 So. 7th St.

**DR. LUCAS SAYS:**

What is strength? Certainly not long hair. Sampson without healthy nerves and superb muscles may have been a weakling. Strength is really nerve health. For nerve health Make Chiropractic Your Habit.

A carload of Sulphur arrived in Klamath Falls on November 10th.

Sulphur will increase your alfalfa yields on all light or sandy soils.

On recent tests it has shown a remarkable increase in potato yields.

To secure the best results from three to six hundred pounds of sulphur to the acre should be sown.

To get the best results a special sulphur spreader should be used. I handle the Multinoma Sulphur Spreader that is well adapted to this use.

DONT' FORGET that carload of Manure Spreaders. I am continuing the \$182.00 price for the machine knocked down until the first of the year.

The Moline No. 100 Spreader is the best on the market at any price. Let us fix you up with one this fall.

**What Is A Savings Account?**

A Savings Account is the ideal form of investment from the personal point of view, because it is safe, for it is not subject to fire or theft and is secured by the investments of a trained expert closely guarded by law; because it is simple, for it requires no special knowledge, and because it is elastic, for it can be expanded or contracted at your will.

It is a wise investment from a broader point of view, because it provides a means for upbuilding of the industries of Klamath County, and the construction of our homes, so essential to the welfare of any community.

Save—yes, but save and invest wisely in a savings account in this strong bank.

**WOMAN and the McCormick-Deering**

Primrose

**Ball-Bearing Cream Separator**

On a vast number of farms in the United States the ease and profit and satisfaction in dairying have been increased by investment in the McCormick-Deering Primrose cream separator—the efficient, modern, ball-bearing machine. Ask the women; they know.

Three times out of four, women govern the choice of cream separators on the farm. That helps explain the sweeping popularity of the McCormick-Deering Primrose. The women have learned that the Primrose is easy to clean, easy to keep sweet and sanitary. It is simple and durable. It is wonderfully easy to run. It is the ball-bearing separator.

Primrose skims wonderfully close and it saves for you all the cream profit. It is a quality product made by the Harvester Company and sold and serviced by us in this community. We invite you to see this separator at our store.
