

Uncle Sam Files Income Liens in Chaplin Estate

LOS ANGELES, Jan. 17, (U. N.)—More troubles came tumbling down on the slight shoulders of Charlie Chaplin, film comedian, Monday.

On top of the divorce suit filed against Chaplin by Lita Grey Chaplin, his young wife, the government filed six income liens in federal court here to collect approximately \$1,073,000 alleged to be due on incorrect income tax returns filed by the famous screen actor.

The internal revenue department, through Collector Welch, charges that Chaplin failed to account for all his earnings during the years 1918, 1919, 1921, 1922, 1923 and 1924.

Another development in the case followed the appearance in superior court of Mrs. Chaplin. She was granted \$4,000 a month temporary alimony and \$4,000 attorney's fees pending trial of her sensational suit for divorce.

Famous Musician Dies a Derelict

DENVER, Jan. 17, (U. N.)—Sorrow has descended upon the long line of shambled shacks that dot the viaduct section here—the homes of derelicts.

No longer will the strains from the "Lost Chord" and other operatic melodies come from one of the most dilapidated and crude structures.

John Olson, 50, once the toast of dignified New York music lovers, is dead.

Twenty years ago with his costly violin under his arm, he sought recognition in the east. He was given a trial with the New York symphony orchestra and almost overnight leaped to success. Later his rise was complete when he was engaged by the Metropolitan Opera company.

Then came temptation, wealth and luxury. Feted and dined, he acquired a habit for strong drink. As rapidly as he had risen to the musical heights, he descended to the depths.

He came west and obtained a position as orchestra leader. Here again he thrilled thousands by his quivering bow.

Later he succumbed to intoxicants and never regained a place in the musical world.

In direct contrast with his early bawdy days, death came to Olson in the rear of the tiny shack in which he lived as a result of imbibing too freely of canned heat. Friends found him moaning and sobbing pleadingly for his violin.

Before it could be obtained Olson was dead.

Unless a brother, Joseph Olson, living somewhere in California, is located, the once famous violinist will be buried in Potter's field, authorities said today.

Complications in Rail Consolidation

ST. PAUL, Minn., Jan. 17, (U. N.)—Legal complications today interposed themselves in the proposed consolidation of the Great Northern, Northern Pacific and Burlington railroads.

Railroad attorneys raised the question of the charter specifications of the railroad companies as opposed to the power of the interstate commerce commission.

The Northern Pacific is chartered under the laws of Wisconsin, which prohibit a carrier corporation from merging with any other competing company. Although it is generally conceded that the commission has regulatory powers higher than that of a state, the question has been raised whether the commission can give to a corporation a power which it does not have in its charter.

ANDREW MORENO

Andrew Moreno, aged 22, passed away Sunday morning near Sprague River while enroute to Klamath Falls where he was being moved to a hospital for medical attention. The remains are at the Earl Whitlock funeral home, where friends may call. Arrangements for the funeral are pending receipt of word from relatives in California.

UTAH BACKS OUT SIX STATE PACT

SALT LAKE CITY, Jan. 17, (U. N.)—The senate of the state legislature today unanimously passed a bill which would repeal Utah's ratification of the six state Colorado river compact.

Her Worst Worry Ended for a Dime!

A Body Sweetness that Even Perspiration Can't Spoil

All the trick laxatives in the world can't tempt people who understand the properties of cascara.

A hundred different drugs will purge the bowels, but a little natural cascara purifies the system clear through. Cleanses even the pores of your skin. Renders perspiration as inoffensive as so much dew!

Your grandparents took "salts" and slowly washed away the mucous membrane with the waste! Mineral oils are better, but they leave the coating that your blood must carry off through the pores. But when you cascade the system, you get rid of all the poisons by normal muscular action of the bowels.

Don't get in the habit of taking medicine for constipation—or even for auto-intoxication. If you have the habit, stop it. A candy cascara is a delightful form in which to take cascara: children love them and the taste tempts most grown-ups to "take more." And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warmest weather! Try a cascara tonight! All druggists, 10c and 25c.—Adv.

"WHAT A JOY it was to find such an aid to utter cleanliness! My system is so purified, perspiration doesn't stain my garments and I just forget self now, after I've taken one or two—"

King You!

You live better than any of the kings of old. Where you switch on the electric light, he had a smoky torch. You go to bed on springs—his couch rested on planks. A few overworked minstrels were the best he could get together when he wanted music. You turn a dial and a great symphony fills the room. And today, a thin copper wire carries more power than his scepter ever boasted.

You have a thousand kingly comforts that the emperors of distant days never knew. To what magic power should you offer thanks? Turn the pages of this paper to the advertisements!

ADVERTISING tells you about each new invention, every improved product that comes on the market. It describes what these new products will do, where to get them, and just how much you should pay for each one. It helps you purchase wisely and economically. Through it you hear—far sooner than the fastest courier of ancient times—what's new!
