Dorris Residents Urge Completion Of Projected Road

On Tuesday, May 3, the following delegations journeyed to Yreka: Dorris chamber: Fred Jasmann, A. N. McDonald, Robert Olsen, John F. Wise, Ivan Kesterson, A. P. Heup, Irving Kesterson, and William Dexter. Macdoel chamber: Mr. Nelson, Mr. Russell, and Mr. Doran. Weed: Carl Phelps and Mr. Niemeier. The above appeared before the board to urge immediate preparations for construction of the unfinished portions of the Oregon state line to Weed road. The Dorris delegation with the support of the Macdoel delegations, presented a petition to the board for a change of the road from Dorris to the state line, to connect up with the market road from Midland to state line. This petition was accepted by the board and the following viewers appointed by our supervisor, Mr. Rohrer, Fred Jasmann from Dorris and A. M. Gilmer from Bacdoel, these two viewers with the county engineer will view this proposed new 4½ miles of road from Dorris to the Oregon state line in the very near future.

It was agreed that Chairman Lee of the board of supervisors get immediately in touch with the state highway engineer of Redding and endeavor to have him come up and go over the proposed change of road with the county engineer and the viewers, so that this piece of road when located would have the approval of the state highway engineer.

J. F. Wise of Dorris, in presenting the petition to the board explained to them, with the aid of a map, the advantages of this new road, in reducing the present 17 per cent grade of Otey Hill at Dorris to a maximum of 6 per cent grade and also eliminating all grade railroad crossings between Dorris and the Oregon line, by routing the road out of Dorris over the top of the tunnel in going over Otey Hill.

Fred Jasmann of Dorris then urged upon the board the urgent necessity of having this connection with the Oregon state line constructed at the earliest possible time, so that there would be at least one outlet assured to Butte valley for next winter, which in the past has been isolated, as far as road travel is concerned. He also urged the board to construct the impassable portions of the road between Dorris and Weed so that this valley would have a much needed outlet south, as well as opening a connection for the states north of us over the Dalles-California highway through Klamath Falls into California over a much shorter route.

Harry Nelson of Macdoel, ably supported this road construction and urged prompt action on the part of the board.

Carl Phelps of Weed, main warhorse on this road need, impressed the board with the importance of quick action towards the completion of this road.

The board admitted the need of this entire road and the importance of it and promised to do as much on this road this summer as funds will be available from the county.

Mr. Rohrer, supervisor of this district, told the committee that was fully aware of our road needs and that he would do all his road funds would permit him on this road as soon as possible and assured the committee that he was for the road.

The delegations feel that good results will follow for this valley from this meeting with the supervisors and that in the not far distant future we will see a great deal of automobile travel through this valley, both from the north and south, to the benefit of all concerned.

THRILLING RAID IS STAGED BY POLICE

(Continued from Page One)

crowds which jammed Moorgate street from the Bank of England for an entire block.

After the police had been in the building a half hour they began escorting girls and young men clerks to the streets. These were allowed to go their way. None of the soviet officials appeared. The police declined to say whether any of them were being detained.

Russian Protests

LONDON, May 12, (A.P.)—A. P. Rosengolz, Russian charge d'affaires in London, accompanied by First Secretary D. V. Bogomolov, went to the foreign office tonight in order to present to Sir Austen Chamberlain, foreign secretary, a protest against the raid conducted by police this afternoon on Argos House, the headquarters of the soviet trade delegation.

ACTRESS TELLS OF BARE FIST MURDER

(Continued from Page One)

neys announced the actress would respond within a few minutes.

The long anticipated appearance of Miss Mackaye on the stand came with a dramatic gesture on the part of the state.

The trial was expected to reach a sensational climax tomorrow, when Miss Mackaye resumes the stand for questioning on an alleged plot to conceal circumstance surrounding Raymond's death.

THIEF CLAIMED HE FELL IN LOVE WITH FIDDLE AND TOOK IT

CHICAGO, Ill., May 12, (A.P.)—Herman Schevill, 25, of Boston, says he fell in love in Los Angeles, a couple of months ago with the tone of a violin played at a concert by Efraim Zimbalist and that was why he stole it. The violin made in 1743 by Guadagnini, is valued at $10,000. It was recovered and Schevill was arrested when he tried to sell it.

RESIDENTS FIGHT TO STOP FLOODS

(Continued from Page One)

earlier this week "if it goes out it will go out with us on top of it."

While outside the area plans have gone forward for relief in event of a crevasse, the citizens have declared they would hold back the floodwaters. A rescue fleet has been concentrated at strategic points.

A crevasse at the threatened dyke within the next 24 hours would cause much of the flood waters from the Arkansas breaks and the winter quarter and Cabin Teele crevasses to be diverted down the Atchafalaya basin, bringing some relief to Mississippi river levees.

Small Pox Feared

A small pox epidemic in the Bouef river section of northeast Louisiana was feared by Red Cross relief workers. Miss Winifred Callahan, a Red Cross worker, reported that twenty cases of small pox were discovered by rescue workers in the Bouef river section, but all cases were in one house where negroes were marooned. The victims were isolated and placed under medical care. The thousand small pox vaccine points and 10,000 units of typhoid serum were taken to the area by Miss Callahan today.

Rising waters from the Cabin Teele and winter quarter crevasses necessitated evacuations of all refugees concentrated at Jonesville. Boats were available to remove them to Harrisonburg, Sicily Island and Rhinehardt.

The crest of the flood was along the lower edge of Madison parish today and moving slowly toward Old river, where it is expected between May 20 and May 25.

From Angola south, thousands continued to strengthen the levees in preparation for the final assault of the Mississippi as the flood from crevasses north of there return to the stream by way of the Old river

'THE BIG EVENT'
HAPPENS FRIDAY, MAY 20TH

Paisley Youth is Killed by Truck

Tom Foster, 22 year old son of Mr. and Mrs. Ralph Foster of Summer lake, was instantly killed a week ago, Thursday afternoon, near the family home, when a truck in which he was riding with William Nyberg, son of the contractor, tipped over on the highway. Nyberg was driving and apparently at a slow rate of speed and the truck turned over on its side when driven close to the edge in the soft dirt.

Foster fell from his seat, or tried to jump, which is more probable, since the truck had heavy iron doors which should have protected him. The truck cab fell on Foster, breaking his neck and crushing him internally. Nyberg clung to the steering wheel and was only badly shaken up.

Funeral services were held from the family home Friday, where the family and friends of the young man attended to pay last respects.

PLAN OF WOOD IS SCORED BY SENATOR

MANILA, May 12, (AP)—Manuel Quezon, president of the Philippine senate, declared Governor General Wood's recently announced determination to sell government controlled enterprises in the islands was "without lawful authorization" and is "the most absolute despotism," in a statement issued today.

—This is positively guaranteed to be the only picture made in which the hero, at a crucial moment, fails to "Come Through!"

AT THE **LIBERTY** THEATRE

Tonight is the last Showing of

"Hell's Four Hundred"

An unusual story of a "Gold Digger's" search for Happiness.

DIOGENES, COME TO KLAMATH AND BLOW OUT YOUR LANTERN

"Page Diogenes, that old boy who trotted around with a prehistoric lantern looking for an honest man!"

Early Wednesday afternoon the small roadster belonging to I. N. Stewart of the state highway shops was parked in front of the court house. When returning to the car Stewart found a note which read:

"Damages were done to your rear lamp bracket by a client of mine, please call at my office so that damages can be paid. E. L. Elliot!"

Upon examination, Stewart found the rear light and license of his Ford smashed, and the honest client, E. L. Hopkins, of Midland, happily paid the slight damages through his attorney.
