"SILENT SHELDON" IS HIGH CLASS WESTERN

The whirlwind Western starring Jack Perrin, shows at the Liberty Theatre tonight.

For "Silent Sheldon," which possesses a good sense of comedy and a high sense of melodrama, is played against a background of mountain beauty which makes you feel the vigor and the cleanness of wide, unfettered spaces, just to look at it. And besides this, and the excellent photography which records it, there is also some of the finest riding that this reviewer remembers seeing on the screen.

The story revolves around Jack Sheldon (played by Jack Perrin), a young man who, after jolting lazily all his life in the satin lap of luxury, is suddenly confronted, while breakfasting in bed, by a telegram which informs him tersely and to the point that he is absolutely penniless except for a ranch in Arizona.
